MARKDALE, JUNE. 2. 1887.

## IMPORTANCE OF THE PRESS.

The management of the Toronto Industrial Exhibition are always open for improvements. and have in the past shown rare tact and judgement in conducting the business in connection with that show which is now the greatest annual attraction in the Dominion.

A meeting of representatives of the Toronto daily papers was held in the rooms of the Dominion and Industrial Exhibition last week to consider the question of the erection of a building for the accommodation of the press on the Exhibition grounds. The Exhibition Committee considered such a building a desirable thing and invited those most interested to suggest what would be required. A building, some 30 x 75 feet, to include separated rooms for the Toronto dailies a large room with desks for visiting journalists a restaurant, lavatory and other essentials was recommended, and the Exhibition architect will be instructed to design a building which will meet these requirements. Mr. H. J. Hill, the manager and Secretary, also announced that the Exhibition Committee purposed giving a dinner to the press on September 13.

## COMMERCIAL UNION.

This question of Commercial Union or Reciprocity, between Canada and the United States is one which will affect in a greater or less extent every citizen of our Dominion, and we are not surprised to see it occupy a prominent place in all our daily and other leading papers. Farmers' Institutes are holding meetings in various parts of the provinces discuss the pros and cons of the question and very properly to. North Grey Farmers' Institute will hold a meeting in Owen Sound tomorrow, June 3rd and Centre Grey at Rocklyn on Friday the 10th.

It is a matter not only of National importance but one which will affect every individual and it is hoped there will be a large attendance at above meetings.

## EDITORIAL NOTES.

SIR ALEXANDER CAMPBELL entered upon his duties as Lieut.-Governor of Ontario on the first June.

The first regular passenger train was run from London to Woodstock on the new line last Monday.

The stables of the street car Co. in New York were burned last week together with twelve hundred horses, also a number of tenement houses,

The Dominion Senate adopted an address on Monday, congratulating the Queen upon attaining to the fiftieth year of her reign.

It is estimated that the recent forest fires in the Northern Peninsula of the State of Michigan have caused total loss of Seven million dollars. Eight lives are known to be lost.

Twenty-seven miles of the Northern Pacific Railway extension from Grand Forks to the Canadian boundary have already been graded, and Pembina will be reached by next November.

The fifty-eight annual session of the Orange Grand Lodge, embracing within its jurisdiction the Dominion, Newfoundland and the Bermudas, with a total of 1,226 lodges and a membership of about 150,000, met on Tuesday in Belleville.

The work of digging the foundation of the new Canadian Pacific railway station in Montreal was commenced on Saturday, and tenders for the building will be called for immediately. The bridge at Lacine is expected to be completed by Dominion Day.

The government was sustained by a majority of 49 on the Manitoba disallowance vote last week.

Edward Hanlan was beaten by Jake Gaudaur, formerly of Canada but now of St. Louis, at Chicago last Monday. The race was a hard one and the contest exciting, and was for \$5,000 a side and for the championship of America.

The Bricklayers of Toronto threaten to go on strike in order to secure an advance of half a cent per hour in their wages, or five cents per day of ten hours. If the strike lasts a week, and they then secure their terms, they will have to work over a year and a quarter before they will have made up for the time lost in striking. The Knights of Labor deprecate strikes, and declare they should only be a last resort to secure a greater benefit.

Lord Landsdowne's reception on his return to Ottawa was a most brilliant and successful affair, far eclipsing the expectations of those who made the arrangements. Over ten thousand people were assembled in Cartier square, where the formal reception ceremonies took place. His Excellency also received an enthusiastic greeting at Perth on his way to the Capital, being met at the station by a gathering of five thousand people and presented with an address of welcome.
