ACCIDENT.—On Saturday last Mr. B. Coleman had been for a drive with a young horse and buggy, and when returning, his two little girls aged 6 and 4 years met him at the gate for a ride. They all rode to the barn and while unhitching, the girls being still in the buggy, the colt took fright and ran the rig over a gang plow upsetting it and pitching the girls forcibly out; they were picked up and carried to the house and Medical aid called in when the younger one was found to have one bone of her wrist broken and otherwise scratched but not seriously; the other was stunned so that she did not speak for several hours being thrown out on her head. The horse broke loose from the buggy and ran to the village, half a mile, where it was caught none the worse. The girls are recovering.
