### To the Editor of the STANDARD.

Sir,—In reading over the report of  
the meeting of Directors of East Grey  
Agricultural Society held in Flesherton  
lately, which appeared in your last  
week's paper, I was much struck by a  
resolution which it stated was carried  
unanimously condemning the action  
of the several Farmers' Institutes  
which during the last few months have  
been held throughout the country  
and which have almost entirely gone  
in favor of fair reciprocity with the  
United States. Now Sir, I hold that  
that discussion was entirely outside  
the regular business of that meeting,  
or that at least if such a question  
were going to be brought up, due  
notice should have been given, in  
which case I am quite sure such re-  
solution would not have passed without  
strong opposition. But aside from  
the serious view of the question, this  
sweeping resolution has a comic aspect,  
as for cool absurd presumption it has  
seldom if ever been equalled, for a  
handful of onesided directors in a  
hole and corner meeting to place on  
record their condemnation of the  
action of thousands of the most intelli-  
gent men of the Dominion on both  
sides of politics (as it is not a party  
question only when made so by narrow  
minded partisans) is simply ridiculous.  
Then the idea of imposing such a task  
upon the Dominion representative, as  
though the duties of a session just  
closed were not enough without re-  
questing him to undertake such a  
summer campaign. I have not the  
slightest idea what his views on the  
matter are, but I give him credit for  
more common sense than to allow  
himself to be imposed upon by such  
a resolution. Such a request is simply  
in keeping with the sublime cheek of  
the whole business. Now, Mr. Editor,  
I would propose if this little company  
of Solons are so anxious to enlighten  
the dark and benighted minds of those  
ignorant misguided persons who  
believe that a broader, simpler and  
less expensive trade intercourse through  
reciprocity with the Americans,  
judiciously and equitably arranged by  
the respective governments would be  
beneficial to Canada, they had better  
elect one of themselves, say the  
President to undertake this missionary  
tour, beginning at Rocklyn.  
Yours very respectfully,  
W. G. PICKELL.

### Respectful Questions!

Does Father Feeny know that in-  
toxicating liquor was sold in large  
quantities at his annual picnic?  
Does he not as an intelligent  
citizen—know, it was contrary to  
Ontario law as made and provided?  
Is he not aware that said liquor led  
to disgraceful and brutal fighting?  
Will he not as the Parish Priest,  
clothed with authority, gain the re-  
spect of all classes attending their  
annual gatherings, by putting down  
his foot upon such illegal proceedings?  
I would not wilfully allege, that he  
was a party to the procuring of liquor  
for the purpose of illegal sale; but  
I surely would come to his knowledge  
that such sale was going on. We like  
to mingle with our catholic friends  
and neighbors in their annual gath-  
erings for right games and lawful en-  
joyment, but to remain silent, and not  
"Protest" in the name of right and  
law, against the unrestricted sale of  
spiritous liquor on an occasion like  
that, would be both dishonoring to  
God, and our general welfare as cit-  
izens.

### GIVE THEM A CHANCE.

That is to say, your lungs. Also all your  
breathing machinery. Very wonderful ma-  
chinery it is. Not only the larger air-passages,  
but the thousand of little tubes and cavities  
leading from them.  
When these are clogged and choked with  
matter which ought not to be there, your lungs  
cannot half do their work. And what they do  
they cannot do well.  
Call it cold, cough, croup, pneumonia,  
catarrh, consumption or any of the family of  
throat and nose and head and lung obstruc-  
tions, all are bad. All ought to be got rid of.  
There is just one sure way to get rid of them.  
That is to take Boschee's German Syrup,  
which any druggist will sell you at 75 cents  
a bottle. Even if everything else had failed  
you, you may depend upon this for certain.

Mr. S. H. Breese had the pleasure  
presenting 277 children, large and small  
with cards, and money to the amount  
of \$51.43 on Jubilee Day. The rain in-

barn and contents were destroyed.  
Hogg had \$350 insurance on the barn,  
but nothing on the contents, which  
were worth at least \$250.—[Chatsworth

Heavy hail stones fell in some places  
during the storm on Wednesday, and  
are informed that considerable damage  
was done thereby. Mr. John Merrett  
had about 80 acres of crop destroyed.  
Mr. C. Green had a field of peas flat-

Holland lost more or less by the storm.
