### What Men Like in Women

There is a certain something which, for want of a better name, 18 called womanliness, and it is that which makes women attractive to men. A the Government or Opposition his great many virtues go to make up this one great possession, and they are what men like in women.

Men like, in the first place, amiability in a woman.

They like a pleasant appearance. They like the doing of little things

that are pleasant to them. They like the courtesy of the fire

They like women whose lives and Scooped" in matters of news. The faces are always full of the sunshine me great Toronto dailies have each of a contented mind and a cheerful

They like an ability to talk well and a knowledge of the virture of silence. They like a motherliness big enough

as well the younger boys. They like a disposition to speak siled forth by the recent annual good rather than evil, of every human

They like sympathy—which means shaving among other guests present a willing ear for a tale of sorrow or

well, which, by the bye, dosen't mean You ought to dye with The Rykert case is over so far as conspicuously. Men are most attaking of eyidence is concerned, tracted by good material, plain al after Hon. Wm. Macdougal's draperies and quiet colors, not by
