Newsletters in 1886
Geo. P. Rowell & Co., of New York
will issue on Monday, May 22nd, the
tenth Annual edition of their
publication, the "American News-
paper Directory."

The new volume contains an ex-
tensive list of all Class Publications
carefully arranged that any one
three thousand papers represent-
ing all the newspapers of the
country can be readily referred to and
important facts concerning it, and
with its circulation rating, easily ob-
tained.
The Newspaper Directory will
principally by publishers, Advertis-
ing Agents, but the fund of information it contains is
valuable to persons of almost any
trade and profession. As a Guide
alone it is well worth the price of
\$5.00, for it fully describes every
in which a newspaper is issued, and
people care to know about any
where one is not.
The number of papers published
in the United States. Territories (ex-
cluding Alaska) and Canada is put at
an increase of 581 in one year.
The growth of newspapers in the
Western States would be a matter
of wonder, if it were not that this
is no exception to the rule. In the
increase is 89 and in Nebraska
while the Keystone State shows a
er advance of 35 and in Buckeye
show of 30. Pennsylvania shows
the largest increase in dailies,
Kansas in weeklies, 81, and New
in monthlies, 42. Seven States show
decrease: The most prominent in-
crease being New Hampshire and Virginia,
each. The whole volume shows
great care has been taken to sustain
reputation as the most complete
work of the kind yet published, and
insure accuracy in every detail. It
thing less a complete compendium
American newspapers and periodicals
would surprise those who are familiar
with the former efforts of this firm
are so well known as the oldest, largest
and best known of all the American
advertising Agencies.
