An Exchange says "Give your dogs plenty of water if you would prevent them from going mad during the dog days." Better put them under water for an hour—sure preventative of hydrophobia or sheep killing.

SCHOOL is now opened after the holidays and the average parent feels greatly relieved to have the youngsters out of her way—but what about the teacher who has to tug away with the children of dozens of parents? We do not envy them, but rather sympathize.

The Markdale and Dundalk base ball teams played a match game on the grounds of the latter on Monday last resulting in a victory for Markdale by 12 to 11.

A copy of Gast Grey Fall Exhibition prize list came to hand this week for which we thank the secretary Mr. Damude, Flesherton. The list is got up in pamphlet form, printed at the Advance office, and is very neat indeed. The Show will take place in Flesherton on the 22nd and 23rd Sept.

We notice the names of Geo. Bowes, Herb. Brown and R. J. Brown of this place among the successful candidates for third class teachers, at the recent non-professional examinations; also E. K. Richardson of Flesherton; also Frank Buggin, of this place for second class. We compliment our young friends on their success.

PETE DUFF of this village left us five clusters of plums this week which had 110 plums on. This is the most prolific yield we have seen.

MR. SAMUEL QUINTON of the 8th line of Euphrasia, brought the first load of new grain to market, on Monday 15th, and sold it to W. J. McFarland for 50 cent per bushel. The grain was a good sample, both in color and weight.

OUR teacher F. Porter, wishes to state that he will be happy to supply any of his fellow teachers in the vicinity of Markdale with a set of the recent Entrance Examination papers. Those applying by post will please enclose stamp.

MR. JEFFREY ARTLEY, of Walter's Falls, has invented a wind mill which he claims is the best in the market. He has taken out a patent, and is going to exhibit at the coming Industrial. Mr. Artley is a practical farmer and a man of industry and integrity and we would be much pleased to see him successful in the wind-mill business.

THE Creemore Advertiser says,—“The spring and root crops will be a comparative failure throughout this section of country in consequence of the continued dry weather. The same paper says—“We learn that the fall wheat does not yield as well as was expected it would, earlier in the season; the yield being from 15 to 25 bushels to the acre.”

WORTHY OF COMMENDATION.—Last week Mr. R. Johnston of Durham, erected to order, a monument in the Methodist cemetery near Markdale, which is in every respect first class and satisfactory, and I would hereby recommend Mr. Johnston to the public who may require such. John Whitley.

MR. JOHN REID, formerly of this village, but recently residing with his son James in Florida, died suddenly at Brooksville, Florida, on the night of the 30th July. aged 70 years. He ate his supper as usual, and retired for the night not complaining—was taken ill during the night, when two physicians were called in, but he expired as above. Deceased owned valuable property in Markdale, "Reid's block" and other property being his. We have not learned whether he had made a will or not.

INSIGNIFICANT circumstances often lead to important results. A passenger train became snow-bound between Markdale and Flesherton not three years ago, and was delayed some twenty four hours. A breakman, after hours of waiting and no prospect of getting away for some hours yet, starting out afoot and came to Markdale where he had his hunger satisfied, and procuring a substantial lunch for those few passengers who were without food, returned. He had not taken particular notice before leaving the train, who the passengers were or how many, but on returning found three who were much pleased and gratified in sharing his lunch, one of them, a young lady. This latter person happened to belong to the same town where the breakman lived, and shortly after the above incident she met him at church, and afterwards more frequently, and in two months the fraternal feeling developed into matrimony. Moral—be courteous to strangers.

FREEMAN'S WORM POWDERS are safe, sure and speedy to remove worms from children or adults.

Two or three little children found their way into a vacant house recently in Markdale by a back door which was not fastened, and concluded to have a "bon fire" and to that end gathered a heap of straw and rubbish in a back room and fired it with a match. The smoke issuing from a broken window drew the attention of a neighbor, and it was with difficulty the fire was subdued. The little ones were delighted with their success, and having a "jubilee" when the neighbor came, but a few minutes more and the house would have been past saving while the children would surely have perished in the flames.

THE Orange Valley school house has been veneered with brick and re-shingled during vacation, giving it a substantial and comfortable appearance.

W. J. ROWE, of Barrhead Mills report business good. He has been favored with a large order for lumber from Messrs J. B. McKay & Co., Toronto, who are building an elevator at Myrtle, C. P. R. He also furnished them with the lumber for an elevator at Burketon last season.

BUSINESS LOCALS.

There is always a plumb to be got at Anderson's. See our 10c dress goods, Worth 15c.

SCHOOL BOOKS.—A new supply of all the authorized text books for common schools at the Medical Hall. A. Turner & Co.

You are sure to get suited in teas at Anderson's. Get 10 lb 30c tea for \$2.50

PHOTOS and all kinds of pictures taken by Jackson, the Markdale photographer, in the finest style of the art. Try him and be convinced.

Anderson's selling 15c lace for 5c a yd, and 5c lace for 1c.

FRESH FISH.—Sarjeant Bros., butchers, receive a supply of fresh fish twice a week.

Crockery and glassware at prices to surprise you at J. G. Anderson's.

FARMERS wanting a first-class Fanning Mill should buy the celebrated Chatham mill, given on trial, W. Jackson, Agent, Markdale.

J. G. Anderson is selling beautiful regatta shirts, regular price \$1.10 for 50c; see them.

CIGARS! CIGARS! Lovers of a good Havana cigar will find that Benson has the finest cigar in town, sold by the box.

CASUAL CRUMBS.

Jail birds are not unusually night-hawks.

ALWAYS REQUIRED.—A good cathartic medicine. National Pills will not disappoint you. The cricket's chirp is always 'oppor-tune.

LOW'S SULPHUR SOAP should be found with every toilet. It is cleansing and healing.

It was the lady who thought she was going to swoon who had a faint suspicion.

Asthma cured by the double treatment of Southern Asthma Cure, is a common remark.

Glammis cheese factory was burned, on Saturday night, 7th inst.

WITHOUT EQUAL.—Wilson Montrose, of Vienna, Ont., having used Dr. Fowler's Extract of Wild Strawberry in his family for summer complaints, says, "I cannot speak too highly for it, for children as well as aged people troubled with diarrhoea it has no equal.

Who says it is unhealthy to sleep in feather beds? Look at the spring chicken and see how tough it is.

A SWITCH IN TIME.—When first attacked with a cold in the head, droppings from the nasal passages into the throat, pain in the head, or any of the symptoms or forerunners of catarrh, a 50 cent package of Nasal Balm will cure you.

Nature would make a good editor. Nothing in the universe gets crowded out for want of space.

A VALUABLE DISCOVERY.—F. P. Tanner, of Neening, Ont., says he has not only found B. B. B. a sure cure for Dyspepsia, but he also found it to be the best medicine for regulating and invigorating the system that he has ever taken. B. B. B. is the great system regulator.

Amateur oarsmen who take their girls out on the bay should hug nothing but the shore. See the drift of this?

AN UNDOUBTED OPINION.—I was severely troubled with diarrhoea and having used some of the wonderful Dr. Fowler's Wild Strawberry, I was in a short time completely cured. I can recommend it as a splendid medicine." William A. Stafford, Sheddou, Ont.

Backward, turn backward, O time, in thy flight, give us a frost again, just for to-night; I am so weary of weather so hot, the sweat it produces would fill a big pot; weary of collars that will like a rag, weary of toiling away for the swag. A snowstorm or blizzard would go very nice, put me on ice, mother, put me on ice.

HAVE YOU TRIED IT?—If so you can testify to its marvellous power of health and recommend it to your friends. We refer to Dr. Fowler's Extract of Wild Strawberry, the grand specific for all summer complaints, diarrhoea, cholera morbus, dysentery, cramps, colic, sickness of the stomach and bowel complaints, of infants or adults. Let its merits be known to all who have not used it.

A TEACHER WRITES US:—"What will you charge to publish an advertisement of a high school four inches long?" A high school four inches long must be such a curiosity that people will go and see it without any advertising.

B. B. B. STOOD THE TEST.—"I tried every known remedy I could think of for rheumatism, without giving me any relief, until I tried Burdock Blood Bitters, which remedy I can highly recommend to all afflicted as I was." Henry Smith, Milverton, Ont.

The summer races of the Owen Sound Turf Association will come off on August 30th, 31st and 1st September. \$1200 will be offered in prizes.

"How Strange!" said a fond wife; "every time Peter comes home from his lodge he goes to bed with his hat or boots on. But I suppose it is some more of those Masonic doings."

BE ON YOUR GUARD. Don't allow a cold in the head to slowly and surely run into Catarrh, when you can be cured for 25c. by using Dr. Chase's Catarrh Cure. A few applications cure insipient catarrh; 1 to 2 boxes cures ordinary catarrh; 3 to 5 boxes is guaranteed to cure chronic catarrh. Try it. Only 25c. and sure cure Sold by all druggists. 333 83

An old woman, who had a chronic habit of sleeping in church, called at seat-letting time upon the treasurer of the congregation. "I have come to pay for my seat," she said, lying down her money. "Yer seat?" returned the treasurer, who was a bit of a wag. "Think, Janet, you mean yer bed."

CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a similar vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh Asthma and all throat and Lung Affections also a positive and radical cure for nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Send by mail by addressing with stamp naming this paper W. A. BROWN, 149 Powers Block, Rochester, N. Y. 334-E. O. W.

Alcohol regularly applied to a thrifty farmer's stomach will remove the boards from the fence, let the cattle into his crops, kill his fruit trees, mortgage his farm, sow his fields with wild thistles, subdue his reason, arouse his passions, bringing sorrow and disgrace on his family, and topple him into a drunkard's grave.

GIVE THEM A CHANCE.

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousand of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else had failed you, you may depend upon this for a cure.

POLICE SUPERINTENDENT—"Is the man dangerously wounded?" Surgeon—"Two of the wounds are mortal. But the third can be cared, provided the man keeps perfectly quiet for at least six weeks."

Church Notes.

Rev. Mr. Graham, successor to Rev. Mr. Ward, entered upon his new work last Sunday, and created a favorable impression among his hearers. The STANDARD extends the right hand of friendship, and wishes him genuine success.

Mr. Bradley, Student, of Corbetton, preached two practical and impressive sermons in the Presbyterian church last Sabbath.

Rev. R. C. Burton, of Corbetton, Dundalk circuit, took Rev. Mr. Buggin's work last Sunday, and was well received.

W. A. BROWN
