PRINTERS' INK.

A JOURNAL FOR ADVERTISERS.

PRINTERS' INK is just what it purports to be, "a journal for advertisers.' It is issued on the first and fifteenth days of each month, and is the representative journal—the trade journal, so to speak—of American advertisers. It tells the intending and inexperienced advertiser in plain, comprehensive articles how, when, and where to advertise; how to write an advertisement; how to display one; what newspapers or other media to use; how much to expend—in fact, discourses on every point that admits of profitable discussion. If you advertise at all. PRINTERS' INK can help you. Perhaps you expend but Ten Dollars a year in advertising; if so, PRINTERS' INK may show you how to obtain double the service you are now getting for one-half the money. A year's subscription costs but One Dollar; a sample copy costs but Five Cents. Advertising is an art practised by many but understood by few. The conductors of PRINTERS' INK understand it thoroughly. Surely their advice, based on an experience of more than twenty-five years, will help you. Address—

Prof. Loisette's MEMORY

DISCOVERY AND TRAINING METHOD

In spite of adulterated imitations which mar the theory, and practical results of the Original, in spite of the grossest misrepresentations by envious would-be competitors, and in spite of "base attempts to rob" him of the fruit of his labors, (all of which demonstrate the undoubted superiority and popularity of his teaching) Prof. Loisette's Art of Never Forgetting is recognized to-day in both Hemispheres as marking an Epoch in Memory Culture. His Prospectus (sent post free) gives opinions of people in all parts of the globe who have actually studied his System by correspondence, showing that his System is used only while being studied, not afterwards, that any book can be learned in a single reading, and mistakes corrected, &c. SCHOOL CONCERT.

The concert held in School House No. 19, Euphrasia, on the evening of Friday, the 20th was, notwithstanding the inclement weather and the vile condition of the roads, a grand success. The programme, consisting of more than forty selections, went through with scarcely a hitch, except when the teacher failed to respond to a call for a song, thereby greatly disappointing the audience, who seemed to have a high opinion of his musical powers. The instrumental music was such as is seldom heard, consisting of a string band—the celebrated Donnelly & Son, accompanied on the organ by the equally celebrated Prof. Cook. There were also a number of well-rendered songs by several local celebrities. The Dialogues, Recitations, Readings, &c. by young folks, large and small, were well selected and rendered in fine style, the sublime and ridiculous, the serious, the comic, and the sentimental, following one another in constant variety. Mr. Gilray, the efficient Reeve of Euphrasia, occupied the Chair, and of course it goes without saying that the audience kept excellent order throughout, as that is a habit of Euphrasia audiences. The proceeds were comparatively small as there was no sleighing and very muddy roads, the pupils free, and the admission fee only 15 cents, but they reached the respectable sum of $8.25 which will be applied to the benefit of the children.

R. J. BROWN,
