That petitions were signed to Nottawasaga and County Simcoe councils to the effect as follows:

Whereas Wm. Lynn, Esq., Deputy-Reeve of Sunridale township presented a petition to the County Simcoe council calling for a method of public weighing grain markers at produce buying stations with monthly cattle, horses and sheep selling fairs therefore, petitioners respectfully request that the respective councils unitedly work so as to have a uniform method of said public markets and fairs established throughout County Simcoe and in market places where necessary in the several Counties and Provinces of the Dominion of Canada. A prominent feature in the platform of the Farmers' and People's Institute is, that by requisition to Presidents future meetings be held as may be deemed advisable, for public discussion; also, as was contended, that, with a general adoption of said Farmers' and People's Institutes and said public weighing markets, certain progressive advantages must follow for agriculturists and the people generally.
