Victimized Emigrants.

It was a spectacle without precedent in the history of immigration to America that was witnessed in our harbour on Wednesday, when a ship load of Italians, 300 in number, who had come here this summer, went back to their native land disheartened and disappointed. Their experience among us had been totally different from the anticipations in which they indulged when they left Italy. They had been told that they could procure plenty of work at six francs per day, which is about three times as much as they could earn in Italy, and that they could get here an abundance of food they had never enjoyed in their lives; but these happy dreams were quickly dispelled by the stern realities of life in the New World. Few of the passengers who made up the returning ship load had ever been outside of New York during their brief stay here, and all of America that ever became known to most of them was Mulberry street; but their experiences were sufficient for them, and even the hardships which they had always suffered in Italy seemed less than those to which they were here subjected. They had been the victims of false promises made to them by unprincipled speculators in labour who abandoned them in a foreign country, after robbing them of their little all.

That Deadly Scourge!

Tabercular consumption is simply lung-rot—the active and dangerous development of a taint in the blood. The grand blood-cleansing botanic principles contained in Dr. Pierce's Golden Medical Discovery specially fit it to purify the blood, and prevent the formation of ulcers in the lungs and bronchial tubes. Liver complaint, skin diseases, and sores, are also cured by it. All druggists.

Dr. Pillsbury's Diagnosis.

To Dr. Pillsbury, Patrick came with a most woful face:
Says he, "Dear Doctor, please your name, Will you please taste my case."
The doctor looked him in the eye,
His tongue he made his show;
Said he, "My man, you're going to die;
You've got the catarrh."
"My faith," says Pat, "that's that you say!
I've got 'tick-dollars, eh!
Yes, I'm that. I always pay
Your bill before I go."
I'll have no more to do with you,
I'll doctor my own case."
He took a dose of P. P. P.'s,
And wore a brighter face.

Use Pierce's pleasant Purgative Pellets for torpid liver, constipation, and all the derangements of the stomach and bowels. By druggists.

Rheumatic Pains

Require no description, since, with rare exception, all at some time have experienced their twinges. Rheumatism is not easily diagnosed, only the most powerfully penetrating remedies reach to its very foundations. The most successful treatment known, and it is now frequently resorted to by medical men, is the application of that now famous remedy for Rheumatism, Polson's Nervine. It is safe to say that nothing yet discovered has afforded equal satisfaction to the suffering. A trial can be made at a small cost, as sample bottles of Nervine can be had at the drug stores for 10 cents, large bottles 25 cents.

Young Men

SUFFERING from the effects of early evil habits, the result of ignorance and folly, who had themselves weak, nervous and exhausted; also Men—Army and Navy—who are broken down from the effects of abuse or over work, and in advanced life feel the consequences of youthful excess, need for aid and relief. A trial can be made at a small cost, as sample bottles of Nervine can be had at the drug stores for 10 cents, large bottles 25 cents.
