Markdale Standard.

C. W. Rutledge, Proprietor.

MARKDALE, NOVEMBER 26 1891.

HARKAWAY.

Mr. T. Bassett visited Thornbury this week.

Messrs. Hampton and Greenaway have finished threshing in this section.

Mr. T. Wright foreman for a Toronto gentleman has engaged a large number of teams to haul saw-logs to Berkeley this winter from the 11th line Euphrasia.

Mr. George Basset is home for the winter.

Mr. W. J. McMicken intends moving to his farm near Dundalk as soon as the roads are favorable, he and his family carry with them the best wishes of this community.

Mr. P. Lyons has moved into his mansion.

DUNDALK.

Business paralyzed by the storm and state of the roads.

Business in the hardware line is going to have sharp competition here. Three large hardware stores will soon be in full display, the new firms being, W. A. Seawright and Chas. E. Noble & Co.

Mr. C. H. Jewell has disposed of his furniture and undertaking business to Mr. Harrison of St. Marys. Mr. Jewell has made many friends during his residence here.

Graham & Co., have enlarged and refitted their large store until recently occupied by J. D. Morgan, and will move into it in a few days.

The plate glass fronts add considerably to the appearance of our stores.

Nearly $5,500 was paid out in Dundalk last week as the proceeds of the last sale of cheese from the factories in this vicinity.

Flesherton.

ANOTHER PIONEER GONE.—On Saturday afternoon the grave closed over all that was mortal of Mr. Richard Whittaker. He had been long in feeble health, but nevertheless reached the ripe age of 75. The old settlers are going one by one, Mr. Whittaker being the last of three who settled together, and who have followed each other in quick succession. He leaves a widow and grown up family.

CALL TO REV. MR. HUGHES, OSPREY.—By appointment of the Orangeville Presbytery the Rev. Mr. Wells exchanged pulpits on Sunday last with Mr. Hughes, the latter having received a call to Rosemount. Mr. Wells read the citation calling upon the Osprey congregation to appear before the Presbytery in their interest. The Osprey people have had a stormy time lately over the Parks affair. Surely they will now bury the hatchet.

CHANGED HANDS AGAIN.—The butcher-ing business here has lately been of a very spasmodic character. Bros. Thompson having sold out to Bros. Glass. It is to be hoped that this somewhat fragile name is no indication of an early break up.

Goring.

The weather is very disagreeable now.

Some successfull farmers in this section has not got their turnips up yet.

Mr. John Overland and family have moved into their new house.

We are pleased to hear that Mr. J. Erskine is still improving under the skill of Dr. Bennett, of Rockyn.

Mr. Jas. Hall has rented C. H. Morrow's farm for four years at a rent of $125 a year, we understand C. H. M. intends to go to British Columbia to join his brother Samuel in the spring.

Mr. William Kirkpatrick is at full blast in the timber again which no doubt will help the needful.

Mr. R. Breadner has purchased some cattle from E. Sparling.

A. Curry has purchased some cattle from W. Woods.

Mr. T. Milson was down to the city last week on business; we wonder if it was in the matrimonial line.

A social will be held in Ebenezer church, 11th line, on Tuesday evening next.

The Patrons of Industry had a very successful meeting on the 12th, the topic of the evening was a debate on "cattle vs. grain" which resulted in a victory for cattle.

Our butcher has not put in an appearance for some time since he has moved to his new field of labor, we hope he will not forsake us entirely.

Walter's Falls.

The young winter of last week made business lively while it lasted, but Saturday's showers have quickly dissolved the beautiful white mantle into one which we are too well acquainted with at present. Had the snow remained, parties would have been the order of the night.

Mr. F. Kirkham's addition to his house is nearing completion. As long as the earth rotates, we believe Walters Falls will continue to increase in any manner you desire.

Mr. C. Boyle, brother and sister, we understand have removed to Mr. Jonah Clark's vacant house, while Mr. J. Seabrook wife and family will become citizens of this town, by taking possession of the house lately occupied by Mr. Boyle.

Our mail-carrier found the road very heavy last week, and so far there is every indication of no improvement this week.

Mr. T. Rennie occupied the pulpit here last Sunday evening.

We are sorry to be able to record the illness of Mr. C. H. Morgan our tailor, who has an attack of inflamation in the bowels. We hope he may soon recover.

The Good Templars held a very successful free entertainment on Monday night. The evening was very disagreeable, but quite a number assembled, to hear the grand program. Mr. Evans the organizer of this lodge, addressed the audience in fine style. Other very eloquent addresses were delivered by the Rev. Mr. Meyer, Mr. W. Dayman, chairman, and Mr. W. J. Shepherdson. Interspersed with these addresses were dialogues, readings, etc. The closing ode was then sang and all wended their way home midst the snow.

A SEVERE ATTACK.

DEAR SIRS,—My children were taken ill with ulcerated sore throats bordering on diphtheria. I had nothing in the house but Hagyard's Yellow Oil which I used with great benefit. I am sure if it had not been for it the disease would have developed into diphtheria. It is a splendid medicine. Mrs. E. Cameron, Moore's Falls, Ont.

Priceville.

Our monthly Fair was held last Monday. The attendance was very small. There were quite a number of cattle out, but not many sold, as many of the farmers thought the prices offered too low. Apparently these Fairs will soon dwindle to nothing. Of late years there are so many buyers going around through the country buying the cattle there and then. The most of the farmers are ready to admit that they invariably do better by selling at home.

The roads in this locality are very bad at present, owing to the heavy rains of last Monday.

The funeral of the late Mr. Reid, of the old Durham Road, Artemesia, was held last Friday. The deceased was well up in years, having attained his 77th year. He had been ailing for some time.

Our business men and mechanics are getting a move on at present. Business is getting better. The blacksmiths especially appear to make the anvils ring more loudly than heretofore. In this line we have three first-class men, viz: Messrs. Reily, Hayes and McRae, all of whom are ever ready to attend to the wants of their customers.

The Misses. James and Husband of this village, who are attending the Durham Model School, were home visiting for a few days last week.

Mr. Dugald Ferguson, of Proton, joined the Temperance Division here last week. This Division is continually prospering. It numbers now about 70 members. They meet in the Hall of the I. O. F. and A. O. U. W.

On the 22nd Dec. the Presbyterian Sabbath School Anniversary will be held. The school is in a prosperous condition, with an attendance of upwards of 100 scholars and a staff of 11 teachers at present.

Mr. James Frame was unable to work for about 10 days, owing to a lame arm. He is about all right again.

Mr. Geo. Tryon is in the butchering business, and always ready to supply the wants of his numerous customers.

The Rev. Mr. McLeod is improving in his health, which has not been very good for some time.

Miss Lottie M. Robertson, who is clerking at Mr. Cameron's store, Durham, was home on a visit last Sunday.

[The above came to hand last week on going to press.]

The Factory Site.

The site of the new chair factory is to be west of the dry dock property, Mr. John Harrison having sold two acres to Messrs. J. G. and A. B. Hay in that locality. Building operations will be began immediately, and the ground is now being cleared for the purpose. The site is handy to the wharves, over which Messrs. Hay will do a large part of their trade, and the distance from the railroad will be scarcely any drawback, as the articles to be manufactured are so light as to deprive teaming of any difficulties.—O. S. Times.

You Can Find Out if This be True!

Five dollars worth for fifty cents is an unusual offer, yet it is a *bona fide* one. While travelling in Germany Mr. Edmund E. Sheppard, editor of Toronto Saturday night, saw in the principal art stores a magnificent oleograph 20 x 24 inches in size, printed in twenty-one different colors and tones of oil—what is really a factory-made oil painting of the highest class, not a chromo. After obtaining the address of the art association which issued it he visited their manufactory in Berlin and made arrangements for a Canadian to accompany the Christmas Number of Toronto Saturday Night. The subject of this beautiful picture is Fatime, the daughter of Mahomet. Only one thousand copies had been printed and these were sold at twenty marks or $5.00 each. The firm had paid the artist one of the most distinguished portrait painters in Europe, five thousand marks for the privilege of reproducing this picture, and the sale in Germany had been limited to one thousand copies, yet the picture which will be presented in Canada is identical with it, printed on the finest paper in twenty-one differently colored oils, embossed and varnished ready for framing and needing neither glass in front nor wood back of the picture, as it is almost identical with a painting mounted on canvas. The picture represents an oriental beauty remarkably life-like, and is unequaled by anything that has ever been presented by any newspaper *in the world*. When you see this picture hanging in a news store together with the pictorial supplements given by the English illustrated papers, you will at once admit that even the great London publications are not in competition with our own Canadian Saturday Night.

The Christmas Number of Saturday Night contains forty-four pages beautifully illustrated, printed on fine paper, and is a marvel of typographical art. A large amount of money has been paid for prize stories, poems and photographs. The stories have been illustrated by the best Canadian artists and every page contains something pleasing to the eye. The publishers of Saturday Night never indulge in fakes of any kind. It is their aim to make their Christmas issue an advertisement which is certain to attract readers to their regular issue.

Perhaps you do not read Saturday Night It is a twelve page paper, always well illustrated and admittedly wears the handsomest dress of any paper in the Dominion. All the good things from the American and English and German comic papers are reproduced, both jokes and pictures. The faces of foreign celebrities, authors, statesmen and actors appear in its columns. It pays more money for the copyright stories of leading English novelties than all the other Canadian papers combined. It is thoroughly clean and has the largest and ablest editorial staff of any weekly paper in Canada. Its large circulation and magnificent advertising patronage alone make it a possibility in a country like Canada where at best there is but a limited patronage. The Christmas Number and the regular issue of Toronto Saturday Night are for sale by all newsdealers. The price of the former is fifty cents, including the picture Fatime; the latter is two dollars per annum—two dollars and fifty cents for both. You cannot do better than subscribe either directly to the Sheppard Publishing Company (Ltd.), 9 Adelaide street west, Toronto, or to your news agent.

A SEA VOYAGE.

A sea voyage is an expensive and extensive prescription, especially when equally good results as regards health, are to be had by simply taking Burdock Blood Bitters according to directions. It is a specific for dyspepsia, cleanses the blood, regulates the liver, bowels and kidneys, and removes all impure matter from the system.

Painful burns, bruises, scalds and cuts are quickly soothed and healed by Victoria Carbolic Salve.

Sick headache caused by excess of bile or a disordered stomach is promptly relieved by using National Pills.

KIMBERLEY.

Municipal matters are unusually quiet here. The superfluity of rain, snow and bad roads seem more interesting at present.

We are to have another blacksmith and store keeper soon, and if the roller mill proves a success it will give Kimberley quite a boom.

Mr. Hanna, of Ravenna, has been engaged as public school teacher here for 1892. Mr. H. comes highly recommended. He will have to be wide awake if he gives the necessary attention to each and all of the 70 to 80 pupils.

Mr. Chas. Wickham recently lost his second oldest child, of scarlet fever. The parents have the sympathy of the community in their affliction.

Mrs. Simpson, who was taken ill with consumption last fall, is now very weak and not expected to survive long. She was very strong and active eighteen months ago.

Thos. Crowthers has returned from the old settlement where he has been employed all summer. Glad to see him back.

John Plewes has built an addition to his house, which adds to the appearance of the town.

The minrods here are very quiet now, and altho' the boys were not very successful, when the season was out they were content to leave the deer unmolested until another season comes round.

Continued from Last Week.

We have a fine view of the lumber barges loaded with Southern pine lumber & timber what the call here Southern, hard pine and scooners piled up with bails of cotton 12 to 15 ft high. One of the latest novelties in Brookland is a large business block with elevator that takes up the Horse & Carriage 6 or 8 Stories high you drive round the flats to any Shop you like the same as on the street. I saw more men idle in New York in one day than I saw during the rest of the trip. I took a Stonington line boat for Boston passing under the Brooklin bridge a superior piece of engineering the construction of which was superintended by the wife of the engineer who drew the plan while her husband was sick. Two cable trains of four cars each ware passing each other on the centre of one of the spans. I counted from the deck of the steemer 58 boats and steemers of different sizes from the little tug of 40 ft long with two large scows one on eben side up to the large ocean vessel. From here we got a fine view of the Statute of liberty several hundred feet high with it's large electric light lighting the harbour. We have a nice trip over a calm sea down the long island Sound between the cost and long island while the sea is rough out side we arive a Stonington at 3 o'clock in the morning. We take a through tram for Boston and arive there at 6:30. I soon found my Cousin Dr. Boland whom I had not seen for 38 years, owning a beautiful home on East Broadway South boston enjoying all the comeforts a fine income affords his accounts last year running over $7000, he having collected over $6000. He took his double carriage what they all there can buy all & he with his wife & children drove me around the city to all the places of interest. We drove several miles out through the suburbs to Franklin Park with beautiful asfelt drive ways & walks through groves of many kinds of trees that were strange to me. They have a peculiar kind of rock here called Rocksborough Pudding ston which had been at one time a soft mass filled with pebbles of many colours it is to be found 40 to 50 ft deep as shown in their quarries. They have beautiful public gardens they were taking up their flours & even their choiset & giving them to the poor & preparing their beds for springs. They have a fine Statue of Washington on horseback larger than life on a pedistle high up from the ground. They have also a fine Statue in memory of the man who discovered the use of ether to relieve pain in surgical operations. Some of their finest streets are built where the tide once rose to a hight of 8 ft they are filling up the say rapidly by removing hills 25 or 30 ft high & dumping them into the bay. The old harbour is stil there & known by the name of Tea harbour where once rebellious british subjects refused to pay duty and dumped a cargo of tea into the bay. Old Boston is one of the worst laid out cities in america having been built on the trails & by ways through the forest & remained so. Modern Boston is well laid out. I returned to New York via same rout where I spent another day finishing up my business. I would liked to have spent another Sunday and again hear Dr. Talmage the great Brooklyn Preacher as I did last December but time would not permit. I was frequently accosted by Americans with the question why don't you become annexed to us & we will help you pay off your heavy National debt. I said we prefer to remain as we are but we had no objection to you being annexed to us would like to have free trade but I think our chance of free trade is small as many of the Americans are protectionests especially the agriculturists. Business done I hurried home. Canada for me.

Yours truly,
THOS. BOLAND.

CONSUMPTION CURED.

An old physician, retired from practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections; also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES, 820 *Power's Block, Rochester, N. Y.*

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COSSTROS, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life in this climate for frail and delicate are many of its works. A tiny particle of foreign substance adheres to the finest wheel in the works, and sets it slightly out of order; only a slight difference is perceptible in its action—time, but wait you; as the obstruction grows, the irregularity becomes more painful and long, while I have been troubled with attic trouble, in the morning will not require much care in the complaint, causing the entire works, at derangement is magnified, it appears and increases imperceptibly at first, then rapidly, until at a period in the beginning, have been cured with a few boxes of your invaluable becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve good health.

Yours truly,
H. P. ATWELL.

The True Heart Safe-Guard.

Canso, Nova Scotia, N.S., Jan. 7, '92.

W. H. COSSTROS, Brockville, Ont.

Dear Sir,—For many years I have been a firm believer of your "Dr. Morse's Indian Root Pills," Not with a blind faith, but from the convincing evidence wrought by an actual personal experience of their value and merits. My business is such that I spend much of my time away from home, and I would not consider my outfit complete without a box of Morse's Pills.

Yours truly,
S. J. MCLELLAN.

W. H. COSSTROS, Brockville, Ont. Jan. 7, '92.

DEAR SIR,—This is to certify that I keep in Patent Medicines, including [illegible] kinds of Morse's Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the other remedies I keep. Sales [illegible] are still increasing.

Yours truly,
S. J. NICHOLSON.

To save Doctors' Bills use Dr. Morse's Indian Root Pills.

THE BEST FAMILY PILL IN USE

Victoria Carbolic Salve is a great antiseptic medicine in the treatment of scrofula sores, ulcers and abscesses of all kinds
