But unless the petition is presented the Council have no option but to go on and collect the tax, namely, \$1 for a dog and \$2 for a bitch. The new law, as already stated, comes into force on January 1st, 1891. All this has a bearing on a case at present before the Holland Council. A farmer-of that township had a number of sheep killed by dogs some time ago. Having failed to discover the owner of the dogs he billed the Council with two-thirds of the value of the sheep.
