

Markdale Standard.
C. W. Rutledge, Proprietor.

MARKDALE, JUNE 7, 1888.

CEMETERY WANTED.

A public cemetery is much needed for the accommodation of our rising village and surrounding neighborhood. Besides the convenience and benefit it would prove to the community, it would also be not only self-sustaining as a financial undertaking for either the village or a joint stock company, but would prove a paying investment. We hope to see some move taken in the matter which will result in a well arranged cemetery in the near future.

OUR FOUNDRY.

Moffat and Sons of the Markdale foundry are making commendable progress in business, and are this summer more than doubling their capacity for the manufacture of wares in that line. They have erected and completed spacious additions for moulding and finishing apartments and are now pushing forward another building to be used as show room and pattern compartments. They are going extensively into manufacture of stoves, and are determined, by using the very best material and making heavy substantial castings with the finest finish to start out with a good reputation as stove manufacturers. They have secured a choice variety of patterns and designs of the most approved and modern cook parlor and box stoves, and being a family of taste and rare mechanical ingenuity we may reasonably look forward to this establishment as certain to be one of the leading stove factories of the province.

ENTRANCE EXAMINATIONS.

Will the Entrance Examination be held in Markdale in July? This question has been asked us. We are unable to answer. The state of affairs is, we understand as follows: Owing to the fact that Teachers' Examination will be held on the same week as the Entrance Examination all the available Examiners will be required at Owen Sound. If examinations be held in places outside of Owen Sound additional examiners would have to be appointed. This, with the fact that the Co. Council at its last session refused to pay for presiding examiners at these outside places, threw their payment on the Examining Board or upon the places where the examinations were held. The Minister of Education, in a communication to the presiding Examiner, in reference to this matter, states that unless the examination expenses at places outside the town in which the High School is situated be paid by these places, the examinations need not be held, and that they will go back to the High School, as originally intended.

The School Boards of Durham, Markdale and Meaford were communicated with in reference to the payment above referred to. Those of Durham and Meaford offered to pay necessary expenses. That of Markdale, we understand, never responded to the communication of either the presiding Examiner or the Inspector, and the likelihood is that it may now be too late to have additional examiners recommended to the Department to have the examination properly advertised for the 4th of July.

The Co. Council pays, it is true, 75 cents a candidate for each candidate in the County, but the ratepayers of the towns and villages in which these examinations are held contribute their share, as well as the townships, of that 75 cents, and it is scarcely fair to compel them to be at the total expense of paying presiding Examiners when the examination is held, not for their benefit alone, but as well for the benefit of the surrounding municipalities.

NOTE AND COMMENT.

—A large steel steamer for the Canadian Pacific Lake Superior trade is to be built in Toronto.

—Thos. M. Nairn, M.P.P. for Elgin County, died at his home at Aylmer on the 1st June, aged 57.

—Lord Lansdowne and suite and Hon. Oliver Mowat arrived in London last Saturday.

—Rochester's old mills at Ottawa, of late used as a shock factory, were burned Thursday morning; loss, \$100,000.

—The schooner Maggie McCrae, of Toronto, was sunk by the ice a short distance outside of Thunder Cape last Thursday. The crew were saved.

—The funeral of the late Hon. Jas. Ferrier, Senator, was largely attended in Montreal on Saturday last, all creeds and races being represented.

—Mr. James Fahey, a Toronto journalist, died on Saturday last aged 38 years. Mr. Fahey was a candidate for M. P. in South Grey some years ago.

—There is a post-office for every one thousand men, women and children in the United States, and if the expense of carrying the mails was paid directly by the people pro rata, each citizen would pay an average of eighty-five cents a year.

—There is every likelihood of Sault Ste. Marie becoming one of the most important centres of business in the whole of the Dominion. It is the gateway of commerce from a great part of the North Western States, not only to Canada but to New York and to all the New England States, while the mineral and timber wealth in the neighborhood is simply incalculable. Those who have land in the neighborhood will make a very good thing of it.

James Ferrier.

The late Hon. James Ferrier Dominion Senator, of Montreal, was rich in this world's goods as well as a true christian man. His wealth foots up to three quarters of a million. His remains were conveyed to their last resting place in Mount Royal Cemetery on Saturday last.

Dr. Potts delivered the funeral oration. He paid a splendid tribute to the worth of the deceased Senator, who was a man of such genuine integrity, that though a lengthened period of public service his was a reputation of unsullied honor. He was a sincere man, and sincerity is a crowning glory in any man. He was a successful man, viewed from every standpoint. He carried with him into every enterprise the constituent elements of success.—foresight, will power, energy and patience. The place made vacant by his death would be hard to fill. McGill College never had a more enthusiastic friend than Chancellor Ferrier, who was a sympathetic supporter in all those developments which had made McGill College eminently worthy of its more than continental reputation. He would be missed in the Legislative Council as one of its few English-speaking members, while the Senate of the Dominion will both miss and mourn the late Senator. Outside his own family Methodism would miss him most of all. "From the quarterly meeting of this grand old historic church, up to the General Conference, the Supreme Court of our Canadian Methodism, Mr. Ferrier was in the front rank of the most influential of our laity." His interest in missions was based upon Christian principle and nourished by supreme love to Christ. But to-day our comfort is, not that Mr. Ferrier was a conspicuous public man, not that he was a chief magistrate of this city, not that he was a Legislative Councillor of Quebec, not that he sat for many years in the Senate of the Dominion, not that he was President of the Bible Society, our comfort to-day is that James Ferrier was a christian. He was converted in early life and became an unflinching believer in the Lord Jesus Christ. He meditated in the Word of God by day and by night. He lived a genuine Christian life and died in the faith and hope of the glorious Gospel of the blessed God. Within two hours of his death he said to his son, James Ferrier, "Jesus is precious; Jesus is all my trust." My friends, we find our submission voiced in the words of Job: "The Lord gave, and the Lord hath taken away; blessed be the name of the Lord." Could Mr. Ferrier speak to this assembled gathering of citizens he would say, "Live for Christ; Prepare to meet thy God; Whatever thy hand findeth to do, do it with thy might, for there is no work, nor device, nor knowledge, nor wisdom, in the grave whither thou goest."

"Citizens of Montreal, there is nothing great; but Christianity; nothing good but Christianity; the memory of the just is blessed, and we shall bury the mortal remains of our distinguished friend in the sure and certain hope of a glorious resurrection."

A. FOGERTY,
PLASTERER AND STONE MASON
MARKDALE.

Is prepared to take contracts in town or country. Calcimining and Whitewashing done also.

Manley's Family Remedies,

AT MANLEY'S DRUG STORE,

MARKDALE.

Holland Centre.
Mard Correspondence.
Specticon Exhibition was held on Wednesday evening last. The evening was a success.

Two new flour and feed stores have been erected since the roller mill was built. This makes three in our town now.

Mr. Shunn, who has been on the job for the past year, is now, by the skill of Dr. Halsted, able to go about their aid.

Mr. Edward Sargeant fell from a while loading telegraph poles and was picked up for dead, but we are pleased to see him about again.

Henry Rodman is building a frame house. H. Veyssey is the builder.

Robt. Valey is erecting a frame house. T. Abbott, builder.

Mr. S. Halbert left this week to visit friends in Mono.

Richard Johnston received a kick from one of his horses on Sunday last which will likely lay him up for some time. He was letting out the horse after taking the halter off, the horse turned off in a playful mood kicking up his heels striking Johnston in the side and probably breaking one of his ribs.

John Logan, who went to Manitowish in the month ago, sends word that he likes the country and prospects well. He speaks of a 15 year old girl who is in 60 acres of spring crop up the hill this season. Clever.

Harkway school has a larger attendance than ever before, and students come.

Flesherton.

Mardard Correspondence.

Monday last our township fathers met in council chamber for general business and court of revision. The general satisfaction which our township assessor, Mr. W. McLoughry, has given was evidenced from the very few cases of appeal before the court.

The bridge spanning the Boyne just west of this village which is in a very unsafe condition for travel over was inspected by the honorable body, council, and the Reeve and council sharp were appointed a committee to ask for tenders for the erection of a new bridge and report at next meeting of council. Our good councillor heard to suggest that Flesherton should pay one-third the cost of the structure and the township the balance. It is paying Flesherton a compliment to build this bridge because one of the leading thoroughfares of the township. It is the council's duty to keep the same in safe condition for public travel, which it is not now.

Mr. George Keefer has already moved his new building well under way on Toronto street into which he expects to move in a short time to open up the butcher and meat business, flour and feed.

J. G. Russell, our enterprising jeweller, has purchased the common business stand lately occupied by W. Bates on Toronto st., and has building now undergoing extensive repairs, having it more conveniently fitted up for the jewellery business.

New Bank.—M. Richardson has leased one of the apartments in his brick block to a bank man who is going to open out a branch in this village, said bank to be opened on or before July 1st. It will prove a centre of attraction for depositors and a great convenience to the public generally in this section.

District Doings.

Dundalk cranks are practising their art in Shelburne. Black's hotel in Shelburne was burned on Saturday night, the loss estimated at \$10,000.
