The Council adjourned till 3 p.m. THURSDAY AFTERNOON.

The Council again went into committee of the whole on report of Finance committee, and made some amendment respecting rating of personal property in certain municipalities. The report provided for raising County expenditure, amounting \$28,050, requiring a rate of one mill This powder never varies. A marvel for on the dollar on equalized assessment of the various municipalities; that the Treasurer be instructed to place to the credit of those municipalities whose personal properties are rated at 6 per cent. a sum equal to the amount overpaid by them under By-law 361, such sum to be taken from accumulated funds under By-law 174; and that an application of the Reeve of Collingwood for a loan of \$3,000, be granted.

On motion to adopt the report, an amendment by Messrs. Cochrane and Gilray, that a uniform rate of 6 per cent. be added to the valuation of all the real estate of the County in lieu of personal property, was lost on a division by 20 to 26.

A fourth amendment by Messrs. Thompson and Smelser, that all the municipalities in the County be assessed at 6 per cent, on personal property was also lost.

On motion of Messrs. Bowes and Miller, the opinion of James Masson, Esq., with regard to Collectors to collect taxes was ordered to be printed in the June minutes.

Moved by Mr. Bowes, seconded by Mr. Bowes, That this Council after having seen the Lamont road-grading machine at work, express our satisfaction with the quality of the work done by it, believing that the system of road-making by machinery as shown by Mr. Wright, will reduce the cost of road-making about seventy-five per cent. and make a better class of road; that in a very short time will do away with the unsatisfactory statute labor system of the present day. It is therefore with pleasure, we recommend the Lamont road grading machine to the several municipalities of this County and our country generally .- Carried.

A number of clauses were passed Saturday morning. respecting improvements-the inefficiency of the boiler to heat the Court House and premises creating a good deal of discussion—the decision being of judgement and costs in case di that a larger boiler be obtained of sufficient capacity to heat the Court House and Registry office.

A clause was also passed, recommending that new residence be erected for the Governor of the gaol.

The committee rose and reported progress, and asked leave to sit again. A deputation consisting of Drs. C. between Normanby and Minto, was E. Barnhart, McCullough and Denhart then addressed the Council, asking grant towards the erection of a County Hospital.

Dr. Barnhart desired the Council to take into their consideration the question of establishing a County Hospital in Owen Sound. The institution was the advisability of granting \$1000 to a much needed one. He stated certain legacies had been left for such an institution, and asked the Council to take the initiative in the matter; and if it was known to be a county hospital, application could be made to Government for a grant towards the man agement thereof. He referred to the fact that the gaol had of neces sity been used as a hospital; sick persons without friends or means being sent there under the vagrant law. If an hospital were erected here, the sick could be provided for at less cost, recommended that longer time a and the town would probably grant a complement, if the County Council should see fit to grant \$1,000 or more. He urged them to take action in the matter for the sake of suffering humanity.

Dr. McCullough said an hospital was a great want of this section of len's sink-hole was lost. country. Patients were sent to Toronto, who could be attended to here just as well. It was a mistake to suppose the cost would be greater for attendance on the sick. It was the custom for physicians to give their services gratuitously to such institutions. It was objectionable to have the prison | Charles Barnhart be appointed Assis used as an hospital. A grant could be obtained from the Government for an lost. hospital, and it would be a benefit not only to Owen Sound, but to outlying districts. All the county physicians could be in a Board. Charity and benevolence should be extended to suffering ones. All physicians have lost patients in hotels for want of proper attention. He said they had no selfish motive in urging the grant, as they gave their services free.

Dr. Denhart endorsed the views of Dr. McCullough. Persons sometimes die in hotels like dogs for want of care and attention. He would be happy to give his services, and to give something himself towards such an institution if needed.
