OUR school trustees are either ignoring their duties or are ignorant of what they are in relation to the incorporation of the village. The statutes provides, that in such case "the trustees shall call a meeting of the ratepayers within one month after the date of incorporation for the election of a new public school board," and further, that "six trustees is necessary. No action has yet been taken that we know of."

Now it is no longer an incurable malady even when given up by physicians, health can yet be found in **WATERBURY'S** BARK AND SODA. It soothes the membrane of the lungs, inflamed and poisoned by the ravages of this fell disease, and prevents the night sweats and tedious coughs which attend its progress.
