"HEW TO THE LINE, LET THE CHIPS FALL WHERE THEY MAY."

THIRTY YEAR.—No. 398.

MARKDALE, THURSDAY, APRIL 26, 1888.

C. W. RUTLEDGE, Proprietor.

## Local and Other Items.

NOTICES in these columns intended to benefit any individual or Society will be charged ten cents a line for the first insertion and five cents a line each subsequent insertion.

NOTICE.—Correspondence, communications, advertisements, &c., must be in this office by noon on Tuesday to insure publication that week.

MISS JESSIE KAY is home from Toronto. REV. T. HALL arrived from Iowa on Friday last.

MR. JAS. HAMILTON returned to Albion, Mich., on Monday.

MISS ANNIE MILLSAP returned home from Beeton last week.

MR. CHARLIE LEE of Bracebridge spent Sunday in Markdale.

A WEDDING is said to be on the tapis in town.

MUNICIPAL affairs appear remarkably quiet.

THE first Friday in May is School Arbor Day all over the Province.

A LEADING branch in school—sometimes a beech branch, and again a rawhide.

A LIMITED quantity of old newspapers on hand suitable for laying under carpets; will be sold cheap.

AN article in another column on the value of different kinds of grain for stock should be read by all farmers.

MAY 1st fishing season, fine baskets, poles, lines, hooks, sinkers, reels, bait cans, etc. At W.A. Brown's jewellery store.

MR. L. KNAPP of the Mansion House, Markdale, moved last week to Walter's Falls and is now in possession of the hotel there.

MR. SAMUEL E. WESSER is agent for "Chase's New Receipt Book" advertised in another column. This book should be in every household.

MR. R. FREEBORN has purchased from H. J. Glassford, of Mono Road, his imported Stallion, General Gordon, and will travel him this season in this district.

W. J. ROWE has a large stock of all kinds logs at his mill and is now running full blast. He says they will be obliged to run night and day to keep up with orders.

MESSRS. WILEY, of Wileys' mill, 7th line Euphrasia, have delivered at Markdale station recently 100,000 feet hardwood lumber for shipment and have 80,000 feet more to deliver.

THIS season is said to be a good one for sugar-making; one thing we can vouch for is, that our yearly supply of syrup from the camp of Geo. Richardson, Esq., Euphrasia, is a genuine article, as usual.

THE upper sash in the windows of dwellings should be made to drop leaving two or three inches space at the top. This is especially important in sleeping apartments: If left down over night, all the better.

MR. R. H. BYERS, Rochester, N. Y., will accept thanks for a copy of "The Union and Advertiser," Rochester, which is a voluminous and profusely illustrated paper and very attractively gotten up.

A LADY recently died in whose private diary were found these words, "I expect to pass through this world but once. Any good thing, therefore, I can do, or any kindness I can show, to any fellow-creature, let me do it now. Let me not defer nor neglect it, for I shall not pass this way again."

THE LATEST.—The latest postal laws are such that newspaper publishers can arrest anyone for fraud who takes a paper and refuses to pay for it. Under the law the man who allows his subscription to run along for some time unpaid, and then orders it discontinued, or orders it "Refused," and have a postal card sent notifying the publisher, lays himself liable to arrest and fine, same as for theft.

MR. C. A. McMILLAN, of Dundalk, spent a few days in Markdale this week.

A LITTLE BOY astonished his companions the other day by telling them that he had "a spanking team at his house." An excited crowd of boys had walked nearly home with him, when one of them asked, "What d'ye call 'em?" "Pa and ma," was the reply.

BUYERS of young horses have been through the country in the neighborhood of Toronto making purchases for North-West Ranches, and pay an average of \$130 for fillies rising two years. This fact should be noted by farmers, as buyers will be found in this district just as soon as there are a sufficient number of this heavy class to make it worth while coming.

A CITY GENTLEMAN who contemplated purchasing a farm and becoming a tiller of the soil, wrote to the editor of an agricultural journal asking whether South-down rams or hydraulic rams paid better on a farm. The editor replied that it depended upon the soil. If the land was marshy and full of running streams he would advise the hydraulic breed.

OFF FOR B. C.—Mr. Burrows Irwin took his departure on Wednesday morning for Chilliwack, B. C., there to join his brother Thomas in the sheep ranch business. Burrows is a young man of sterling worth, and highly respected and esteemed by all who know him. It is with sincere regret that we part with such an estimable young man from our community, and we are certain we voice the sentiment of the public when we wish him unbounded success in his new home and sphere.

ARBOR DAY.—Every town and village is having an Arbor Day, and now that our village is taking a step forward in becoming a distinct municipality, we cannot urge too strongly the importance of having a day set apart for tree-planting and thus every citizen assist in beautifying our village; and as our new council will scarcely be in shape in time to name a day, and our present "village police" appear to think their office already defunct, we would suggest that Friday, the 4th May, be set apart as Arbor Day for Markdale.

NOTWITHSTANDING the universal, and oft repeated, printing office rule, that no communication will be inserted without the publisher being first furnished with the real name of the writer, yet, scarcely a month passes without such nameless articles coming to hand for publication. They are, however, all treated alike, viz.: consigned to the waste basket, except perhaps in an exceptional case where the publisher deems it to the benefit of the public to insert such.

WHEN Dr. Chase, author of the famous Chase's Receipt Book, died two years ago, he left the manuscript of what he said was his "Crowning Life Work." It has been published in a magnificent volume of nearly 900 pages. It contains more than six times the valuable matter that his old book did, and is the result of his whole life experience and observation. If the value of this book, having more than six times as much in it and thirty-five years of additional experience, can be measured by the value of the old one, it is a book that no home should be without. The publishers offer a rare opportunity to agents. See advertisement in another column.

WE clip the following from the Echo, Lehigh, Iowa: Rev. Theo. Hall will preach his farewell sermon at the M. E. church at this place next Sunday morning. This news will be received with much regret, not only by all the members of his church, but by all who have become acquainted with him. Ill health, caused by too close application to study is the primary cause, and the advice of physicians is that he must quit work entirely, and for quite an extended period if he expects his health restored to him. The Echo has had occasion to make mention several times before of Mr. Hall's unselfish devotion to the cause of the Master.

tion manner in which he discharged all his duties; and it is only voicing the sentiments of the people of this town when it is added that he is respected and esteemed by all, not only for his kindness of heart but for the high rank of his abilities. Mr. Hall will probably return to his home in Canada.

TRY UP.—As the last traces of "jack frost" disappears, and the welcome bany spring ushers in the duty of house-clearing becomes a practical question to every house-wife, who should have the co-operation of her liege-lord; and while it is necessary to overhaul and renovate every nook and corner in the house, it is none the less necessary to tidy up the yards, clean and disinfect closets, and thus have all the surroundings put in a shape that will not only have the appearance of taste and cleanliness but from a sanitary point of view will protect the household from sickness and disease, and thus prove a means of happiness combined with economy: While all this is in progress a little paint can in many cases be used with advantage and profit. Almost any person can do ordinary house painting by means of prepared material, which can now be had at a small cost, and thus save in after months much "scrubbing" of wood work. The front fence would look the better of a coat, also the shop front. It's wonderful what an improvement a coat of paint gives the exterior as well as interior of a house or shop, while the cost should be considered an economical rather than a luxurious outlay.

### Business Locals.

## Dress & Mantle Making

I BEG to inform the Ladies of Markdale and vicinity, that I am now prepared to do all kinds of Dress & Mantle Making at my residence on Mill Street. Perfect satisfaction guaranteed. Terms reasonable. Your attention is especially called to my "Dressmakers Magic Scales" Tailor system of cutting. Those desirous of learning to cut by this system can do so at moderate cost by applying to me, as I am sole agent for the Co. of Grey. This system is the only one now in use by the first class city dress and mantle makers. Try it and be convinced.
