—Silver ore valued at \$36,000 was shipped from Port Arthur last Friday.

—An Ottawa press says it is currently reported that parliament will meet Nov. 15.

—The U. S. Congress will spend \$5,000,000 in needed canal improvements at Sault St. Marie.

—The amount of exempted property in Montreal is \$19,745,210, and a crusade against tax exemptions is to be instituted.

—While last year Manitoba had to import several hundred thousand dollars worth of oats, this year she will export a couple of millions worth.

—Kimber, the murderer, paid the penalty of his crime at the Auburn state prison on Wednesday of last week by the new process, death by electricity.

IRISH LAKE PICNIC.

The annual picnic at the Irish Lake came off Tuesday. The day was as perfect as golden sunshine and cooling breeze could make it. The attendance was much greater than it has been for some years. Good order prevailed and all seemed to be brim full of cheer and bent upon a day of real old-fashioned fun and enjoyment, the only drawback being the lack of shade. Father Maloney is justly entitled to much credit for the completeness of his arrangements which resulted in such a splendid success. The receipts were something over 700 dollars. The affable and ever welcome Father Casson was present, also several other rev. gentlemen. The political world was ably represented by Dr. Landerkin, Wm. Brown, P. McCullough, Dr. Ego, Editors Thurston and Mitchell and other dimmer luminaries. The rev. gentlemen and some of the politicians were arranged in a stiff row, forcibly reminding us of a long class of big overgrown boys in the old log school house, and had their photographs taken by a dreamy-eyed, red-headed artist with a pink wart on the left side of his roman nose. The picture is bound to be a success and a valuable souvenir of the event. The fine boats which the management had brought from Owen Sound proved a valuable acquisition. Markdale, Flesherton and Durham were well represented. There was one unhappy man—immediately upon entering the grounds was mistaken for a Proton cattle dealer by a wild-eyed, horny-handed son of toil who threatened him with severe punishment unless he would return a certain volunteer sheep. He was from the village of Toronto and a lover of peace, and not coming to disturb the good order or inflict an injury to the angry farmer he quietly withdrew to the friendly shelter of an adjacent brush pile. Later on he emerged from his retreat and mingled with the multitude but only to meet with further disaster. As he was quietly standing in a side doorway of one of the booths gently nibbling at a huge piece of dry ginger bread and a tear trembling on the tip of his robust nose he was again mistaken for a tough and was caught from behind by a muscular rev. gentleman and sent flying out upon the green grass much to the delight of his friends who were wicked enough to laugh at his calamity. Explanations again followed. Mr. Mitchell, of the Durham Chronicle, drew the binder, after which the people began to disperse highly pleased with the pleasant day they had put in.—Cox.

Wanted from Owen Sound.

About 1000 people came to town on Wednesday on the A. O. U. W. excursion from Elora and intermediate points.

Owing to the lock at the "Soo" canal being broken, the lake traffic has been considerably lessened this week.

Monday was an unusually quiet day in town, it being civic holiday a large percentage of the citizens went pleasure seeking out of town. A large crowd took in the firemen's excursion to Midland, while steamers, yachts and skiffs were in great demand. The usual thunder storm came duly to hand about 3 o'clock.

A third paper is to be started here in the near future.

The Wawboose camping party have returned from Barrier Island. The company numbered over sixty. Your reporter judges that the youthful swains of the company improved the time and expects that the ministers of the town will reap a bountiful harvest in the near future.

[The above came to hand a day too late for last week's paper.]

THIS WEEK'S CONTRIBUTION.

We are pleased to learn that Mr. Herb. Brown, of Markdale, who has been attending the Collegiate here, has carried off the honors in the recent Matriculation Exams., taking two scholarships.

Mr. T. R. McKenzie and bride, of the Gravel Road, spent their honeymoon with friends in Owen Sound.

The District Meeting of the Methodist Church was held in the Scrope St. Church on Tuesday.

Lake trade has so increased that the C. P. R. find it necessary to call the Manitoba into service and she is being refitted for the purpose. She is the largest steamer on the lakes and was built at the "Polson Works" in this town.

The C. P. R. Slip is nearly completed. The tracks are being laid along the new wharves, and soon Owen Sound will have the best shipping facilities of any port on the lakes.

Mr. J. G. Bannermaun, Dentist late of Bradford, has removed to our town and will open in Butchart's new block, corner of Baker and Poulett Sts.

Mr. Lang, Knight of the Quill, of the Kincardine Review, is in town. He is making the necessary arrangements to open out here, and expects to begin the publication of a new paper, the "Owen Sound Sun," in about two weeks. Besides the regular weekly, he will issue a tri-weekly sheet, which he intends to convert into a daily at as early a date as possible. It will differ from the "Solar Orb" in this, viz: A small consideration will be charged for the rays of light which it will disseminate.

A lacrosse match on Tuesday afternoon between Owen Sound and Chesley resulted in a score of 4 to 1 in favor of Owen Sound.

Dundalk.

Standard Correspondence.

Harvesting operations engage the attention of the farming community, hence business men are not overworked.

Mr. Thos. Hanbury, Reeve of our village, received the sad intelligence on Tuesday of the sudden death of his brother Jesse, in Toronto. He dropped dead, but particulars are not to hand.

Rev. Cobbleck's sermon on Sabbath evening last was an excellent one; the subject was "The new birth."

Dundalk's civic holiday will probably on the 29th inst. An effort is being made to have a union of the fraternal Societies for an excursion, but details are not decided on.

Dundalk's rate of taxation for this year will be as follows, School levy and debentures 7 1/2 mills; county and railway rate 2 mills; village rate 6 mills; total fifteen and one half mills on the \$.

The new parsonage is being proceeded with rapidly.

Proton Fall Show will be held on October 8th and 9th in Dundalk. The Prize List is ready for distribution.

The implement dealers are having a boom: five self-binders left here on Tuesday morning; their destination, the harvest fields of Proton and Melanthon.

WILSON'S FLY POISON PADS.

One of these pads will kill more flies every day for a month than can be caught upon a large sheet of sticky paper. A 10c. packet of Wilson's Fly Poison Pads will last a whole season. Sold by all druggists.

THE ROOT OF EVIL.

Dyspepsia and constipation are the sources of various diseases, but root and branch may be removed by using Burdock Blood Bitters according to directions. It is endorsed by the press, the public and the profession, and cannot be excelled for the cure of constipation, dyspepsia and all diseases arising therefrom.

Ladder's Landing, B. C. Aug. 2, '90.

Editor Standard:

The weather in this section has been most favorable of late for the ranchers, for the haying operations, of which they are in the midst. Hay is a very good crop in this part and will average about three tons to the acre. Grain crops are also exceptionally good. Oats and hay are the principal crop here; oats will average about 70 bus. to the acre.

The Salmon Canneries are busily engaged at present in canning salmon. There are about fifteen canneries on the Fraser River. These canneries give employment to a large number of persons; each one employs about 30 white men besides 100 Chinamen and about the same of Siwases.

Lumbering is also carried on to a great extent here. Fir is the principal timber that grows in our magnificent forest. Messrs. Grant & Kerr cut in their saw-mill the other day a pair measuring 110 ft. long, for the barn of Mr. H. Benson. Fir grows to an immense size a number of them are 8 ft. in dia. at the butt. Cedar also grows to a great size. Mr. Abercrombie cut from one tree 500 rails and burnt six cuts 12 ft. long.

Mr. Andrew Beattie who came here some time ago with two fine Clydsdale horses from Markdale, Ont., left for his home a few days ago. After making a large season with his horses he has sold both for a good figure. "Just in Time" we believe for the sum of \$2,000, to Messrs. J. McCallum & J. Gilchrist and the other "Lucky Lad" was sold for a sum not far short of that amount. Mr. Beattie made many warm friends during his short stay here and all feel satisfied that we will see him back again in the near future.

JOSEPH LANKTREE.

There is more fun in a sheet of sticky fly paper than in the average negro minstrel. Watch the kitten playing with it on the new carpet; the latter is ruined for ever; the kitten goes into a fit and all the women and children rush out of the house in terror. If you want to rid your house of flies, buy Wilson's Fly Poison Pads, and use as directed. Nothing else will clear them out thoroughly. Sold at 10c. by all druggists.

An Important Decision.

Mr. Justice McMahon delivered a lengthy judgement on Saturday last in reference to the injunction against the removal of Victoria College from Cobourg. The case was tried at Cobourg without a jury on Nov. 8, 1889; at Toronto, Nov. 12, 1889, and Feb. 26, 1890. His Lordship decides that compensation must be paid the town of Cobourg as well as the subscribers to the institution, but that there has been no agreement that the College should remain in Cobourg in perpetuity. College Federation is now assured without further litigation.

PARTY POLITICS.

WHEN party politics run high bad feeling and bad blood are often caused, but all parties agree that when bad blood arises from ordinary causes the only satisfactory cure is Burdock Blood Bitters, nature's blood purifier. Recommended by the medical profession.
