MANLEY & TURNER

PHARMACEUTICAL CHEMISTS,

MARKDALE, ONT.

We have come to the conclusion that business done on a strictly cash system is the most satisfactory, both to our customers and to ourselves. We buy for cash and, to live, must sell for cash. Drugs and medicines are always bought in small quantities, just enough to supply present demands. You are right. That's the way we do and that is the reason we always keep them fresh, at the same time we keep a complete stock and are always ready and willing to supply you. This is where our success lies.

Manley's Beef, Iron and Wine is a mechanical preparation and is sure to give satisfaction because it does as represented.

ON a Philadelphia street there are six houses adjoining each other in which the wives are all sisters. The last was married a month ago and last week took the house adjoining those of her sisters. The oldest of these ladies is 40 and the youngest 18. At a recent re-union at one of the homes all the children, 34 in number, were present.

PERFUMED ammonia has secured a prominent place upon the society woman's toilet stand. This is certainly an indispensable adjunct. A few drops add to the delights of a sponge bath; it will subdue on the instant the obtrusive attentions of the mosquito, and is capable of bringing combs and brushes to a state of immaculate whiteness.

BELL's Lake is becoming noted as a superior summer resort. Good fishing, hunting and boating together with invigorating atmosphere are some of its characteristics. Next week a party of bon-toms from Flesherton and Markdale will pitch their tents there and we may look for startling reports of bear hunting and fishing exploits.

MRS. J. E. ALLEN, of Bellona, N. Y. will deliver an address in the Methodist church, Markdale, on Wednesday evening next, 23rd, subject "The Bible and Woman." THE Twelfth.

Markdale was exceedingly quiet on the 12th, many of the citizens having gone to spend the day in Berkeley and Flesherton. The two hundredth anniversary of the "Battle of the Boyne" was celebrated in both above villages by large gatherings and good speechifying.

Garden Party.

A garden party under the auspices of Jubilee Lodge, I. O. G. T., will be given at the residence of Mr. Edward Rutledge, west back line, on Friday evening, July 25th. The Markdale Brass Band will give choice selections during the evening. Free conveyance to and from the grounds. Refreshments served at 8:30. Admission, adults 15, children 10 cents. Proceeds in aid of the lodge.

SAVE YOUR CARPETS.

A sheet of sticky fly paper will do more damage to carpet and furniture than anything ever invented. No careful housewife would have one about. Wilson's Fly Poison Pads will clear the house more quickly and surely than any other means. If placed near the light where the flies are thickest, Wilson's Pads will kill them every day and clear the house in short order. Sold by all druggists.

Gratifying.

Our patrons are working for the STANDARD in a manner highly satisfactory to us. New subscribers are being added right along, and we find by a little enquiry that the great majority of additions to our list are brought about by our regular subscribers recommending the STANDARD to their neighbors. This is as it should be and is indeed gratifying to us. We will endeavor to reciprocate by making the paper still more worthy of the good will and hearty support of our patrons.

Destructive Hail Storm.

The storm on Monday last was in some places accompanied by hail which carried destruction in its track. Mr. W. J. White, whose farm is three and a half miles south, of Markdale, had twenty acres of splendid crop completely cut down. The hail was something remarkable for size and quantity. After the storm it lay two inches deep in chunks as large as hens eggs. Eleven lights of glass were also broken in his house and fourteen in Mr. Wm. Blair's house in the same neighborhood. Mr. White considers his loss fully \$200. The storm did considerable damage elsewhere particulars of which we have not learned.

Lightning's Freaks.

During a thunder storm on Monday afternoon last our citizens were startled by a vivid flash of lightning accompanied by a deafening clap of thunder. It was but a few minutes past when the fact of Wm. Lucas's residence having been struck was learned. The fluid struck the chimney, scattering the bricks over the lawn, and took a curve down one side of the roof tearing off a quantity of shingles, then spread and went down six veranda posts which were 8 feet apart shivering them to splinters. This was the extent of the damage, which \$100 will repair. The family in the house were not startled more than other families in the village.
