DUNDALK.

Standard Correspondence.

Times brisker since sleighing arrived.

For the first time since Dundalk was a station of the T. G. & B. R. the firewood has been all removed from the station yard, but there are hundreds of car loads of telegraph poles and paving timber.

Our station agent has an assistant, Mr. W. Lakings, formerly at Markdale. In looking over the books to see if the business would warrant assistance, it was found that last year's freight business was $20,000 in advance of what it was the previous year. The whole year's business exceeded $40,000. How's that for Dundalk?

A successful tea-meeting was held at Corbetton on Monday. There are no less than half a dozen others on the programme in this vicinity.

Proton council met here on Monday. There seems to be considerable dissatisfaction with the actions of some of the councillors. It seems tolerably certain that Mr. S. Rogers and Duncan McMillan will be the candidates for the Reeveship, and P. Shaw and John Agnew for the Deputy-Reeveship. For Councillors all the present incumbents of the office will be in the field, and a number of others.

In Dundalk, there is not much municipal stir. The actions of the council seem to have been fairly satisfactory, nevertheless there will be a contest. Mr. Hanbury is in the field again for Reeve.

Holland Centre.

Standard Correspondence.

Good sleighing now.

Eph. Page has had a streak of bad luck lately. Last spring he lost a fine team of horses, and now another fine team valued at $300. Disease—distemper.

Mr. James Hammil is engaged as teacher for Shethavon school for 1891. Miss Hutton succeeds him.

A number of friends of the Temperance cause left here for Markdale last Monday evening to attend the I. O. G. T. open lodge, and when preparing to return home could not find teamster nor his horses or sleigh, whereupon they attempted to walk home which they just completed when their driver overtook them.

Mrs. Lonsway and her mother, Mrs. Chambers, left here on Tuesday for Dundalk where they intend to reside in the future.

Mr. I. B. Lucas, of Markdale, paid our village a visit on Monday last.

NARROW ESCAPE.—George Mower, who has for about two weeks past been working for Oliver Bros., met with a narrow escape on Monday while chopping in the bush. They were just felling a tree when George ran in the direction that the tree was falling. The tree fell with a crotched limb over him not three feet from the body of the tree, which drove the sharp end of a small file into his arm. The file was in his pocket, and broke after penetrating his arm.

James Galbraith, now councillor, will run for Deputy-Reeve at the municipal election against Anthony Shute, and it is expected that M. Howey will contend against Wm. Norton for Reeve. This gives place for a new councillor.

"WHAT'S THE MATTER WITH YOU" a bad cold eh? Well don't be a fool and let it go too long, "a stitch in time" is better than a doctor's bill, a serious sickness, consumption; and God knows what, go and get a bottle of *Manley's Throat and Lung Syrup* and a bottle of *Manley's Good Samaritan Oil*. Rub the Oil on your back and chest and cover with flannel and take the Syrup as the cough is troublesome and you can get rid of the worst cold ever mortal had. Inquire of W. WALTER'S FALLS.

"Epistolarum Commercium."

Sleighing still good and times lively.

The Honey-Social is on Wednesday evening, not Tuesday evening as intimated last week.

Another piano arrived in town last week.

Miss May Delerce has entered the tailor shop. This makes four hands.

Mrs. J. H. Delerce left for Toronto last Thursday. Her son-in-law, Mr. W. Perry is seriously ill of scarlet fever.

There will be no tea-meeting in the Methodist church this Christmas. The regular anniversary sermon will be preached and a liberal collection asked for.

The Oddfellows will give one of their popular concerts on Christmas night. They are taking the usual pains to provide good talent, and we predict the measure of success which has attended their previous efforts.

TRAVERSTON.

The Concert and Dramatic Entertainment held in Webster's school, Glenelg, on Dec 12th, was a decided success. The school was crowded to the utmost extent, and everyone went away with a smile on their countenance highly pleased with the evening's entertainment. The program consisted of dialogues, recitations and songs; selections on the organ by Miss Kelly, of Chatsworth, and Miss Julien, of Owen Sound, selections on the Violin by Miss M. McAsey, of Traverston. The pupils had the school very tastefully decorated for the occasion. The chair was ably occupied by Mr. A. Wilson. The proceeds amounted to $16.50, which is to go towards purchasing premiums for the pupils. The present teacher Miss N. McCue leaves at the end of the year to resume her studies at Orangeville High School. The services of Miss Breen, of Lindsay, have been secured for the coming year.

House of Refuge Com. Report.

The following is the report of the House of Refuge submitted by the Special Committee which was adopted by a vote of 25 to 22 at the last session of the county council.

In terms of resolution passed at the January session of this county council, appointing a Special Committee to ascertain information relative to the workings of the House of Refuge in the several counties of this Province:

Your committee beg leave to report having visited the House of Refuge in the County of York, situated one mile from the town of Newmarket, and found a very comfortable home for the poor of that county. There are fifty acres of land in connection with the institution, comfortable barn and stables erected thereon. The Home is built on a large scale. There are upwards of eighty inmates in the House at present. They go largely into plants, vegetables and small fruits, and keep five cows. They have derived benefit from the productions of the farm during 1887 and 1888, to the amount of $1400 per year, costing $1.11 per week, for each inmate.

The mayor and reeve of the town of Newmarket informed the committee that the Home was giving every satisfaction to the municipalities, and they would not revert to the old system under any consideration.

Your committee has also had information from the several counties where Houses of Refuge are established, situated in the counties of Elgin, Norfolk, Wellington, Welland, Waterloo, Lincoln, Middlesex and Brant. According to the information received from these counties, the poor of municipalities are much better provided for in institutions of this kind where they are in operation, than under the old system. They find that not nearly as many travel from door to door soliciting aid, since the establishment of a House of Refuge, as formerly.

The provincial government seeing the necessity of establishing Houses of Refuge, have set apart $4000 to assist in starting institutions of this kind.

Your committee feel it a duty devolving upon them, after all the information they have received, to strongly recommend to this county the building of a House of Refuge for the poor of this county at an early date.

All of which is respectfully submitted.
