THE Canadian Horticulturist is a monthly journal devoted to Fruits, Flowers and Forestry, is neatly gotten up, ably edited and contains from month to month valuable information on the above subjects besides a handsome colored plate in each number. Those cuts are finely executed representing various kinds of fruit or flower, which is worth itself the cost of the subscription \$1. per year. Address, Canadian Horticulturist, Grimby, Ont.

A FEW street lamps along Mill street to the station would be a great convenience during the coming dark nights and fall season. Would it not be well for our village council to consider the question of erecting the same?

CREDIT SALE.—On Tuesday, 25th September, at 1 o'clock, Joseph. Patton, lot 21, con. 9, Euphrasia, will sell his farm stock, implements, &c., by public auction. Terms 15 months on approved paper. W. J. Shepherdson, auctioneer.

"MA, does pa kiss the cat?" "Why, no, my son. What in the name of goodness put that in your head?" "Cos when pa came down stairs this morning, he kissed Sarah in the hallway and said: 'That's better than kissing the old cat up stairs, ain't it Sarah?"

DR. OLDHAM is quite incensed because we dared to question his opinion as to the safety of "Allen's sink hole" bridge for public travel without a proper railing. Bombast will never count for logic, or sarcasm for common sense, Dr., so you may as well "keep on your shirt."

"JOHNNY," said the teacher, "a lie can be acted as well as told. Now, if your father was to put sand in his sugar and sell it he would be acting a lie and doing very wrong." "That's what mother told him," said Johnny, impetuously, "and he said he didn't care."

THE best thing to give your enemy is forgiveness; to an opponent, tolerance; to a friend, your heart; to your child, a good example; to a father, deference; to your mother, conduct that will make her proud of you; to yourself, respect; to all men, charity.

THE recent frosts which has done more or less damage along the boundary are the result of the coolness which President Cleveland has been trying to work up between the United States and Canada. It has evidently done the most mischief on the other side. So note it be.

THE season of the year for marketing grain is at hand and it is very important that all grain be well cleaned. Those in need of a first-class fanning mill should call and examine those sold by W. Jackson, Markdale. They are a fine mill and are selling fast.

JOHNNY'S COMPOSITION ON THE KANGAROO.—The Kangrew ain't much of a recommend for the factory which made him, or maybe he knu in himself when the rginal diergrams was in the safe, and rakin up such organs az wuz lef over he made his ownself. He looks in the face like a shaller goose. When you see him walkin on his narratiy you don't blame nachur for giving him that expression. His legs mus been made on difrent moles, cause the last one iz long as a torch lite perchesin but the front ones has got too much shortnin in. Sum Kangrews has their cloze made so tha kin carry thare familys round in thare overskurts, but if I wuz a boy kangrew ide rather paddle mone kanew. Kangrews wears moustaches like cats, but a mule hnn give em a yard start on the ear question an' beet em like sicksty.

AN entertainment will be given in Haskett's Hall on the evening of the second day of the fall fair, by the Ladies Aid of the Presbyterian church.

OVERHAULED.—Since Mr. Jennings took possession of the Revere Hotel, about a month ago, he has given the house and premises a thorough overhauling from top to bottom. The improvement made by painting, papering and other necessary changes makes a very decided change in the aspect. The sheds are also being refitted and with the superior management of Mr. and Mrs. Jennings the travelling public may rely on being hospitably and comfortably entertained.

ON the second day of the Agricultural Fair, the Ladies' of the Presbyterian church, Markdale, will give, for the accommodation of the public, on the grounds, their annual hot dinner.

TRIAL OF SELF-BINDERS.—We, the undersigned, were present at a field trial of Binders on the farm of Mr. George Stewart, near Flesherton, on Tuesday, the 4th Sept., between the Paterson Steel Binder and the Noxon, and would say that the Patterson is the lightest draught and makes the best sheaf and is, we think, the best constructed machine. A. Stewart, H. Cullen, W. M. Murdo, Aaron Teeter, J. Holey, W. Pedlar, H. Piper, W. Beecroft, G. Gilchrist, J. Teeter, J. Hargeroves, J. Hicklin.

A new issue of ten dollar and five dollar bills was put into circulation on Saturday by the Bank of Commerce. Instead of the portrait of the late Senator McMaster, President of the Bank, the larger bill has a helmeted female head and the smaller bill a female form. The backs bear a picture of the new bank building printed in blue on the new \$10 bill and in brown on the \$5 bill. The face is printed in several colors. The notes are considered to be very handsome as well as durable.

Benson, Bush & Co. and Miss Dundas, Markdale; Mrs. Johnston, (formerly Miss Lemon), Misses Mitchell, Little and McNab, Owen Sound; Messrs. W. H. McCutcheon, C. Lyman, G. Playtor and Miss. S. Robinson of Collingwood and others. Admission 25 cents.

CANADA'S BIG SHOW.—The Toronto Industrial Fair is a monster institution. It is the annual festival of the farming community, and furnishes enjoyment to old and young of both sexes. It gives farmers a grand opportunity to become acquainted and to learn the improved methods of culture, implements and machinery. It brings together lovers from far and near who stand in need of each other in life's great battle; in fact it furnishes the most profitable outing that can be enjoyed for the cost.

ALMOST FATAL.—Last Monday, while Wm. Shields, formerly butcher of our dale, and his brother Dick Jack were drawing in grain, the horses took fright at some object on the road and they suddenly started off. Dick Jack being at the rear of the load fell off backwards, turning three summersets before reaching the ground and would have turned the fourth if it had not been for the length of his legs. Wm., by his activity and presence of mind, caught the horses before harm was done. Later.—Poor Dick J. lay prostrated under the sheaves for some time, but is now around again.
