ANGUS McQUARRIE of 13th con. Glenelg is 72 years old and has taken his side in binding over the reaper in the harvest this season.

At the conclusion of the Toronto carpenters' strike recently another kind of strike was immediately entered upon, viz:—striking the nail on the head.

J. E. MARSH, of the Markdale House, has perhaps the most tasty and well kept premises and grounds in the county for a hotel.

CHANGED HANDS.—W. L. Davis, Grocer and Wholesale Liquor Dealer, has sold out to Jas. Miller of this town, the latter taking possession on Tuesday last.

TO THE FARMERS.—I am now ready to buy Butter and all kinds of grain at highest cash prices, don't fail to give me a call when you have anything to sell. S. HILL.

NOTICE.—All parties indebted to the undersigned are hereby notified to call and settle the same before the 1st Sept. W. L. Davis.

TRAIN UP a child in the way he should go, and keep a little ahead of him yourself in the same way during the training, to be sure he goes.

HOLLAND Council has granted \$20 to Walter's Falls to build sidewalk. That's more than Glenelg ever gave, Markdale though they have paid an eighth of the taxes of the township for over twelve years.

A couple bailing from Durham were married in Markdale last Tuesday, whose combined age is 118 years; she being 58 and he 60. What young notions some people do take.

NEW BUS.—The Markdale House now sports a new covered bus, which is handsome, comfortable and substantial. Mark and the iron-gray team look quite becoming on the new omnibus.

WE have just had a letter from our former citizen, Wm. Hanbury, who is in St. Paul, Minn., and he reports business booming in real estate over there. Our old reeve, F. McRae, Esq., is also there and doing well.

WHAT TO DO.—Hand us twenty five cents and we will send a copy of the STANDARD to any address the balance of this year. Just think if you haven't a friend at a distance who would like to have it.

A Harvest Home service will be given under the auspices of the Presbyterian church at Berkeley on Monday evening next, 29th. A good programme is promised. Admission 25 cents.

OUR industrious and enterprising young friend W. J. Boyd, has purchased from J. H. Hull, the cooper business, Mr. B. has been running the business for Mr. Hull for some time and will doubtless feel quite at home. We wish him every success.

INITIATION.—Methodist church anniversary services were held on Sunday 14th and a tea-splash on the following Monday evening. Rev. Mr. Buggin and Shilton conducted the services. The proceeds with a subscription wiped the balance of the debt off.

A company has been formed in Durham for the purchase and management of a plot for town cemetery with a capital of \$2,000. This is what Markdale wants and should have. Who will make a move in that direction?

THE editor of the Flesherton Advance wisely urges the citizens of that village to cleanliness in their yards and closets in view of diphtheria which is now in that village. Markdale people should also take warning, and by scrupulous cleanliness of house and surroundings and careful attention to diet &c., avert this dread disease while free from it.

DURING last week Police Magistrate Vanstone held courts at Walkerton, Chesley and Wiarton, and imposed upon violators of the Scott Act fines to the amount of \$1,050. The costs in the various suits made an additional \$200. Three cases were dismissed. Between twenty and thirty cases remained for trial this week. Evidently Prohibition is beginning to prohibit in Bruce.

FARMERS, be careful how you let any machine oil or any lubricator come in contact with a cut or scratch on your hand or arm. In the manufacture of some of those machine oils fat from diseased and decomposed animals is used. All physicians know how poisonous such matter is. The only safeguard is not to let any spot where the skin is broken be touched by any machine oil or lubricator.

RUNAWAY.—While William Stedwill, of the 12 con. Glenelg, was hauling in grain recently his team took fright and ran through the field at a desperate rate throwing off Mr. Stedwill with the load, smashing the rack and running the tires off three wheels and breaking one wheel into atoms. They came to a stand still in the corner of the lane with very little damage to themselves. Mr. S. was slightly injured and about \$10 will repair the wagon.

THE editor of the Markham Economist who accompanied the recent press excursion is responsible for this: "An amusing incident happened at the Hotel I was stopping at. The Rev. Dr. Dewart and Mr. Peter Moyer were registering at the same time, and Peter introduced the Doctor and himself to the landlord as follows: "This is Rev. Dr. Dewart, editor of the Christian Guardian, Toronto, and I am Peter Moyer, of the Berlin News," adding, "the Doctor is a religious man and I'm a Tory." Another case of extreme meeting.

PRIMARY DRAWING.—Messrs. Selby & Co., of Toronto, are the publishers of the Kindergarten and Primary Drawing course now authorized for use in the Public Schools. The Kindergarten and Primary Drawing course is intended for the youngest pupils attending school and to be continued up to the junior second class. By its means drawing will now be taught in every school in the Province whether the teacher has any previous knowledge of drawing or no. The importance of drawing is recognized by all, and whatever aids/in its being put within the reach of every one is a public benefit. The series is a good one and will have a large sale.

W. H. FLESHER, Flesherton, May 30th, 1887

IN BRIEF, AND TO THE POINT.

Dyspepsia is dreadful. Disordered liver is miserable. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easy put out of order.

Greasy food, tough food, sloppy food, bad cooking, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspepsia.
