We had a friendly call from Mr. John H. Adolph, of the Chesley Enterprise, on Tuesday last. The Enterprise was destroyed together with the rest of the town in the late fire but is to the fore again with a bran new plant.

A LOAD of fifteen drove to Flesherton last Sunday evening to attend service on the occasion of the Presbyterian church anniversary. Rev. W. A. Hunter, M. A., of Orangeville, preached an eloquent sermon.

If a body kiss a body,
Need a body cry?
Well, hardly, if some other body
Isn't standing by.

The following we clip from a neighboring exchange; it is evidently original: Bad sessed to them Chinese Who send us o'er the seas Such a charming cup o' tea Like Richard's 25 cent Tea.

We are pleased to see Mrs. Jas. Arnold out again after being an invalid for about eight months. She left this week for Indian River, O. & Q. R., there to visit her son and rusticate for a time.

ATTENTION READERS!—Read Benson's adv. this week. It will pay you to call at the Belfast House for bargains, fresh Groceries, Crockery & Glassware, &c. Give them a call; they will sell you cheaper than any house in town and use you well into the bargain.

A CHAIR high enough for one to sit in and use one's arms freely in cooking manipulations is the most sensible yet invented for woman. No man ever stands to perform any work that he can do in a sitting position. Woman is ever last to accept an easier method.

CHANGE OF TIME.—On Monday last the following change took effect in the C. P. R. time table at Markdale station:—Morning train, going south, 6:55 instead of 6:57; evening train, south, 4:35 instead of 4:05; morning train, north, 11:56, same as heretofore; evening train north, 8:56 instead of 9:05.

J. W. SPOULE, is doing an extensive business in the furniture line, and he well deserves the liberal patronage of the community as he keeps a great variety of goods in both common and fine lines which would be a credit to more pretentious towns, in fact his stock is remarkable for a country village.

THE brass band concert this Thursday evening in Haskett's Hall promises to be something well worth attending. The boys are making their best efforts not only for their entertainment but from week to week in a liberal supply of music, and are entitled to our sympathy and support.

SERIOUS ACCIDENT.—Thomas Bradley, of Holland, fell from a building which was being raised on the farm of Mr. Avison on Saturday last, a distance of some twenty feet, receiving serious injuries. Drs. Halstead, McCullough and Sproule attended him and he is now in a fair way for recovery.

SOME means should be adopted to compel owners of cows in our village to keep them off the streets at night. They are liable to congregate during the silent hours and make a raid on the gardens, thus destroying, in a few hours, the work of the season. It is evident our council are owners of cows or they would have included those bovines in their by-law.

FINGER OFF.—On Saturday last while two little boys, sons of Geo. Crow, of this place, were amusing themselves about a mowing machine in front of one of our implement establishments, the elder turned a wheel to see the knives move while the younger, a lad of two years, put his finger in and had it taken off.

THE garden party in Dr. Sproule's spacious grounds on Wednesday evening next, 18th inst., bids fair to be very largely attended, and we are requested to say that it is very desirable to come out earlier than is the custom of Markdale people on such occasions. It will be pleasant to enjoy games, croquet &c., before the shades of evening fall, so come early. The band will also be early. Refreshments at 8 o'clock. Admission 15 cents.

ORANGE VALLEY public school held its annual picnic in the school grounds on Friday last, and it was largely attended by parents and ratepayer in the section. The children spent a very enjoyable afternoon and all were delighted with the picnic generally. Dialogues and recitations were rendered in a very creditable manner and the school showed undoubted indications of good government by the teacher, Mr. Wickam, and also great attachment to him.

Mr. J. H. LITTLE, proprietor of the Owen Sound Advertiser, is to be congratulated on the decided improvement in that paper. Last week it appeared as a seven column eight page paper, making fifty six columns, and is said to be now the largest weekly in the Dominion. Few towns in the province, if any, is making such rapid and substantial progress and growth as Owen Sound and we compliment Mr. Little in his successful efforts to keep apace with his surroundings.

Mrs. REV. DAVID WILLIAMS, of Walkerton, paid our village a brief visit last week when on her way, together with her four children, to visit parents and friends in Winnipeg and the north-west. The late Rev. D. Williams was one of the pioneer preachers of this circuit and his memory is still dear to those who knew him, as also that of his estimable wife. Mrs. W. was very agreeably surprised at the growth and prosperity of the place since she resided here some fourteen years ago, and especially with the spacious and handsome new Methodist church.

CLOSE CALL.—Robert Fawcett, of Euphrasia, was driving with horse and buggy on Wednesday, 4th inst., and while crossing the railway between Berkeley and Holland Centre was struck by a passing train. The horse escaped injury; the buggy was smashed to atoms and Mr. F. almost killed. He was taken to Dr. Halsted's when it was found that the patient had a rib broken over the heart, was badly bruised about the head and shoulder and otherwise severely shook up. He is, however, improving and will be about shortly.

FIRE BUG.—On Sunday morning about four o'clock, our citizens were aroused from their slumbers by the call of fire! when it was discovered the little frame building on the corner of Mill and Queen streets was on fire. The building being wood and very dry there was no chance of staying the firey elements, while but a small share of the contents were saved. Mr. Dundas owned the building while J. J. McKinnon occupied it as a harness shop. The contents were insured for \$200, but we understand there was no insurance on the shop. It must have been the work of an incendiary. The shop was somewhat isolated so that no further damage was done.

We have just received the copy for Glenelg Voters' List for 1888 from J. S. Black, clerk, and it is as usual a model of neatness. Mr. B. is an exceedingly careful, painstaking official. He informed us this week that he had received an exchange copy of voters' list for every municipality in the county, and that the work done at this office, both as to clear, distinct print and binding, was second to none in the whole county. We do not mention this fact boastfully but simply to let our patrons know what competent judges have to say of our work.

A Sanitary Convention and Meeting of the Executive Association of Health Officers will be held by invitation of the Mayor and Council at Lindsay, on TUESDAY, WEDNESDAY & THURSDAY, the 14th, 15th, and 16th of AUGUST, 1888. As subjects of general interest in every city, town, village and hamlet will be discussed and papers presented by eminent scientists, it is hoped that every place will be represented. Lindsay offers special advantages; is becoming a railroad centre, a progressive town. Sturgeon point hotel, a delightful summer resort is situated a few miles from Lindsay, is easily reached, steamboats making connections with trains morning and evening. Reduced fares have been arranged on Canadian Pacific and Grand Trunk roads at a fare and a third. Those wishing a pleasant outing should visit Lindsay during the convention.
