A GARDEN party will be held at Vandeleur school to-morrow (Friday) when the children will give an exhibition of club-swinging and wand drill while Flesherton Brass Band will discourse sweet music.

OUR notice of J. Herbert Brown's college success in last weeks paper became accidentally separated in making up the paper and was unnoticed until the whole issue was run off, consequently we insert it again this week, in proper shape.

MARKDALE and Chatsworth junior Football Clubs played a match game on Dominion Day at Chatsworth and after one and a half hours hard playing the Markdale goal keeper got disabled and the competing club secured one goal.

Gold and Silver.

MR. A. G. HUNTER of Dundalk has spent considerable time and money in scientific research, and one of the results is that he has located a rich mine near Horning Mills. We had the pleasure of a visit to Mr. Hunter's private laboratory recently, and were surprised at the deep investigations and astonishing discoveries he had made. We shall be pleased to learn of satisfactory results from those discoveries.

MARKDALE school closed on Monday last: the Entrance Examinations are being held this Thursday, Friday and Saturday, and school will open again the third Monday in August, making six weeks clear, of holidays, instead of eight, as usual.

MESSRS. Vandervoort, cheese box manufacturers of Belleville, were in town this week. They carry on a very extensive business and were here with a view to arranging for a supply of cheese box veneer from Armstrong Bros. who make a prime article.

NEW Shoe Shop. Mr. Sandy Kay has this week opened a shoe shop in Haskett's block where he will be glad to serve all who favor him with their patronage. Special attention to fine work. All business strictly cash. 511-14

"Kids" Married.

Frank Martinez, aged 15 and Annie Reary, aged 13 were married last week at New Orleans. Their mothers gave full consent and no objection was offered to the youthful wedlock. The groom had inherited a legacy of \$25,000 from his father but could not get possession of it until he was 18 years of age except he was married, hence the hurry.

Serious Loss.

On Monday morning last Mr. Thos. Hanbury, of Dundalk lost, by fire, a valuable young horse, new buggy and new harness. Mr. H. with his wife had been visiting in the neighborhood of Owen Sound and were staying with a friend named Thos. McDowell, in that town Sunday night, intending to start for home the following morning. They had their best clothes packed in their valise, which was also in the buggy and at 2 o'clock in the morning they awakened to find the barn on fire from one end to the other and no possibility of saving anything. Mr. Hanbury's loss is fully \$350.

First Class B.

Out of five students who wrote at the University Exam's in Toronto for First Class B, J. H. Brown, son of Wm. Brown, Esq., of this village, was one of the three who were successful. Master Herbert has successfully passed every examination as they came to him through his course of studies, and tho' yet in his teens is prepared to take a situation as teacher in a High School, after he spends two months at a training school. He will write in July on the senior matriculation. J. H. B. is a student of rare ability and his success will be learned with gratification by his many friends.

Fire.

Johnston's bakery, opposite the STANDARD office, was destroyed by fire this (Thursday) morning. At 8½ the fire was first seen in the region of the bake oven, which adjoined the house, and had made considerable headway so that the family narrowly escaped alive. The building was a large two storey roughcast and was insured for \$400. No insurance on the contents, which were all burned. About two hours previously Mr. Johnston had finished a batch of bread and all was right then, as far as he knew. His loss will be fully \$800 over the insurance. Mr. and Mrs. Johnston are very industrious honest people and great sympathy is felt for them.

The Western Fair Directors are evidently determined to make the Western Fair, Sept. 18th to 27th, the best of Canadian fairs from the handsome increase offered in prizes for live stock and agricultural classes and the large amount set apart for the speed programme. Information is received that they are now arranging for the best attractions that money can procure to please their visitors. The principal manufactures are coming to their assistance by placing in the main building machinery to manufacture their goods, in view of the public, which will be alike pleasing and instructive. They expect a large attendance from this section.

Mr. Thos. A. Browne, their new secretary, will be pleased to send price list to any one on receipt of a post card.

### Showers of Blessings.

Markdale has been this week strikingly reminded, in more than one respect, of the old proverb "when it rains it pours." Such copious showers as we have experienced is not perhaps so remarkable as the matrimonial boom which has struck town. The following life partnerships have been consummated, viz: June 18th. Rev. Horace E. Bray, Rector of Christ Church, Markdale, and Miss Alice N. Kingsmill, of London; July 1st, Mr. Will. Stoddart, tailor, and Miss Libby Woods, both of Markdale; same day, Mr. A. McBeth, of Chesley, late of Markdale, and Miss L. Bowler, of Artemesia; July 2nd, Mr. John Casar, C. P. R. station agent, of Markdale, and Miss Maude Drinkwater, of Berkeley; and Mr. W. T. Jackman, foreman of the STANDARD office, and Miss Jennie Rooke, of Toronto. They each and all have the best wishes of the STANDARD.
