which contained a large number of love
letters. But it is not the first time a
young lady has permitted her correspon-
dence to get so far behind.

THE Canadian Live Stock and Farm
Journal for November is really an excel-
lent number of this wide-a-wake month-
ly. Its pages are pregnant with practi-
cal and highly interesting matter, ably
written and neatly gotten up. \$1 a year.

Our highly respected townsman, A.
Turner, Esq., late of the Markdale
Medical Hall, has purchased a similar
business in Orangeville, and is now in
that town getting business arranged
to move thither. Mr. Turner is a
thoroughgoing business man and a
citizen of which any town may be proud.
We wish him unbounded success in his
new field.

A MAN went home intoxicated. His
wife said: "So you've had another glass!"
"Glass?" said he. "Wonderful word—
Take off g and it is you." "Yes," she
replied, "and then take off l and it is
you."

We watched the earth, we watched
the skies, but nothing saw but rain, and
then we asked with tearful eyes, "when
will it clear again?" They said we'd
have a glorious fall, but thought not to
explain the fall they meant was, what it
is, a glorious fall of rain!

SERIOUS ACCIDENT.—On Monday last
while out fowling James Wright, jr., of
Holland, near Berkeley, was accident-
ally shot in the face by his companion
who was shooting at a partridge on the
wing. Wright will lose one eye, if not
both, it is feared.

A KINGSTON boy came home from
school very much excited and told his
father that he believed all human beings
were descended from apes, which made
the old man so mad that he replied,
angrily: "That may be the case with
you, but it ain't with me: I can tell you
that, now."

SCHOOL TRUSTEES.—We have made
arrangements to have the Standard on
file at the Durham and Owen Sound
Model Schools so that students desirous
of securing a school can see what adver-
tisements there is in the Standard for
"Teachers Wanted." Trustees who
purpose advertising for a teacher should
make a note of this.

CHRISTMAS Cards and all foreign Christ-
mas Papers are completely put in the
shade in Canada this year by the pub-
lication of the grandest Christmas
Paper ever published. Those who know
say the Christmas Number of the
Montreal Star will take the public com-
pletely by storm. For sending away to
friends and to preserve at home it will
be the most taking thing ever seen in
this country or in Europe either.

THE youth that parts his hair at the
equator, sucks the head of a rattan cane,
squints with dreamy looking eyes thro'
airy glasses, wears No. 5 boot and No. 6
feet, sports a double breasted watch
chain to which is anchored a four dollar
watch, wears a horse's hoof scarf pin
and sporting studs, and says "deuced,"
"aw," "yes," "damme," and "don't you
fail to remember," has a soft thing in
this world. He wears it in his hat just
beneath the unusually thick skull.

THE Toronto Weekly News is pre-
sented to its subscribers, a most cre-
ditable jetching, in fac-simile, of
Munkacsy's great picture, "Christ Be-
fore Pilate," 28 in. x 11 in., which creat-
ed such interest when exhibited in New
York last year, and was purchased by
Mr. Wannamaker, of Philadelphia, for
\$120,000. The etching is a beautiful
piece of work and should be prized by
all who receive it.

In accordance with an amendment to
the Municipal Act, giving power to
councils of towns and incorporated vil-
lages to hold their nominations in the
evening instead of mid-day, our council,
passed a by-law at its last meeting
changing the hour for nomination from
twelve, noon, to 7:30 in the evening.
This is as it should be. It will give
business men and mechanics an op-
portunity to attend without interfering
with their daily avocations and thus
secure a better attendance; further-
more, it will give those who have an in-
terest and voice in surrounding municip-
ality a chance to attend the nomination
of both.

CHANGE IN BUSINESS.—Mr. Joseph
McCullough, late of Meaford, has pur-
chased the pump business from J. T.
Quinn, of Markdale, and is now in pos-
session. Mr. Mc. is, we understand, a
thorough practical pump maker, having
had considerable experience and is now
prepared to meet the wants of the com-
munity in his line. He warrants his
pumps five years, which is an evidence
that he understands his business. We
bespeak for him a prosperous business
and wish him success.

PROMENADE CONCERT.—The concert in
the roller rink on Thursday evening
under the auspices of the Young People
of the Methodist church promises to be
the best entertainment yet held in the
town. The rink has been thoroughly
fitted up for such purposes and well
seated. Mrs. (Capt.) Thompson, of
Toronto, has consented to be present,
and as she is pronounced by those who
have heard her to be equal if not su-
perior to Mrs. Colwell as a singer, this
alone will be worth the admission.

GRANTING BONUSES.—The law passed
at the last session of the Ontario Legis-
lature, and which came into force on the
first of November, will practically shut
out the granting of bonuses by municipal
corporations. Municipalities are pro-
hibited from giving a bonus to a manu-
facturer in any town to move to another
town. And a bonus by-law will in all
cases in the future have to be carried by
a two-thirds vote of all the ratepayers
who are entitled to vote on such a by-
law, and no aid can be granted to a firm
if works of a similar nature are already
doing business in the place.
