A COPY of the premium list of Walter's Falls fall show came to hand this week. It was gotten up at the office of the Sun, Owen Sound, and is a good job. Mr. Holmes, the enterprising secretary, is throwing his whole energies into the business. The comprehensiveness of the prize list and completeness of the same in detail shows to a demonstration his adaptability to the work. Send for a copy.

THE Canadian Live Stock and Farm Journal for September appears in an entirely new dress and is in every respect a splendid agricultural journal. Its cuts are superior, its articles timely and able and its general contents seasonable appropriate and interesting. With this month a supplement is published entitled "The Household Companion" and will accompany the Journal each month without extra charge. It contains eight pages of select matter devoted to the improvement and amusement of the family circle. Subscription for both $1 a year. The J. E. Bryant Co., Toronto.

AN AMUSING INCIDENT.—A young lady in town received a letter, one day this week which caused no little merriment. It wasn't because of any particular wit on the part of the writer, but because the precious epistle was intended for another person and by some unaccountable means had been enclosed in the wrong envelope. It started off thusly—Dear Herb, Imagine the hilarity which followed; it was too good a joke to keep and a chum lady friend was admitted into the rich find and both enjoyed the incident immensely. Soon the thought flashed across the mind of the recipient that "Dear Herb" would in all probability be having an equally good time over the letter intended for her. This put a damper on the fun and she is now in a perplexing dilemma.

CORRECT.—An editor once said that if a newspaper should one day print the contents of its waste-basket there would probably be a riot. There would certainly be trouble in many homes, arrests in many directions, shotguns in another, trouble all around. But the patron never sees the waste basket. He only glances at the beautifully printed pages complains if one letter in fifty is upside down, growls if one name in five hundred happens to be wrong, kicks because his communication signed "tax payer" has been condensed into respectable English, frowns because the editor did not take his advice about publicly telling his neighbor of some short-coming and is generall disgruntled. He knows his share of the waste basket, but if he could have one look at the contributions made to that receptable by his neighbors and friends, he would be thankful for the existence of a man with sufficient intelligence and courage not to print all he knows, and to temper even that which he does print.

After a tour of inspection of the Western division of the Grand Trunk Railway system occupying nearly four weeks Sir Henry Tyler, president of the road, returned to Montreal last week, accompanied by several other officials, on his way to England, and expressed himself as well satisfied with the condition of the road, and knows nothing about amalgamation with the Canadian Pacific.

EDITOR TORONTO NEWS:—Kindly contradict an item in the personal column of Saturday News, which says that myself and wife have returned from our wedding tour, as it was doubtless intended for a joke by someone who evidently is incapable of understanding the effect such a false statement would have. I am unmarried, consequently was away on no wedding tour. R. O. Whitby.

SAD ACCIDENT.—A sister to Mr. Jno. George of Port Elgin, who has lived with him many years met with a painful and fatal accident last week. In the absence of those who usually attend the stables, she went to the hay loft to put down hay when she stumbled and fell against an outside door which did not happen to be fastened. Of course the unfortunate lady fell to the ground where she was found a considerable time afterwards with her back broken and suffering severely. She died in a short time and was buried on Sunday.—Wiarton Echo.

Schwendinger's planing mill at Drayton was destroyed by fire last Wednesday, the 2nd. Loss $5,000.

The United States has discovered a new method of keeping good and loyal men out of the country and selecting for immigrants those who have been disaffected citizens in their own country. It seems that their new labor law requires that no married man may obtain labor in the United States until he establishes a home in the country and that no unmarried man may be employed until he has taken out papers of naturalization. There are few men whose souls are so dead that they have not a strong and almost unconquerable repugnance to forswear the allegiance under which they have been brought up unless, indeed, they have been brought up in hatred to the Government under which they have lived. The naturalization formula of the United States is extremely repugnant to manly minds, and he who accepts it, for however good a reason, can hardly fail to incur more or less discsteem on the part of the friends he has left for his doing so. The only exception, as just remarked, is that of the natural revolutionist, who is liable to be such in whatever country he is found. This tyrannous exclusion of all members of the employed classes until they have forsworn their own Government is a delicately working instrument, whereby bad citizens are admitted and good ones kept out.

English Mining Syndicate.

WINNIPEG, Sept. 7.—An English syndicate has just paid $200,000 for one of the mines at Heelewaite.

The Lad was Cut to Pieces.

DRAYTON, Ont., Sept. 7.—A sad and fatal accident happened this afternoon whereby the 16-year old son of Joseph Hill, of Maryborough township, lost his life. He was driving a reaper, and in reaching forward to throw it out of gear one of the revolving rakes caught his head and threw him in front of the knives. Both arms and a leg were completely severed from his body. He was also severely cut about the face, and died in two hours after the accident.

Rich Discovery of Gold.

PORT ARTHUR, Sept. 7.—Marvellously rich gold-bearing quartz have been discovered on the Atikokan iron range. Surface samples broken at random run from eleven to one thousand dollars to the ton, five samples averaging $262 per ton. That section of this district is evidently intended to produce bullion as well as steel. The location on which the discovery was made is owned by local men, who are much elated over the prospects. It is expected that work will start immediately.

Drowned in a Mill Pond.

SHELBURNE, Ont., Sept. 6.—Miss Mary Stewart, who has for some time past been keeping house for her father, Thomas Stewart, of Maple Valley, a few miles from here, was found drowned in the mill pond yesterday. When the men came home for dinner they found that dinner had not been prepared, and Mary was missing. A search was instituted with the result that her body was found floating in the mill pond near the house.

A Curiosity.

Chillicothe (Missouri) Tribune.

Mr. Schaub, living near Wheeling brought a colt to this city this morning that has had a running sore in front of the right ear for nearly a year, and Mr. Schaub has had several doctors to examine the sore but they could not find what the cause of the sore was.

This morning the colt was taken to Dr. McLoughry, at Wilson's stable, to be examined. The doctor made a very careful examination of the sore and found that a tooth was growing directly in front of the right ear.

After telling Mr. Schaub what he had discovered and being told to remove it, the doctor cut the tooth out. As soon as the tooth was taken out the doctor looked into the colts mouth and found that there was a full set of teeth still left.

A Tribune reporter measured the tooth and found that its length was about two inches, and 1¼ inches in circumference.

Mr. Schaub stated that about a year ago the colt ran against a wire fence and from that time on, has had a running sore.

Dr. McLoughry says that the colt will get well. He also stated that this was the first case of that kind he had ever worked on, but has read of them.

Peach Festival.

The Peach Festival and Promenade Concert given by the Ladies' Aid Society of the Methodist Church in the rink on Wednesday evening was gotten up and conducted throughout in a manner most creditable to the management. The hall was handsomely adorned with blooming plants and evergreens, and brilliantly lighted, and the assemblage spent a pleasant and enjoyable evening. An excellent repast was provided, everything being of a superior order except the peaches, which were somewhat unripe. The music and promiunde were tip-top and all passed off fine. Such an excellent entertainment deserves a much better patronage at the hands of the church people, and those who were absent certainly missed a treat. Their fee will not yet be refused, however, by the treasurer. Proceeds $29.80. The Ladies Aid will return thanks to all who assisted in any way to make the entertainment a success.

Never broken.

—Kabo. The clasps in the B. & C. corset are made of silk —warranted for a year too.

It's a corset you can wear a few weeks, and then get your money back if it doesn't suit.

But it's pretty sure to suit —else it wouldn't be sold so.

Voters' List for 1891.

MUNICIPALITY OF THE TOWNSHIP OF EUPHRASIA, COUNTY OF GREY.

NOTICE is hereby given, that I have transmitted or delivered to the persons mentioned in section 7 of the Ontario Voters' List Act, as the case required by the said section, the copies required by section 7 of the said Act, of all persons appearing by the last revised assessment roll of the municipality to be entitled to vote in the Municipality at Elections for Members to the Legislative Assembly and at Municipal Elections, and that the said list was first posted up at my office, at Griersville, on the 31st day of August, 1891, and remains there for inspection.

Electors are called upon to examine the said list, and if any omissions or other errors are found therein to take immediate proceedings to have the same corrected according to law.

R. DUNCOMBE, Clerk of Euphrasia.

Dated August 31st, 1891.
