H. B. HUNT, proprietor of the Ocean House, Gore Bay, turns the scale at 379 lbs. and is said to be "light on foot" at that. We wouldn't care to have him tread upon our corns all the same.

MR. JOHN HUNT of the 8th concession, Glenelg, passed through on Saturday last with a fine thoroughbred Berkshire Boar from the herd of W. J. Shepherdson, breeder, of Walters Falls. He's a dandy.

YOU may have two feet or you may have a dozen to keep clad, but its no difference to Halbert, the shoemaker, bring them right along. He can fit them even they should require "small sixteens."

ACCORDING to the latest amendment in the School Act, the year closes on the 22nd December and opens on the 3rd January. Rural schools are the same as those in cities, towns and incorporated villages in this respect.

SUBSCRIBERS to the STANDARD who reside outside Grey County who wish the paper continued after the end of the year will do well to renew this the last month of the year; that is if your subscription expires at New Year.

OWEN SOUND is to have five telephone trunk lines forthwith, viz.: one to Warton direct; one to Harriston, via Flesherton and Durham; one to Toronto, via Orangeville; one to the west, via Tara and Hanover; and one to the east via Meaford.

THE Mirror seriously questions the wisdom of the Meaford High School management in permitting Mr. Burgess, one of the most successful and popular teachers, to sever his connection with that young institution, when a moderate advance in salary would likely have retained him. Mr. Burgess has accepted a situation in the Owen Sound High School.

CHAS. E. PERRY, Grand Organizer of the Orange Order, is billed to deliver a lecture in the rink hall, Markdale, this Thursday evening, subject, "Canada the Greater Britain." Admission, silver collection at the door. This ought to be an interesting subject, and Mr. Perry is a fluent speaker.

MR. HALL, of the Dundalk Herald, is determined to keep abreast with the times. Last week the Herald came to hand changed in form and greatly improved in appearance. Theo. is a live newspaper man and is receiving a liberal support by Dundalkites. May success crown his energetic efforts.

HOLLAND Council minutes and a number of school reports crowded out this week, but will appear next. We expect our columns will be much crowded now until after the Xmas holidays and would ask correspondents and others to practice brevity for a few weeks, but don't withold altogether you know.

THE Collingwood Bulletin of last week gave a half-column description of the new and magnificent building and furniture warerooms of Mr. Chellew of that town, a former resident of Markdale, and son-in-law of Mr. John Lyons of this place. This building is 30 feet wide by 102 feet deep and three story high.

MARKDALE Citizens band has received its new instruments and we may now expect out-door concerts more frequently than heretofore. The new outfit cost $116.00, all of which has been paid. The boys are to be congratulated for their courage and enterprise in grappling with and mastering this commendable undertaking.

THE Massey Manufacturing Co., and the Harris Co., amalgamated a short time ago, and a little later the Patterson and the Wisner companies united, and now the former has gobbled up the latter, which puts four large concerns into one, to be known as the Massey Harris Manufacturing Company, Ld'd. In a circular to their agents they claim that implements will not be advanced in price.

REV. T. HALL preached an able and very appropriate sermon last Sunday morning in the Methodist Church. Miss L. Hall gave an able address in the evening to a large and appreciative audience. The Misses Hall, evangelists, are eloquent as well as earnest and humble, and the interest as also the attendance continues to increase at the meetings from night to night.

C. P. R. IMPROVEMENTS.—Mr. John Pickett, foreman on Berkeley section, has just completed cutting down the second-growth brush along the line from Orangeville Junction to Owen Sound. He had a gang of fourteen men working at it since the 1st of August. This clearing away of all brush between the fences is a decided improvement in the appearance of the line. Semaphores have also been recently erected at all the stations, thus lessening the danger of accidents.

SUPERFINE.—A copy of a ten-page fall and winter circular issued by G. H. Falconer, general merchant, Streetsville, came to hand last week. It is decidedly an excellent and attractive advertisement and reflects much credit on the enterprise and business tact of Mr. Falconer: furthermore, the unique design, excellent and appropriate material (paper, ink and type) used, together with fine press work throughout is a standing tribute to the artistic skill and superior taste of Mr. A. R. Fawcett, who executed the job.

THE December number of The Delineator contains illustrations and descriptions of Current and Incoming Styles for Ladies, Misses and Children, articles on the newest Dress Fabrics and Novelties in Trimmings, and representations of the latest ideas in Millinery, LINGERIE and Fancy Work. HYMENEAL.—On Monday last the residence of Dr. Sproule, M. P., was the scene of a happy event, being the marriage of Mr. George A. Higginbotham, of Brandon, Man., to Miss Ada M. Sproule, only daughter of R. J. Sproule, Esq., post master at Flesherton. Misses Annie Richardson and Lillian Sproule acted as bride's maids and Messrs John Wesley Armstrong, Jr., and Fredrick R. Sproule supported the groom, while Rev. A. Tonge tied the nuptial knot. There was a handsome display of presents. Mr. Higginbothan is a former Flesherton boy, esteemed and respected by all who know him while Mrs. H. is a very estimable young person. They left by the 4:31 train, and after spending two days with relatives near Toronto will proceed to their home in Brandon. They carry with them the good wishes of a large circle of friends and acquaintances, and the STANDARD joins in congratulations.

THE REASON WHY.

THE reason why Burdock Blood Bitters leads all other medicines in the race for popularity is because it is absolutely pure, cannot harm the most delicate invalid, and never fails to cure biliousness, dyspepsia, bad blood, constipation, etc.

The competition will close on the 15th of this month, when the prize will be awarded. Now don't delay. E. Rutledge the grocer.

800 EMIGRANTS FOR B. C.—Seldom has it been the privilege of our citizens to witness such a wholesale emigration from our midst as that which took place last Friday. The crowd appeared robust and in good spirits and indicated but little concern on leaving behind their relatives and comrades. Mr. R. B. Currie was the emigration agent in charge and expects to reach New Westminister the latter part of this week with his cargo of live turkeys.

Mrs. F. W. Brooke and son Jack returned home last Thursday. Mrs. Whitby and son Leason accompanied her to Oshawa and will remain there some weeks at least.

Miss Mattie Griffiths returned last Thursday to the royal city, Guelph, after spending a couple of weeks visiting Mr. John McCallum's 11th line Euphrasia.

Mr. Andrew Beattie returned on Thursday last from British Columbia.

Editor Standard:

Hallowe'en passed over pleasantly with the exception of some tricks by the foolish thoughtless gossoons. Now if each one would get such a glad surprise as the writer, when a kind sister, Mrs. Thomas Brown, called at dark and left a basket of pies and sweet cakes, with what different a feeling the folks would have gone to church on Sabbath morning.

Yours truly,
ISAAC BROWN.

After 37 Years.

OWEN SOUND, Nov. 27.—A few weeks ago an advertisement appeared in one of Toronto dailies asking to the whereabouts of John Middlebro. The attention of Mr. W. Middlebro, law student of this city, being directed to it he communicated with the advertiser, Mr. Edward Middlebro of Sawyer City, Pa., resulting in the establishment of the fact that the late John Middlebro of Owen Sound was the person referred to in the advertisement and that it was his brother who had made the enquiry. In this way communication between the families interrupted in 1855, nearly 37 years, has been restored. When the brothers lost track of each other it was concluded that Edward was killed in the American war. It now transpires that he is a wealthy citizen of Sawyer City and the owner of ten oil mills.

To invigorate both the body and the brain, use the reliable tonic, Milburn's Aromatic Quinine Wine.

School Entertainment.

The school entertainment on last Friday evening was, in every way, a decided success. Few public schools we venture to say can boast of as fine an array of talent as that which greeted the delighted parents and friends of the gifted and disciplined young performers. It would be difficult to over estimate the importance of an entertainment of this kind. The benefits are not confined to those actually taking part, since if the pupils acquit themselves creditably, it is an inspiration to others to emulate them. It draws out the talent and otherwise undiscovered natural gifts and thus enables the teacher to co-operate with nature in that pupils education. If a teacher can find out what a pupil is adapted for then that ought to be an avenue to enlist his sympathies in other desirable directions.

We say then that these entertainments are worthy of every encouragement. It must be and no doubt is very gratifying to teachers and pupils to know that their efforts are appreciated.

It is quite apparent that there has been a revolution in public school entertainments as well as in the methods of teaching the different branches in our public schools. Kindergarten songs, calisthenics and drills have taken the place of the old time dialogues, recitations and stump speeches.

We are pleased to see that our public school has caught the kindergarten spirit. With the material that is in our school and with teachers who are making every effort to keep the pupils and themselves abreast of the times and with one of the most capable and efficient inspectors in the province, we are justified in indulging in high hopes for the future prosperity of our school.

Proceeds $30.10.
