How to Treat Road Horses.

A correspondent of the Rural New Yorker writes us that old owners and drivers say of these horses that they have no judgment as to their mode of going, or, in other words, that they will go till they drop or get over-taxed and stiffened.

Rogues in Training.

The number of horses now on the turf that run in cowardly fashion is very large, in all likelihood comparatively much larger than formerly, says the London Sporting and Dramatic News.

The King of Greece.

Alexander A. Rangabe writes to the Chicago Inter-Ocean from Athens as follows:—It is a common saying in Athens that there is no king happier than the King of Greece.

One often meets the King walking with the Queen or the Princess Alexandra, generally followed by a splendid Danish dog; at another time it is the Queen with her two sons or the King with an aide-de-camp, both dressed in civilian clothes.

They have so much confidence in the affection of their subjects and are so sure of their own personal safety that our Royal family rather enjoys mixing with the crowd on the occasion of some illumination or other public amusement, when they walk about among the people like any ordinary family.

Both the King and Queen, although belonging to different religions, are very pious, and go regularly to all the church services. The Royal Palace contains two chapels, one Protestant, for the King, and the other Greek, for the Queen, served by a Greek priest and a choir composed of Greek men and boys, who sing the Greek hymns according to European music.

The Game Laws.

The following is from Judge Jellett's (Picton) excellent digest of the game laws: The only season during which the following game may be hunted, taken or killed is as follows:

Deer—15th October to 15th December. Partridges—1st September to 1st January.

Woodcock—15th August to 1st January. Snipe, rail and golden plover—1st September to 1st January.

Ducks of all kinds—1st September to 1st January. Geese—1st September to 1st May.

Hare—1st September to 15th March. The above dates are inclusive.

These may be exposed for sale for twenty days after expiration of time for killing. No eggs to be taken or destroyed at any time.

No traps, nets or snares, baited lines or similar contrivances to be used. These may be destroyed by any person without liability.

No contrivances described or known as batteries, swivel-guns, sunken punts or night lights to be used for killing wild fowl.

Fur-bearing animals may be only taken, hunted or killed as follows: Beaver, mink, muskrat, sable, martin, otter or fisher—1st November to 1st May.

Nor shall any trap or snare or other contrivance be set for them outside this season. Nor shall any muskrat house be cut, spear-d, broken or destroyed at any time.

Any person may destroy such traps, snares, etc., so set, without any liability.

N. B.—No poison to be used in killing the animals named, and no poisoned bait to be exposed in any locality where dogs or cattle may have access to the same.

No deer dog to run at large from the 15th November until the 15th October.

A Meal For a Cent.

One and one-quarter million meals for one and one-quarter million cents have been supplied the poor people of New York from the St. Andrew's One Cent Coffee Stands, established about two years ago by the woman philanthropist, Mrs. J. M. Lamadrid.

Mary—"The butcher is here, ma'am, what shall I order?" Mrs. Morris Parke—"Dear me I haven't thought. What can we have for dinner, Mary (thoughtfully)..."

People who are subject to bad breath, foul coated tongue, or any disorder of the stomach, can at once be relieved by using Dr. Casper's Stomach Bitters, the old and tried remedy.

Some of the brightest lights go out, in consequence of using borrowed oil.

ITCHING PILLS. Swallow—Bottle: 10 cents. Itching and itching most at night, mostly by scratching. It is caused by some humors, which often bleed and ulcerate, becoming very sore.

"The letter-board of life goes up. The letter-board of life goes down."

Up and down, up and down, one day a millionaire, next day "dead broke"—one day buoyant in spirit, next day gloomy as a lead—one day in perfect health, next day "laid out" with a violent attack on your stomach.

Papa to Johnny (years old)—"Won't you have another piece of duck, Johnny?" Johnny—"Yeth, thir, I believe I will. Duck'th my favorite chicken, 'cept turkey."

Nasal Catarrh. is a dangerous disease. From its tendency to extend to the throat, bronchial tubes, and finally to involve the lungs in consumptive disease, it should be promptly cured.

Method is the very hinge of business, and there is no method without punctuality. Tell the good news to the suffering—At last a remedy found, which might have saved, had they known it, many who are under the ground.
