We had a friendly call from Mr. Wm. Hall of Thornhill, formerly of Traverston; proprietor of the Traverston Mills. He was up looking after his Blessful affairs.

EVERY man should have their Will made. It will save endless trouble, and often expensive litigation. The prevailing idea is that when a man makes his will he expects shortly to die. We are all certain that death will come sooner or later, and we cannot tell how soon that time may come, therefore it is wise to be prepared in matters temporal as well as Spiritual. Ex.

MARKDALE cheese factory turned out 350 boxes of cheese in June. They have made their second sale for the season, amounting in all to over \$2,000. The last sale realized 8 1/2 cents per lb.; the first 9 1/2.

MR. THOS. LITTLEJOHNS is down on a visit from Winnipeg where he went some eight years ago. Thomas was a steady, industrious boy and has done well in the North-West. He is engineer in a large steam mill, which lucrative position he had held for many years.

THERE was a large turn-out at the Methodist church on Sunday evening last on the occasion of the sermon to the Orangemen, Markdale and Kell's lodges were in attendance. Rev. Mr. Buggin gave an able discourse which was highly appreciated.

MARKDALE was almost deserted on the "glorious twelfth" and appeared more like Sunday than one of the six. The great majority of our citizens went to Flesherton. Markdale and Berkeley lodges left about ten o'clock, led by our brass band, making quite an attractive appearance, while the music was still more thrilling. They returned in good time and respectable shape in the evening. Read Flesherton correspondence for further particulars.

MR. BLISS of Traverston, who we mentioned last week as having decamped, was back the latter part of last week but only to slip again for parts unknown. His creditors are more numerous and for larger amounts than was first supposed. Mr. Hall, the proprietor of the mills, has the household effects and chattels under seizure for rent, but does not expect to realize over 50 cents on the dollar, while others will have to grin and bear.

BREVITIES.—Life itself is brief: "Time and tide wait for no man." Pray short, earnest and to the point; short, practical, pungent, illustrative sermons are not only best received, but longest remembered, resulting in the most permanent good. Wit and humor makes an excellent seasoning. Short accounts make long friends. This is a fast age, and it is necessary to live in the spirit of the age.—Ex.

THE Markdale Methodist church has just issued a Financial Report gotten up neatly in pamphlet form, giving the names of the various Trustees and other Boards; also Ladies' Aid, and S. IN BRIEF, AND TO THE POINT.

Dyspepsia is dreadful, Disordered liver is miserable. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easy put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspepsia.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health: But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.
