

**Markdale Standard**  
C. W. Rutledge, Proprietor.  
MARKDALE, JUNE 18, 1891.

**THE NEW PREMIER.**  
Hon. J. J. Abbott, leader of the Senate, has been chosen Premier and all the old Ministers have been installed into their former positions, thus parliament again settles down to business, having opened on Tuesday.

**Holland Centre.**  
Joseph Jackson was the loser of a good mare which died last week of inflammation of the bowels.

Mr. Geo. Wright of Warham, was up here last week and he informed us that he expected the grain mill to be in running order by October.

John Stevenson, Blacksmith, of Owen Sound, moved into our village last week. Several lodges are expected here on July 12, and a big time is anticipated.

The Methodist Sabbath School will hold their annual picnic here on Thursday (to-day) 18th. Come!

Wm. P. Little, who has been now lying in the General Hospital for some time, is steadily getting better.

**DUNDALK.**  
The welcome rains of last week made wonderful difference in the appearance of vegetation; still more rain would be welcome. Last Thursday afternoon, the pieces of business were closed, and the toll collected times as taken of races, athletic games, etc. The Methodist church has been greatly improved in appearance at least in its interior. Changes in the heating apparatus, painting, frescoing, and carpeting have received attention. The grounds have recently been reseeded. Next Sabbath an open air service will be held, the address to be preached by Rev. T. Davey of your village. A strawberry festival will be held on the following Monday.

**IRISH LAKE.**  
Rain is badly needed and crops are very backward. Farmers have been busy sowing lately. We regret this week to chronicle the death of Mrs. T. Connor, who died suddenly on Friday last. Mr. John McEaney is visiting his daughter, Mrs. C. Hartford in Owen Sound.

Mrs. Thomas Sullivan and John O'Hara visited Glascott on Sunday last. We are pleased to know that Will T. Melton is able to be at home after a severe illness. Owing to her mother's death Miss Johnnie Connor has returned home from Toronto. Bears are still on the warpath. Mr. James Nash had a fine sheep killed last week. A number of our Irish Lake braves followed brain but failed to bag their game. Our fourteenth annual picnic is to take place on the 25th, and is looked forward to as a big day's enjoyment. Come, come all and spend a day's jollification on the banks of the Irish Lake.

**BERKELEY.**  
Mr. Jas. A. Allen has returned from Woodstock where he has been paying his sisters a visit. The Orange-Drum meeting was held here last Saturday. Miss McEaney, of Fieshering, has been paying our town folk a business visit returned home lately. Mr. Abbott, who is erecting a frame barn for Mr. Wm. Hampton, gave his knee a cut with the broad axe recently.

The two feather weight pugilists, S. W. and J. D. have had a match resulting in the defeat of the former in the second round. Mr. T. S. acted as referee. W. D. Quinn of Toronto, assisted by P. E. Davill, is touring the country by bicycle tank. Mr. Mitchell, of Mitchell Bros., has taken a trip up the lakes prospecting for another mill site. We wish this enterprising man success. Rev. T. Fybell preached an eloquent sermon last Sunday at Fieshering. Some boys, who should know better, interrupted the service, and were threatened with law if such be repeated. Gillespie Bros. are busily loading cordwood for outside markets. The Berkeley Stars, base ball club, are expected to play at the town picnic on Friday 19th. They will require to do some good playing as they have a crack team over there.

Mr. John Dowd, who has been ill for some time, is now, we are glad to say, on the mend. On Friday, 5th June, a Good Templar lodge was organized at Berkeley with good prospects for success. The following are the officers elected: Robt. Jamieson, Chief Templar; Mrs. J. Lund, Vice-Templar; James Smith, Chaplain; Wm. Stephens, Recording Secy; J. M. Thos. Abbott, Treas.; Byron Blevins, Financial Secy; T. S. Sargent, Past C. T.; E. Sargent, Marshal; Mary Rowe, Dep. M. P.; Thos. Rowe, Son; Wm. Stephens, Lodge Deputy. The lodge meets every Friday night at 7:30.

**Maxwell.**  
Last Friday Uncle Tom and followers crossed our town, and in the evening gave a fair display of the scene. It was just what was expected however, and so a number of the on-lookers returned home dissatisfied. The company left at night as soon as the play was over. The Orange society, who recently purchased the old church, had a methodist church was moved also. At the last meeting of the Orange Council the side walk question was again brought up. It was agreed upon to proceed with the funds now on hand, secure more if possible and put the steps later however. Miss Brown is at Mr. Hudson's at present.

**MARKDALE HARNESSES.**  
Thos. Mathews, MARKDALE Harness Establishment.  
Heavy Harness, Light Harness, Plain Harness, Fancy Harness, Double Harness, Single Harness, Flow Harness or any other kind of Harness.

**ALL SORTS.**  
A teacher in a suburban school, not long ago, gave her pupils twelve minutes in which to write an "abstract". A shoe was the subject selected by her, and the boys were to write in the first person. No limit to the number of lines or words was given them. Most of the boys wrote—and erased—during the whole time allotted, but the teacher noticed one fellow who sat idle until the time was within two minutes of expiring. As the scholars filed out she said to him, "Brown, did you finish your abstract?"

**Glengly Court of Revision.**  
The Glengly council met as a Court of Revision on May 30th. All the members present. The Reeve in the chair. Appeals were heard and changes made in the Assessment Roll as follows: Robt. E. Foran's assessment reduced \$50; lot 10, con. 2, assessed to D. Jackson as tenant, and to George Trumbay as tenant; Ronald McPherson's name was entered for lots 60 and 51 con. 1, S. D. R. as tenant; John K. Baies was entered instead of John Hain; George Ryan was assessed for lots 7 and 10, con. 1, N. D. R. as tenant and assessment reduced \$50; lot 1, con. 4, N. D. R. was assessed to James Staples as tenant; Hiram Deane's name was entered instead of John Deane's; lot 2, con. 6, was assessed to H. Burnett as tenant; lot 6, con. 10, was assessed to John McArthur as tenant; Thomas Lawrence was entered as a farmer's son; lot 8 of 7 con. 1, E. G. R. was assessed to George Murdoch as tenant; lots 2 and 3 of 8 con. 1, E. G. R. was assessed to Thomas Bell as tenant. The Assessment Roll as amended was passed and the Court of Revision adjourned.

After Court of Revision the council met for general business. All the members present; the Reeve in the chair. Minutes of last meeting read and confirmed. Several communications read. The Clerk was instructed to certify to the Assessment Roll as finally revised. The following were exempted from the payment of statute labor: personal interest. As there are laws against allowing deceased property in the public streets, so should there be against tainting and polluting the atmosphere with such people's breath. Perhaps as the nation advances with every sanitary appliance, it will be found necessary to purchase large quantities of Clark's Catarrh Cure to give to the people, it would be a wise stroke of public policy, for then the nation might rise up and call its name blessed. Sold by drug stores, or sent to any address by Clark Chemical Co., Toronto, New York.

**CONSUMPTION CURED.**  
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested his wonderful curative powers in thousands of cases, he felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send full directions, in plain English, with this receipt, in German, French or English, with full directions, with stamp, naming by mail by addressing with stamp, naming this paper, W. A. ROWE, 820 Fower's Block, Rochester, N. Y.

**Breeding for Beef.**  
Opinion differs as to whether it is best to wean the calves on the second day, or permit them to suckle longer. Our own idea is that it depends chiefly upon circumstances. Should the cow's bag be milked or hand, it will benefit materially if the calf is permitted to suck the cow; and again, if the calf is weaned, the same practice may with advantage be followed. On the other hand, if the calf be strong and healthy, it is often better to wean it at once. It will usually learn to drink more readily out of a pail than it permitted to suck its mother, and the cow herself will more quickly forget her calf and settle down quietly. In either case the calf should be given fresh milk from the cow three times a day for at least a week—a fortnight is better, after which time the new milk may be gradually diluted with skim-milk warmed to blood heat, a handful of shorts mixed with a little lard being added to counteract the loss of the new milk until the new milk is entirely without. Skim-milk warmed, with a little shorts and lard, and about a teaspoonful of molasses, should then be continued three times a day for about three weeks, after which it need be only given morning and night until the calf is about seven months old. The management during the early part of the calf's life is a matter of great importance, as on it depends as to whether it will prove a remunerative feeding animal. It is at the earlier stages of existence that the greatest gain of weight for the least money, and it is easily apparent, therefore, that the calf should be pushed along and kept thriving. It is, as we said before, essential that it should be kept in better order than what is often misdescribed as "improving condition." Care should be taken that no overfeeding should take place, for either is apt to cause a check

**MARKDALE CARRIAGE WORKS.**  
Wagons, Wagons, Wagons. Buggies, Buggies, Buggies. Road Carts, Road Carts, Road Carts. Repairing, Repairing, Re Tiring.

**WE CLAIM THE EARLY.**  
We claim the early is round, and we know it. We also claim that Hagen's Kidney Oil cures sprains, bruises, burns, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast.

Yellow Oil is a true family remedy for lameness or soreness in man or beast.

**TOU OWN IT.**  
To your friends, if you have an efficient breath from Catarrh, get rid of it as soon as possible, by using nothing of your own personal interest. As there are laws against allowing deceased property in the public streets, so should there be against tainting and polluting the atmosphere with such people's breath. Perhaps as the nation advances with every sanitary appliance, it will be found necessary to purchase large quantities of Clark's Catarrh Cure to give to the people, it would be a wise stroke of public policy, for then the nation might rise up and call its name blessed.
