LYNDON OF HIGH WARREN

AN OLD SOLDIER'S LOVE STORY. C. DESTARD, Author of "When the Tide was High," "The Artist and the Man," Etc., Etc.

Calcutta is Chile, recently caught fire astern. After an ineffectual effort to subdue the flames, the captain steered for Bulf harbour, is scapent of the Province of Otaga, N. M. He had succeeded in bringing his burning vessel to the mouth of the harbour, when a tremendous hurriean overtook me the raging five, and at the sime time force the uncertainty of the contained over bor, the raging five, and at the sime time force the uncertainty and at the sime time force the argue to face the wind and seas which beat upon and rushed over her. It was, however all to no avail. After a desporate struggle, with the opposing eluments the barque to face the wind and seas which beat upon and rushed over her. It was, however all to no avail. After a desporate struggle, sufferings the crew of the barque succeeded in swinning ashore. Here the miserable mights, suffering the extremest wretchedness of exposure and starvation. On the 10th day of their licing cast away, their distress significance and stay on the island one of their number wandered into the bush and was never heard of again. It is supposed that suffering drove the man mad.

A Dog's Great Deed.

In the year 187—the steamship Swallow lift the Cap of food Hope, bound for English, called it. Among them was a lady with a child of two years and a mars. The same heavy showed so the spin of the shell, on the sparking waters. A large and gay company of the passengers were assembled on the sparking waters. A large and gay company of the passengers were assembled on the sparking waters. A large and gay company of the passengers were assembled on the sparking waters. A large and gay company of the passengers were assembled on the sparking waters. A large and gay company of the passengers were assembled on the sparking waters. A large and provided with a shell will also brought the shall priced as a stage area. But the gun will most likely be a large area and the sum of the sparking waters. A large and provided waters are started to carry such an anough of the sum of the sparki
