for a swim, sir. A sheet calm, and the floods only now a going to make."

Though I had from time to time visited the tipm, I had never spent more than three days at a time in it; and the boatmen, therefore, were strangers to me. I said to this man "Yes, it is the very morning for a swim. What sort of a boat is yours?"

"The best boat in the harbor, sir," he answered? "There she lies, sir—a real beauty," and he pointed eagerly at a wherry painted blue, with raised thole-pins, after the boat by the gumwale, to rest-myself, and I called be him to atop rowing, that I might waterprene.

anuch miscle and as little clothing as possible. Each of these instructions, however, were given, so to speak, as a matter of murder in the country are features which are not allow I had ruffian ahead to myself, he perhaps by to be drowning until he sink, that elf of his ny watch were left of her left of

and she gladly consented to undergo any ki d of suffering for the sake of her child.

Tuesday morning was the time set for the operation and Dr. H. Historia, of the U.S. College of Physicians and Surgeons, who has successfully performed several operations of skin-grafting, and the hospital physicians set to work to transfer the skir of the mother to the body of the son. Mrs. Munch, at her own request, was not placed in the passed through the ordeal without making any complaint. So skilfully was the work and the passed through the ordeal without making any complaint. So skilfully was the work body of the son much blood. A good many square inches of skin were taken off and placed for er the places on the boy which have refused to heal, almost completely covering the wounds. It was thought at first that two or three operations would be necessary, but Dr. Hotch kiss and Dr. Glisian said last evening that the inother acted so bravely that all the skin necessary was taken off. It may be necessary was taken off. It may be necessary was taken off. It may be necessary week or two from now to do a little more skin grafting, with the decrose at the present time are of the opinion that what has already been done will suffice. It will be soveral days before the mother will be soveral days before the mother will be soveral days before the doctors will be soveral days before the mother will be soveral before the doctors will be able to leave the hospital, and soveral weeks before the doctors will be able to leave the hospital, and soveral weeks before the doctors will be able to leave the hospital.

A MEMORA BLE

THE MALE SIDES

dir the whole, we do not think there is any necessity of a new social ediction this question. The great majority of young wonden can rely on their charms and the usual methods of intimating their preferences to bring their swains ato the point of wooling. But if any young woman finds herself in the Redmond O'Hanlon, the host hoted the Irish brigands, after Listinguishi himself through the most during deeds r a lover too prentice.
