Mr. WALTER TURNER as teacher in a High School, after he spends two months at a training school. He will write in July on the senior matriculation. J. H. B. is a student of rare ability and his success will be learned with gratification by his many friends.

MR. JOHN MCKAY, of Holland while reading his bible in the shade of a tree on his farm last Sunday, was surprised to find a garter-snake coiled upon his lap. The old gentleman having one blind eye doubtless had something to do with the reptile securing such a situation unnoticed. His first thought was the serpent in the Garden of Eden.

A COMMUNICATION came this week to hand for publication in reference to something which appeared recently in a neighboring paper. We find enough to do to keep clear of such entanglements without interfering with that which does not concern us, and therefore decline publishing it.

At a meeting of the Synod of Huron held at London last week a resolution was introduced to give women a vote at the church vestry meetings. After a lively discussion the motion was withdrawn owing to the time at their disposal being limited to fully discuss the merits of the question.

THE hot weather seems to have had the effect of softening of the brain on the part of our Council. The jobs let on Main Street appears to have been let for the sole purpose of opening a clear view from the vicinity of the post office to the railway. That will be very desirable, no doubt, but then it is no practical benefit, and costs considerable money.

NEXT Tuesday will be Dominion Day, and a great throng is expected in town from the country and villages surrounding. Let every citizen show his loyalty to his country and respect for Markdale by taking some part in the celebration. Adorn your business place or private residence with flags and bunting. Every one can do this, and it will add wonderfully to the appearance of our progressive village.

MR. FANNING moved last week from Holland Centre to Owen Sound where he intends to reside. Miss Fanning will be missed by her many friends at Holland Centre, especially by the Presbyterian church where she has for some time presided at the organ, which position she has ably and successfully filled. She has had under her training a juvenile choir, the progress of which reflects much credit on both leader and the members. They regret very much her removal from among them. She carries with her the best wishes of her many friends.—Com.

LOVERS OF ROD, GUN AND CANOE, should not fail to secure copies of the book "Fishing and shooting," issued by the General Passenger Department of the Canadian Pacific Railway, for the season of 1890. It is bound in convenient pocket form and contains a vast amount of reliable information concerning the best localities for game and fish in the provinces of Ontario, Quebec, Manitoba, Assinaboia, Alberta and British Columbia, and the states of Maine, Michigan and Wisconsin; the whole embellished with numerous handsome illustrations. Covering as it does, the haunts of game and fish from the Atlantic to the Pacific, it should prove invaluable to the followers of Ninrod and Walton. Copies furnished free upon application to W. K. Callaway, District Passenger Agent, 118 King St. West, Toronto, or to D. McNicoll, General Passenger Agent, Montreal.

### Escaped.

The two burglars who were arrested recently at Orangeville, and convicted at Barrie on four charges of larceny, were taken to Kingston to serve a sentence of three and five years respectively, escaped from the police cells at Kingston where they were being kept over night, and have not been captured. It was the same two that went through Mr. Trimble's store at Flesherton some weeks ago.

### New Shoe Shop.

Mr. Sandy Kay has this week opened a shoe shop in Haskett's block where he will be glad to serve all who favor him with their patronage. Special attention to fine work. All business strictly cash. 511-14

### First Class B.

Out of five students who wrote at the University Exam's in Toronto for First Class B, J. H. Brown, son of Wm. Brown, Esq., of this village, was one of the three who were successful. Master Herbert has successfully passed every examination as they came to him through his course of studies, and tho' yet in his teens is prepared to take a Forward March.

Only one more month in which to secure members for Glenelg Agricultural Society at \$1 each. This should be the largest Fall Exhibition in the county being so central and every other natural advantage. We understand the directors are determined to make this the largest and best show yet. Let there be vigorous and systematic work through July in the sale of tickets. Every citizen for miles around should invest a dollar and then give the Society a practical good-wish. Wm. Haskett, Sec.-Treas., will take your dollar or any director or member.

### Collision.

A couple of young men driving a horse and buggy ran into a cow which was lying on the road near Inistioge last Sunday night. The cow was thrown into the ditch, the buggy capsized, the horse and gallant youths thrown into a heap, while confusion and consternation was only equalled by the dense fog and impenetrable darkness of the night. With the aid of a lantern, procured from a neighboring farmer, the fragments were put together and Markdale reached in good time for work Monday morning, no serious damage being done—that is, if the cow recovered.

### Carlow at Prayermeeting.

On Thursday night last a large Newfoundland dog accompanied his mistress to prayermeeting in Markdale. This species of canine are proverbial for their intelligence, and Carlow appeared anxious to take some part in the service on this occasion, so during the opening prayer, which was being led by the pastor, the dog walked up softly and unnoticed and standing in front reached up his head and touched the minister on the nose with his tongue. Opening his eyes in surprise the parson beheld the large black animal in front of him wagging his tail good naturedly. The devotions were however proceeded with without interruption, and none but the minister knew what had occurred.

### Muchly Concerned.

THE editor of the Flesherton Advance appears deeply concerned about the course pursued by his neighbors of the press. As for the STANDARD, we have always had enough to do in attending to our own business, and can attribute largely the degree of success which the STANDARD has attained, to this practice. We are not selfish, however, and will offer no serious objections to the Flesherton man taking a "leaf from our book" in this respect. Politically, our patrons know just where we are, hence there is no need of bearing testimony through the press from week to week. The Advance man tells his readers that he supported Major Rorke in the late campaign, and that in this election he followed his own convictions. Who would have doubting his sincerity? Those loud professions, however, appear significant, but we will delegate the question of his true political bearings to the popular Tribunal; furthermore, it is truly refreshing, after learning that the editor had taken so much pains to show the extreme smallness of the recent vote polled in Centre Grey, to be assured that all the Advance subscribers voted.

### COMING EVENTS.

Coming consumption is foreshadowed by a hacking cough, night sweats, pain in the chest, etc. Arrest its progress at once by taking Hagar's Pectoral Balsam, which never fails to cure coughs, colds, bronchitis, hoarseness, etc. and even in confirmed consumption affords grateful relief.
