CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a similar vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh Asthma and all throat and Lung Affections also a positive and radical cure for nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this receipt, in German, French or English, with full directions for preparing and using. Send by mail by advertising with stamp naming this paper W. A. RUTLEDGE, Proprietor, Markdale, Ont. N.B.—140 Front Street, New York, N. Y. 234-55 R. O. W.

PREPARATIONS are being made for a "big time" in Markdale on the 24th. We cannot give particulars this week but something interest may be expected.

THE Ladies of the Methodist Church are making vigorous preparations for their annual Bazaar and Concert on the Queen's Birthday of which further particulars will be given later.

As the season is now opened for the sale of Bacon, Benson of the Belfast house is to the fore with a few cases; remember he will not be undersold by any one in the trade and if there is a cut to be given they are the boys that will give it to you, they are decent little chaps.

To the farmers and the public generally—Consult your interests and purchase your Buggies, Democarts &c., from W. Mason's Carriage Works where you can get a first class article with a written guarantee, as cheap as you can buy factory make rigs from Agents. Be loyal and support home industry.

CARD OF THANKS.—J. H. Carson, Implement Agent, returns thanks in this paper for past favors and may be found in his new premises opposite McNally's Carriage Works with a full line of Farm Implements, and Machinery. Mr. Carson is pushing his business this season with energy, and will doubtless secure an increasing patronage.

MR. ARCH. MCINTYRE of Euphrasia while on his way to Holland Centre one evening last week was unable to cross Allen's "sink hole" navigation being opened and he without a boat; he turned back and secured lodging for the night with Mr. John McNally a neighbour, and took another road in the morning, some three miles out of his way. If he had been a subscriber of the Standard he would have known about the HORRIBLE FIT.

Davis is to the front, with a new brand of oat meal, the steel cut, try it once and you will use no other, also a fine brand of Corn Meal just to hand, in fact anything in the Provision line may be procured at Davis' at prices which cannot be beaten, and if the trade mean to cut prices, he ain't like a fellow that can't stay with them.

Dr. Jua's Medicine should be used by every one at this season of the year as it is the best blood purifier in the market and will reinvigorate the frame and prepare it to bear the heats of summer. The pills are justly called the "Little Gems" as they operate without causing either griping or pain and are a sure cure for nervousness, biliousness and other affections of the Liver and Kidneys. Buy them and try them and you won't regret your investment. Sold by Turner & Co., Markdale.

WEDDING BLISS.—Married on April 6th, in Christ Church, Brampton, by Rev. C. C. Johnson, Mr. Joseph T. Joyce, late of Markdale, to Miss Cecilia, youngest daughter of James Nelson, Esq., all of Drampton. The bride who was given away by her father, was attired in a very neat and pretty traveling suit. After partaking of dinner, the happy pair left for the east on their wedding tour. They will spend a few days among their friends in Brampton before going to Michigan, where they intend making their home. The presents were numerous and costly.

STRUCK BY LIGHTNING.—During the storm last Monday afternoon the lightning struck and burned the barn of Mr. Ledingham, townline of Holland and Glenelg. Two of Mr. Ledingham's sons were in the underground stables at the time, the lightning fluid passed down the wall within a few feet of where they were standing. They were considerably stunned. Several head of horses and cattle were in the stable at the time, but were all rescued, except three spring calves. There was a large quantity of hay and grain consumed. The barn was a double one, and was the most complete stock-barn in that section of the country and served as a land-mark for many miles around, being situated on an eminence which overlooked an extensive district of the surrounding neighborhood. The building was insured but what amount we have not learned.

TAMARAC.—It is an ordinary mixture. In fact its properties are entirely different from any preparation used for Coughs, Colds, Throat and Lung Troubles.

RUNAWAY.—On Wednesday morning a son of Colman Day of Glenelg drove into town with a pair of young horses and democrat wagon; his mother was with him in the rig and when he drove up to Hill's store the pole dropped causing the colts to run and kick; the pole ran into the ground breaking it off. The old lady was pitched out but not seriously hurt. The young man managed the team in a remarkable clever manner bringing them to a stand-still before going far and with no damage or injury more than that mentioned above.

A copy of the Canadian Horticulturist for May, and the Report of the Fruit Growers' Association for 1886, has just come to hand. This is the only monthly magazine on the continent devoted wholly to the interest of Canadian Fruit Growers. It is edited by a practical fruit grower, and has no connection or interest in any nursery. Our Canadian farmers will find in it wholly unbiased opinions regarding the merits of new and old fruits, instructions in fruit culture, and the best modes of marketing the same, hints on floriculture, lawn decoration, etc. Every number has a beautiful colored plate as a frontispiece, and numerous illustrations. The number for May contains a list of insecticides and fungicides which is almost useful at this season of the year. The subscription price is \$1 per annum, which includes membership of the association a copy of its annual report, and a share in the distribution of plants, in addition to the magazine, and may begin any month. To introduce the magazine, and increase its usefulness, the editor offers to send it for eight months from May, to new subscribers, for 50c. Address L. Woolverton, Sec. Fruit Growers Association of Ontario, Grimsby, Ont.

Be it known to the public of Markdale that we have assumed the name of the Markdale Star Base Ball Club. That we are prepared to accept and tender challenges.

NOTE.—Any person or persons desirous of becoming a member and of helping the boys can do so by leaving a 25 cent bit with the sec., treas. In doing so he will have the privilege of a catch behind the bat, hable any moment to be paid in full in the shape of a beautiful mahogany colored left eye or a knock out finger. Come and try it.

A reply to a letter of enquiry re Stallion Pedigree's from a horse man.
Toronto April 18th 1887.

DEAR SIR.—Yours of 8th to hand. Pedigree of horse published on season bills, if they do not give numbers and the name of the Stud book they are recorded in, also if they do not give the name and recorded number of dam, should be looked at with great caution as many of them are very incorrect and misleading running back through sire only as many of them do without giving dam, all horses travelling should be recorded and have certificate and number.

Signed
H. WADE,
Sec. Agricultural and Arts Association.
