MARKDALE, OCTOBER 8, 1891.

SYSTEMATIC EFFORT.

The agricultural fairs are about all over for this season and have been generally successful, yet, there is room for improvement in many respects. Prize lists require to be carefully revised for another year and some things struck out and more added. Many a good suggestion and necessary improvement could be made now while the shortcomings are fresh in mind, and the STANDARD would suggest the idea of the directors holding a meeting right now at the close of the fall exhibition season and put their various ideas on paper before they are forgotten. If they are left until next years' fall show is approaching many a pointer which is now fresh and clear in mind will have escaped the memory. Markdale exhibition is just ripe for a grand united effort by every citizen, which would make it one of the leading fall fairs of the Province. We might just as well have an exhibit that would attract 5,000 as 2,000 people, and now is the time to commence to work for that end.

THE SUNDAY SCHOOL.

Perhaps there is no organization today doing a work so important and far-reaching in its efforts for good as the Sunday School. The various evangelical churches have been devoting increased attention year after year to this branch of christian endeavor, and it has come to be looked upon generally as the nursery of the church, and justly claims the sympathies and support of all christians. A well conducted Sunday School is a power for good in any community, but cannot be established and sustained without self sacrifice, zeal and faithfulness on the part of the officers and teachers together with the sympathy and generous support of the parents generally. Notwithstanding the wonderful growth and development of this branch of christian enterprise, there is yet much indifference manifested on the part of heads of families, even professing christians. A punctual and regular attendance of the children is of course a duty devolving upon parents, but this is not all; they should be supplied with collection every Sunday as regular as the week rolls round. There is no branch of christian duty in which there is greater need of education than the systematic giving to the cause of God. If the children are taught this duty by precept and example it will be a blessing to them as well as to the cause as long as they live. A cent each from all the children every Sunday would as a rule keep the finances of a school in good condition, and we believe there is much more than this amount spent foolishly during the week by the children for sweet meats and in ways that are not only a waste but decidedly harmful and injurious. If every child was thus taught to contribute a certain amount regularly they would develop a greater attachment and interest in the school and would be more useful members of society in after life. Then the parents should encourage both the children and officers by frequent visits to the school and by their presence at the school pic nic and anniversary and all such gatherings. The school workers have many discouragements and much self sacrifice to make and justly claim all the sympathy and encouragement which the parents of the children can give.

Beaverdale.

The weather has been very favorable for finishing harvest.

Mr. H. Kearny had a large pig devoured by a bear one night last week. The boys are getting their guns ready for a hunt.

Miss Eliza Manarey leaves for Toronto next week.

Our carpenter, Mr. A. Dickson leaves next week for Cloquett, Minn., U. S., to accept a situation as foreman in the woods for the firm of Ormsby & Blackwood, late of this place. We understand they have the contract to supply the Duluth and Winnipeg R. R. with ties.

Our school master is busily engaged every evening erecting a stable for his pony for the coming winter.

Mrs. Mathers is visiting friends in Stayner at present.

Another young Leppard has been seen on the 9th line.

Mr. Simpson is about to move to the neighborhood of Chatsworth. We are sorry to lose such good citizens as Hugh and family.

Maxwell.

Harvest over, harvest-home festivity past, fall weather here and the busy hum of the threshing machine are facts that cannot be denied.

Mr. Thomas Gamey, Jr., visited his parents and friends here lately.

The infant son of Mr. Dee Field was buried here lately. We sympathize with Mr. & Mrs. Field in the loss of this their first-born, but when the Master saith—Suffer the little ones to come unto me and "forbid them not," the command must be obeyed.

A little girl came to Mr. Emerson's on Oct. the first. At the time of writing we are pleased to say that mother and daughter are doing well.

A number from here took in the fair at Collingwood. As the weather and roads were everything that could be wished for, the pleasure-seekers enjoyed themselves very much.

Mr. Wm. Roberts, of Haliburton gave us a call last Thursday. He reports crops being rather light out there also.

Mrs. J. Blakely has been visiting her sister Mrs. J. Little for some time.

The Osprey fall show was held at Singhampton on Tuesday and was very well attended.

School closed to-day and to-morrow owing to our teacher Mr. J. L. Wood attending the convention at Flesherton.

Mr. Field's shop is nearly ready to move into.

Mr. J. L. Wood is re-engaged for next year, and all are pleased as he has done good work in our school for the past year.

HARKAWAY.

Inspector Grier visited our school last week.

Everybody attended the great Central Exposition of Walter's Falls last week. That extensive exhibition is the wonder of all.

Last Thursday evening hand bills announcing a meeting to discuss farmers rights were distributed in this section, and in response some thirty farmers with their wives assembled and were addressed by J. A. Alexander and J. McPhail of Middlesex and Bruce, who in telling words convinced those assembled of the excessive prices which are collected off farmers by manufacturers, merchants and millers. At the close of the meeting an Association of Patrons of Industry was organized with about thirty members. The farmers of this county are becoming alive to the fact that they must unite to compel those rings of extortioners to withdraw the lance which has so systematically bled them financially in the past, hence this great movement.

It is reported that one of our young men who had escorted his sweetheart home the other Sunday evening was shot at by the old gentleman. Others claim it was a coon hunting party, but I am inclined to think it was the feat of a Somnambulist.

A. M. HUTTON, Teacher.

Sudden Death of a Domestic

An inquest was held at St. Andrew's Market Police Station Monday evening before Dr. Johnston touching the death of a girl named Eliza J. Heathers, a domestic at 16 Clarence square. The deceased, it appeared, was a stranger in the city, had only been here a few weeks and had little to say to anybody. She had friends, apparently, who corresponded with her in Kimberley, Markdale, Flesherton and Berkeley, as well as in Pittsburg, Pa. She was called by somebody in the house last Saturday morning, but made no answer, and upon the door of her room being broken open she was found dead. The deceased is apparently from 20 to 22 years of age, and is above the average height. The jury returned a verdict of found dead in bed.

Election of Officers.

The annual meeting of the officers and teachers of Markdale Methodist Sunday School was held on Thursday evening last resulting as follows: Superintendent, W. G. Pickell; Assistant, W. A. Brown; R. W. Ennis was elected teacher for No. 2 bible class, and all the other officers were re-elected. A unanimous vote of thanks was passed to Mr. Ennis, the retiring superintendent, for the able manner in which he had conducted the school for the past two years. The school enters upon the ensuing year well equipped, having procured a fine new organ and a new library, during the past twenty-five months, both of which are paid for, and is otherwise in a flourishing condition. The anniversary services are to be held on Sunday next and continued on the Tuesday evening following. See posters for particulars.

Resolution of Condolence.

At the last meeting of Eugenia L. O. L. the following resolution was unanimously carried:

To Mrs. John Fields and Family.

Moved by Bro. James Brodie, and seconded by Bro. John Williams, and resolved, That we, the officers and members of L. O. L., 1118, embrace this our first opportunity since the death of your beloved husband and father and our esteemed brother to tender to you and your family our sincere sympathy and sorrow in this your sore bereavement, feeling that you have lost a tender and affectionate husband and your children a kind and loving father, and our lodge one of its oldest and most respected members, and we trust that the Great I Am, the great disposer of all events, will watch over you and your family and be a husband to the widow and a father to the fatherless, and that when it shall please Him to remove you and us from this vale of tears we may meet the departed in the grand lodge above where parting is no more.

Eugenia, Sept. 16, 1891.

Holland Council.

Holland Centre, Sept. 22nd, '91.

The council of the township of Holland met at Holland Centre on the above date for the transaction of township business.

The Reeve occupied the chair. All the members were present.

The minutes of the meeting held on 15th August were read, approved and signed.

The following were then read:—Communication from R. McDowall respecting plan of deviation near Walters Falls. Communication from the clerk of Glenelg asking for payment of $2.00 to R. English for repairs to culvert on townline.

Account from pathmaster Shea for $2.00 for repairs to bridge near R. Campbell's.

Mr. Crooker, C. P. R. agent at Chatsworth, addressed the council respecting passing a by-law for preserving order at railway stations.

Messrs Avison and J. Hamilton informed the council that part of the roadway on 40 sideroad was lying under water and almost impassible. The commissioner for Ward No. 5 promised to attend to the matter.

Mr. Thos. Perdue complained that Mr. John Ceasar, Sr., had built a culvert in the road opposite his farm which would cause his land to be flooded.

Williscroft—Hampton—That By-law No. 7 for the preservation of order at Railway stations be now read a first time.—Carried.

By-law No. 7 was then read a first time.

Hampton—Foster—That By-law No. 7 be now read a second and third times, signed, sealed and engrossed in the minutes.—Carried.

By-law No. 7 was then read a second and third times, signed and sealed.

Hampton—Shute—That this council cannot see its way clear to grant an equivalent to Glenelg council's grant of $2.00 to Richard English for repairs to culvert on townline Glenelg and Holland as we are informed that said work was performed by statute labor in the fall of 1890.—Carried.

Shute—Hampton—That David Shea get an order on the treasurer for $2.00 on account of repairs to bridge on Con. 2, W. T. & S. R.—Carried.

Williscroft—Hampton—That the clerk notify Mr. John Ceaser, Jr., to remove culvert off sixth concession, put there by him, and to clean out the ditches and leave them and the road as they originally were before he interfered with them. The same to be done on or before the first day of October or immediate action will be taken to remove the same at his expense.—Carried.

Shute—Hampton—That the pathmaster of road division No. 29 be instructed to remove culvert and clear out water course on 6th concession, if the same be not done by Mr. John Ceaser, Sr., on or before the first day of October.—Carried.

On motion the council then adjourned till Saturday 17th October.

JAMES P. HARE,
Clerk.

Pleased or Disappointed.

The Fall Exhibitions are now over for this year and many useful lessons have doubtless been learned.

Some exhibitors have been pleased and others disappointed, but people are fast learning that to buy their groceries, crockery, flour and feed and boots & shoes at Rutledge's grocery, is sure to please every time and none go away disappointed.

You ask how we know this?

Simply because they always come back for more when the supply is exhausted.

We are thankful for past patronage and solicitous of a continuance of the same.

Edward Rutledge,
