# Markdale Standard.

C. W. Rutledge, Proprietor.

MARKDALE, SEPT. 25, 1890.

## NOTE AND COMMENT.

—Thursday November 6 is appointed Thanksgiving day in Canada.

—Montreal's population is now estimated at 234,000, and the suburbs added will make 283,000.

—Dr. Canniff has resigned his position as Medical Health Officer of Toronto Board of Health.

—The splendid bronze statue of Horace Greely was unveiled on Saturday in Printing House square, New York.

—A suit, in New York, for $30,000,000, has been concluded after fourteen years litigation, and six cents recovered.

—John Hoskin, H. C. Hammond and Samuel Wardheimer, the Federal Bank Liquidators, have been awarded $9,000 each for their two years task.

—At the Methodist General Conference Dr. Dewart, Dr. Sutherland, Dr. Briggs, Dr. Withrow, Dr. Potts and Rev. Mr. Huestis were re elected to the offices they hitherto held.

—The wheat yield of the Dominion for 1890 is put down at thirteen million bushels greater than for 1888. Of this increase Ontario furnishes 6,000,000 and Manitoba 7,000,000.

—The Methodist general conference at Montreal decided last week that hereafter there shall be only one general superintendent; they also pronounced against the proposition to lengthen the pastoral term.

—The Dominion Government's financial statement for the fiscal year ending June 30, 1890, contains the gratifying information that the receipts during the year have exceeded the expenditure by over $4,000,000.

—There has been a decrease in post office revenue in the Dominion for 1889 as compared with that of the previous year of $394,000. This was predicted when Mr. Haggart proposed to increase the charges on registered and drop letters.

—The most gigantic railway scheme ever proposed in Canada outside of the Canadian Pacific is now about engaging a very large share of public attention. The promoters are chiefly French and English capitalists, though Sir Hector Langevin, Minister of Public Works of Canada, and Sir Charles Tupper, High Commissioner for Canada in England, are largely interested. The scheme is to build a railroad eastward from Quebec, some 850 miles to St. Charles' Bay on the Labrador coast, from which point large steam ships are expected to make the voyage to Milford Haven in Wales in three and a half days. By this route it is said that passengers and perishable freight can be carried from Chicago to London within seven days. It is proposed by the company, which calls itself the North Canadian Atlantic Railway and Steamship Company, to construct a new railway from Milford to London.

## WALTER'S FALLS.

*"Epistolarum Commercium."*

The rain last week was rather disagreeable, but we are enjoying the fine weather since.

The collection in the Methodist church Sunday evening was in aid of the Educational Fund.

Mr. Ed. Stinson left for French River, Algoma district, last week.

The Toronto visitors are all home again. Dr. McCullough brought with him from Georgetown a fine trotter and has now two equines to exercise.

Our football club will play a friendly match in Owen Sound on Friday by way of putting themselves in condition for Tuesday, the 30th.

The Agricultural Society are making further improvements on their ground. If the show is not a success it will not be the fault of the directors.

Why isn't there a half mile foot race on the 30th? There are plenty of "boys" in training to make a good competition.

After writing the items of last week, the sad news came that Donald Mower was dead. He died at Marquette, Mich., on the 17th. The body arrived here on Monday and the burial took place on Tuesday forenoon.

Don't forget the dates of the Central Fall Show, Tuesday, Sept. 30, and Wednesday, Oct. 1. The first day's programme promises to be full of interest; for particulars read the advertisement in another column. Be sure and come out to see the hall on Tuesday evening. It will be well lit up, and the judging will be finished before 6.30.

Dixon Clark moved his family into the village last week.

Mr. Webster is improving his house by boarding it on the front and sides, and painting.

## TRAVERSTON.

*Standard Correspondence.*

Poor! poor! Passim, how patiently we have waited for his return budget to your looked for paper; but alas! alas! he has passed into oblivion or else enjoyed too hearty a repast of the fruits of the season. Well may we mourn our loss, for thy ambitious spirit led us on.—But enough—we clasp our pen until your return, oh! Sovereign Passim.

Jim Bartley has once more got his horse power into action and is not afraid of a thousand bushel barn any day.

Zion people are planning for a singing class for the fall and winter seasons. We are proud of the schemers, for we think a more elevating or enjoyable pastime could not be wished for.

Miss Sue Cameron is the guest of Mr. John Greenwood. We notice that John is favored with numerous callers of late.

Dan Hall, Martin Sweery, Tom Connor and Sam Jack are going to favor London by taking a trip thither this week. We await a full sketch of your trip, boys.

George Blair, Esq., bid adieu to his broad acres last week and landed in Toronto's galleries of bliss. You may be sure he enjoyed himself, from the fact that '91 shall see him there again.

Henry Ursdath is rushing up a barn foundation for T. Edwards, Esq., which will be hard to equal. Henry finds no trouble in showing what the mason chisel can command.

Dave Kerney was very unfortunate last week, as one of his horses bid adieu to this stage of action. Cheer up, Dave, as we all must have our share of the ups of life.

Miss Polly Edge, after brightening up the old homestead for the past two months, leaves this week for Uncle Sam's domain. Our best wishes will always go with you, friend Polly.

The Chronicle cor. from here went to the city last week. His friends having sent bail with him to the amount of six hundred, we expect him back again.

Mrs. George Henry and Mrs. T. Aiger (formerly Miss Mary Henry) are visiting friends on 6th line.

Miss Nellie McQue has resumed duties after a week city pleasuring. She was welcomed back by more than her school pupils.

LILY.

## HARKAWAY.

*Standard Correspondence.*

Shameful desecration of the Lord's day by two young men from a distance running horses took place on 14th near Lyons' church.

We find the following time represented here: St. Johns, N. B., Toronto, Markdale and B. C. Each claims to be orthodox. It is really amusing.

Mr. P. Lyons' mansion is being pushed with vigor by contractor Scott. When completed it will be a handsome villa.

Mr. J. Quinn and Miss Lizzie Lyons returned from the city on Saturday.

Mr. and Mrs. Neely, Mrs. and Miss McMicken, who spent last week in Toronto, returned on Thursday highly pleased.

Mrs. McLaughlin and Miss Rosie returned on Monday, having pleasantly spent two weeks in Toronto, Enniskillen and vicinity.

Mr. Dennis Hamilton, of Holland, owns a prowling cat; when on its circuitous march intercepted one of our braves, causing hours of delay until old Sol appeared.

Frightened, says Dennis, the poor lad did totter,
If pulled from a furnace he could not be hotter;
On the gallant young hero I take greatest pity;
In future at night I will house up my kitty.

WILSON'S WILD CHERRY.

For nearly twenty years this valuable medicine has been largely used for the cure of Cough, Colds, Bronchitis, Croup, Whooping Cough, Loss of voice, and Lungs. Those who know its value always recommend it to their friends, knowing that Wilson's Wild Cherry never disappoints. The genuine is sold by all druggists in white wrappers only.

## S. S. Anniversary.

Last Sunday the sermons in connection with Markdale Methodist church S. S. Anniversary were preached by the pastor, Rev. Mr. Davey. The altar and choir gallery were handsomely ornamented with house plants which added to the attractive appearance of the interior and filled the auditorium with their rich perfume. The school appeared to good advantage, and did the singing very creditably. The sermons were eloquent, appropriate and highly appreciated by the large audiences both morning and evening.

THE ENTERTAINMENT

on Tuesday evening was not as well attended as the merits of the occasion deserved. There was a superabundance of excellent eatables provided. The program was commenced on time and well sustained throughout, the children maintaining excellent order. Revs. Tonge and Fydell each gave a capital address. The singing was particularly good, and reflects much credit on Miss Pickell, whose rare ability and commendable faithfulness as leader and organist, was the means of crowning that important part of the program with success. This anniversary throughout was a success as far as the school controled it, for which Mr. Ennis, the superintendent, and his able staff of officers deserve credit.

STICK TO THE RIGHT.

Right actions spring from right principles. In cases of diarrhœa, dysentery, cramps, colic, summer complaint, cholera morbus, etc., the right remedy is Fowler's Extract of Wild Strawberry.—an unfailing cure—made on the principal that nature's remedies are best. Never travel without it.

## Well, Well!

A man named James Weatherup, at Wiarton, engaged one H. Walker, of Keppel, to dig a well for him, at $1 per foot until he would find a supply of water. Walker went down some 60 feet striking a rock. He made quite a hole in the rock and got his hired man to assist him to fill the hole with water, and brought Weatherup to examine the supposed spring, got a note for his pay, but has been committed to jail to stand a trial for obtaining money under false pretence.

UNBEARABLE AGONY.

For three days I suffered severely from summer complaint, nothing gave me relief and I kept getting worse until the pain was almost unbearable, but after I had taken the first dose of Dr. Fowler's Extract of Wild Strawberry, I found great relief and it did not fail to cure me. WM. T. GLEW, Wilfrid, Ont.

## Tax Sale.

Many STANDARD readers are more or less interested in the sale of land for arrears of taxes, and we have in the past advocated the principle of having the property to be thus sold advertised in the paper nearest its location. As it is, the whole list is inserted in but one paper in the county, and that publication not being any more of a county paper than any other newspaper published in the county, a man may have a parcel of his land sold without any knowledge of it.

For the benefit of our readers we give below, in a condensed form, that which is now advertised for sale in Artemesia, Glenelg, Euphrasia, Holland, Osprey and Markdale. The sale takes place at the Court House, Owen Sound, on Thursday, the 16th day of November.

We do this gratuitously, and as it may not appear again you will do well to preserve this copy of the STANDARD.

## The Canadian Live Stock and Farm Journal.

The September issue of The Canadian Live Stock and Farm Journal (published by the J. E. Bryant Co., Ltd., Toronto) is of unusual interest. A genuine piece of realistic art is a group of Galloway cattle forming the frontispiece. The most timely editorials on live stock topics are "Dishorning Cattle," "Autumn Management of Sheep," "Preparation of Food for Stock," while amongst the contribution we notice Prof. Shaw's article, the fourth in the series, on "Pure Breeds of Cattle." Another correspondent begins the historical series on the "Standard Bred Horse." A Scottish breeder of Ayrshires gives his experience and indicates how the Ayrshire might be further developed. Letters on interesting questions from all parts of the Dominion are published. The animal portraits that are given include one of the famous champion Hereford cow Rosewater and the handsome Hackney stallion Rufus that won the Elsenham Cup of England. A large portrait of John Dryden, Esq., M. P. P., is accompanied with a well written sketch of his life. "Purchasing Seed Wheat," and "A New Disease of Oats," are discussed. The latter trouble is thought to be due to a small worm, for which the remedies are gast lime and rotation. A contributor treating of the value of cheese factories cites cases where farmers under common circumstances have earned through them, thirty dollars per cow clear profit. Other articles on dairy matters include one on "Valuing Milk for Cheesemaking," in which it is shown that cheese factories should consider the quality of the milk as well as its weight, and pay accordingly. Mr. Joseph Youill, a dairyman of much experience, enumerates nine of the most commonmistakes in butter making, the principal of which are keeping beef stock for milkers, and the use of the shallow pan system of setting milk. An exceedingly interesting feature is the new department, "Around the Counsel Table," in which the question of how to make the Farmers' Institute more effective and attractive is discussed by Jas. Mills, President of the Agricultural College, L. Woolverton, Sec'y Fruit Growers' Association, Prof. Jas. W. Robertson, Central Farm, Ottawa, Professor Thomas Shaw, Ontario Agricultural College, D. M. McPherson, John I. Hobson, and others. The White Holland Turkeys, a new introduction that promise much, are described, and perhaps the most timely subject in horticulture is the beautiful illustrated article on winter bulbs, in which the merits of the Chinese Sacred Lily are given.

To avoid catching cold, many plans have been suggested. Probably if one never went anywhere or did anything out of the usual routine of life, they would be free from many of the ailments that flesh is heir to, but this is not a satisfactory solution of the question. People must have recreation and enjoyment, and frequently catch cold in the pursuit of them. Wilson's Wild Cherry will cure a Cough or Cold in the shortest possible time, and by its tonic effects, strengthen and invigorate the system at the same time. Sold by all druggists, in white wrappers.

## The Northern Exhibition.

LARGE NUMBER OF SPECIAL ATTRACTIONS.

On Tuesday next, Sept. 30th, the great Northern Exhibition opens in Walkerton. According to the number and class of entries that are now in the hands of the Secretary, Mr. Jacob Seegmiller, the Northern Exhibition for 1890, promises not only to eclipse all previous efforts but also any other show in this part of the country. More than the usual fine display of Horses, Cattle, Sheep, Swine, Poultry, Grain, Fruit, etc., will be on hand. The patrons of the show have always been well pleased with the quality and number of exhibits at the Northern, and we assure them that this year will be no exception to the rule.

The attractions to be seen at the Northern will cast previous shows away in the shade. The enterprising gentlemen having this matter in hand have secured the services of professor Dixon, the world renowned tight rope walker of Toronto, who, on the 6th of September performed the daring feet of crossing the Niagara Falls on a wire cable 5-8 in. in diameter. The Professor gives exhibitions on Wednesday and Thursday, in a sack, hoop 18 inches in diameter, backward and forward, lies and kneels down, walks cross legged and stands on his head. He will also pvrform a fancy act, in which he challenges the world for $1000.

The Bando Bros. of Columbus Ohio will appear on the same days and give an hour's performance, consisting of acrobatics specialists, Spanish rings, clowns frolics and grotesque acts.

Edison's talking dolls, one of the greatest mechanical masterpieces of Edison, the inventor, will also be at the Northern. These dolls have proved great attractions wherever shown.

The exhibits from British Columbia Manitoba and the Northwest are the largest ever shown and can be seen in the palace. The Agriculturol College of Guelph, exhibit will also be in the palace. The committee are corresponding with gentlemen, with the intention of securing other attractions still, so that take it all in all, the many friends and patrons of the Northern throughout this part of the Province, may depend on seeing one of the best shows in Canada for 1890. Remember the dates, Sept. 30th, Oct. 1st, 2nd and 3rd.

## THANKS.

*Our thanks are due and hereby tendered to those who have responded to our appeal for the payment of arrears of subscriptions and accounts.*

*We may say, however, that the majority of those whom we wish to reach have as yet paid no attention to our very reasonable request. Now when an individual will neither pay or let us have some reason why, it shakes our confidence in him very seriously and prompts recourse to the Division Court.*

*We will give to the 15th October before adding costs to any, so kindly let us know what you purpose doing.*

28 Years in Busines

IN MARKDALE,

And a Successful Business Constantly Increasing.

EVER CLIMBING UP.

Have you ever stopped to think what brain worry thinking and planning. Thinking sometimes away into the early morning hours while you are asleep, how, when and where we shall buy qualities, quantities and prices to please you.

DRESS GOODS.

Our first consideration. They must be of all qualities and prices. We have them in Plain Meltons, Checks, Foule Serges, Amazon Cloths, Cashmeres, Henriettas, Black and Colored Silks, Satins, Velvets and Plushes. You have the largest stock to select from by coming direct to McFARLAND'S. We have taken great pains to select our Dress Goods and Trimmings. Ladies Cloakings and Walking Jacket Cloths are mostly worn this season in plain cloths. We have the correct goods and extremely moderate prices, from 50 cents per yard up to the finest Sealettes.

Miss Moffat, who so successfully pleased our lady friends two seasons ago, will have charge of our MILLINERY SHOW ROOM this season. It is a guarantee of an elegant assortment, correct in style, and prices moderate.

Hosiery, Shawls, Gloves, Laces and Wool Wraps. A special line of Ladies' Tweed Water proof Garments, $2.50 each, sold in the big Toronto stores for $3. We now come to the warmer goods, you will want them, and soon.

FLANNELS.

Our special All-Wool Greys from 18 cents are selling fast. Ladies' and Men's Woollen Underwear; never had such value to offer. Our Men's 50 cent All-Wool Shirts and Drawers will keep out the keenest blasts of winter. 75 dozen in Fine Ties, Fine Sox, Fine Gloves and Fine Silk and Wool Mufflers, imported direct from the makers.

Did you ever stop to think that McFarland buys the bulk of his goods direct from the manufacturers and for spot cash? What does that mean? It means a saving of the wholesalers' profits, and cash means the closest bed-rock prices.

BOOTS & SHOES.

Some leather is mean. Some workmen are mean. Some boot-sellers are mean. That's how mean boots get made and sold Six out of every ten pairs of boots are shams, pasted stock, shoddy pancakes. Never was a time when shoes looked so well and wore so badly until the shoeing of a whole family has come to be a serious task. A poor pair of boots is a bad investment. If you want good, honest, solid foot-wear just drop into McFarland's. His stock is fully complete from the finest to the coarsest. Women's, Men's, Girls' and Boys'.

READY-MADE CLOTHING.

Isn't it a comfort to have your Coat, Pants, Vest, and Overcoat ready-made to your hand? No worry of measuring and waiting for the making and fitting. Just a little looking in a light, roomy department upstairs filled with choice, new goods from the best manufacturers. A perfect fit guaranteed and about half less to pay than if you had gone to a tailor.

A FEW CRACKERS.

Men's Overcoats, $4.00 up. Boys' Overcoats, $3.00 up. Men's suits, $4.50, $6.00, $7.00, $8.00, $9.00, and the finest, $14.00, equal to any tailor-made. Boys' from $1.50 up. We need scarcely recommend our teas, they are so well known for excellency of flavor, strength, and cheapness. We should like to have said a word about our carpets, Fur goods, English and Scotch suitings, and a host of other goods, but the printer says my space is filled. Come in and see us when in town. We will take your cash or produce and give you rattling good value in exchange. Come in anyway and look around and see one of the busiest stores north of Toronto.
