THE Ancient Order of United Workmen is growing more popular from year to year. Every man should be a member and thus secure to those depending on him \$2,000 at his decease. It is an excellent investment, only costing about \$1.25 per month. Many a man works hard all his lifetime and doesn't have that much to leave his family.

OUR subscription list is increasing weekly and subscribers are continually giving expressions of satisfaction with the STANDARD. We always appreciate words of encouragement and actions of good-will which all can give in encouraging others to become subscribers. Fifty cents will pay for the STANDARD until the end of the year to any address.

HUSBAND (to wife); I've been out half the day trying to collect money, and I'm wild enough to break the furniture. It beats all how some men will put off and put off. THE Terrible Flood in Mexico. EL PASO, Tex., June 27.—At least 1,500 people were drowned at Leon alone. Over 1,000 bodies have been recovered. In some districts the drifting water is full of dead bodies floating as thick as driftwood, and the stench pervading the country is frightful. Measures are being taken all over Mexico to raise funds for the sufferers.

A Severe Accident. COLLINGWOOD, June 29.—A very painful accident occurred here this morning at the Dominion Knitting factory. We learn that the Owen Sound Stone Company have just received a heavy contract for railway bridging. They have commenced operations in their west quarry this week, and will employ a large force of men there, as it is estimated it will take 1,000 cars of stone to complete this contract. They have other contracts in view which will keep their quarries working to the fullest extent for this season.—O. S. Times.

Death Doings in Euphrasia. (Contributed.)
Death was singularly active in Euphrasia on Friday last. During the afternoon, Thomas W. Loughhead, son of Mr. James Loughhead, of the 4th line, was called away, and an hour or two later, just as the sun was sinking beneath the western hills, his uncle, Thomas Reid, of the 7th line, succumbed to the fell destroyer. Neither of these deaths was entirely unexpected as both gentlemen had been ailing for a length of time from consumption. Each bore his continued suffering with christian resignation. Mr. Reid had been confined to his house for more than a year. His once rugged form was wasted to an almost incredible extent, and at last his features were scarcely recognizable. Death was indeed to him a relief.

Mr. Loughhead was but thirty years of age. He was much respected and his early death will be deplored by all. The sympathy of the community will be felt for his widow, who is the eldest daughter of Mr. James Curry, and for the other surviving relatives.—Mirror

Magistrates Court.
Squire Brown held a second Saturday afternoon teteatete last Saturday. Mrs. Caswell was there in person but was not as well satisfied with the results as on the Saturday before and signified her intention of discontinuing attendance if things did not turn out more favorable to her. The following were the cases tried:

Mrs. Caswell v. Mrs. Patterson, for assaulting infant daughter. The magistrate considered charge frivolous and dismissed it.

John Patterson v. Mrs. E. Caswell, Mrs. Caswell was bound over to keep the peace towards Bessie Patterson, daughter of the complainant especially and the world generally.

John Patterson v. Maud Caswell, assault, dismissed.

John Patterson v. Maud Caswell, assault on small child. The magistrate in this case imposed a fine of \$5.00 and costs or 30 days in gaol. Squire Struthers assisted in his usual genial style.

Irish Lake Picnic.
This annual festivity is looked forward to with great anticipations by hundreds some fully bent on having a good time, and generally when a person goes determined to have a "good time" they will have it, come what will. The forenoon was cold, wet and stormy, hindering scores from attending who would otherwise have been present, however a large crowd were on the ground. The picnic was held this year on the parish grounds in rear of the parsonage where ample room was found for all purposes on the banks of the beautiful lake. The dancing platform was spacious, and the music ample making this the centre of attraction, especially for the young. Refreshments were served in abundance where many hundreds enjoyed a sumptuous repast. The match between Flesherton and Markdale Lacrosse Clubs was exciting and drew the crowd for the time being. The former team were considerably heavier than Markdale team and gained the prize by three wickets. Durham, Pricerville, Flesherton and Markdale was largely represented together with the surrounding country.

Editor Standard.
Sir.—On entering a neighbor's house recently I was shocked and pained to hear the man of the house pour out a volley of oaths and curses at his loving but heart-broken wife. I think it a shame and disgrace for any person presuming to be a man to thus cruelly wound the feelings and crush the affections of a faithful wife and loving mother whom he has promised to love, cherish and protect; one who toils early and late in order to make home happy. How much better it would be for all concerned if a right example were set to those little ones by kindness, forbearance and true affection. A HEARER.

Editor Standard:
DEAR SIR.—As Mr. Thorpe Wright has been offering to bet ten dollars with my man Mr. J. Galbriath that his Lord Derby horse is a better bred horse than my horse "Just in Time" with your permission I will make them (Messrs. Wright & Pickell) a public offer, I will bet \$100 to \$50 that their Lord Derby is not a properly registered Clydesdale horse and that they never owned one; and to show that this is not a one sided affair I will bet another \$100 to \$50 that my Just in Time horse is properly registered. A. BEATTIE.

Sir. John and the Post Office.
How would it do if the Government reduced the interest on P. O. saving bank deposits and applied the money to reduction of the cost of letter postage? We must keep pace with the United States and British postage reform even it does cost something. As we said the other day Sir John ought to select for the Postmaster General a young and vigorous man who will go in for wiping out a lot of the antiquities now encumbering the postal service. Give us reform in the department and reduction in letter postage.—World.

An Independent Press.
There is only one newspaper of the six dailies published in Toronto that now wears a paper collar. The Mail has freed itself of the conservative collar, though there are some of us who think it has put in its place the Wiman band. The Globe does not wear the Liberal party collar so much as it is trying to make its party wear. The Globe collar. Throughout the entire Province there is a distinct improvement noticed in the independence of the press of politicians. For this Goldwin Smith is entitled to much of the credit.—World.

District Doings.
The anniversary services of Chalmers Church Flesherton, will be held next Sabbath when Rev. W. A. Hunter, M. A., will preach at 11 a. m. and 6:30 p. m. The service in Markdale Presbyterian church will be withdrawn for the day.

The new C. P. R. steamer being built in Owen Sound this season is to be launched this fall.

The Owen Sound Advertiser is again advocating connection with the Grand Trunk Railway at Allenford.
