Purely Personal.

MR. A. TURNER, of Orangeville, made a flying visit to Markdale recently. His call was so brief we almost overlooked it.

Geo. S. Mathers went to Stayner last Friday to spend a week at the parental home.

J. A. Brett left Turner & Co.'s drug store last week to attend the Toronto University Medical College.

Thos. McNea returned last week from his trip to British Columbia. He is much pleased with his trip but not in love with the mild weather over there where they have about half a day fine out of two weeks and the other 14½ days being a continuous weeping of the elements.

R. B. Currie returned from B. C. on Monday.

J. J. Martin, of Owen Sound, is down for a few days.

W. B. Thistle came from Owen Sound on Monday in answer to a telephone call from his brother-in-law, W. J. and John Sheils, who were seriously ill with grip.

Tried to Kill Her Babe.

SHELBURNE, Jan. 22.—A unknown young woman came to the Royal Hotel with an infant and engaged rooms. On Monday she went down to dinner, leaving the child in the room. Mrs. Tuck happened to go into the bedroom and noticed that the child was completely covered up with quilts, blankets and pillows. She removed them and found the child black in the face and nearly dead with suffocation. Dr. Rooney was called in immediately and after considerable work the child was brought around. The woman left a short time afterwards, taking the child with her.

Siftings.

Business has been exceedingly quiet of late.

And perhaps it is well that it was so.

Because la grippe has so paralized our citizens generally that they could not have done much anyway.

Or else would have dangerously exposed themselves in their endeavor to wait on customers.

There are, however, quite a number who have escaped the malady thus far.

Quite enough to have kept the sidewalks fairly clear of snow.

During the remarkable slack days and weeks.

This is wholesome exercise.

And ten minutes effort in this direction could not fail to prove beneficial physically.

Besides the convenience it would prove to pedestrians.

But the majority would evidently prefer to burn their shins by the stove.

Or spend their time in useless employment.

Ten minutes work a day by each house holder would keep our sidewalks in a respectable condition.

Instead of the disreputable state in which they are generally found.

There are a few who do well in this direction.

But it is discouraging to them when perhaps their next neighbor will not assist or do his part.

One of two things should be done in order to surmount the difficulty and overcome the evil.

Either pass a by-law to compel citizens and property owners to clear the snow off the side walk in front of their property.

Or else let the council provide wooden snow plows, as they do in Owen Sound and other places, and employ men to do the necessary clearing away of snow.

And then all would be compelled to either do their share of the work.

Or pay for having it done.

The various municipal councils have been organized.

And the heads are this week attending the county parliament.

It is to be hoped they may take lessons from past experience.

And prepare for the improvements of roads and sidewalks.

Before the time arrives when the work should be performed.

Plans should be formulated now.

And necessary material for sidewalks contracted for early in the winter.

So that when spring opens everything will be in readiness to make the necessary repairs and extensions.

Also in road making the proposed improvements should be considered.

And thus "take time by the forelock" so that the greatest possible value may be secured for a given outlay.

The question of procuring a cemetery should be generally agitated.

And is deserving of the co-operation of all our citizens.

It may take the form of a joint stock company undertaking.

Or a corporation scheme.

Or that of a private enterprise.

But whatever form is adopted let there be a cemetery.

We have not heard of any opposition to such from any source.

But simply a want of a person or persons to take hold and engineer the matter seems to be the only cause of delay.

OBITUARIES.

MRS. Walker, wife of Mr. George Walker of Holland, who has been a resident for 35 years, passed away on Thursday the 14th inst., in her 84 year. Deceased was a woman of amiable disposition and consistent christian life and was beloved by her numerous relatives and respected by all who knew her. Her husband, now 85 years old, is quite feeble and feels his loss, and loneliness keenly, and will not likely be long behind.

Mrs. Lackey, mother of Mr. James Lackey of Cheeseville steam saw mill, one mile out of Markdale, died on Sunday last at the advanced age of 92 years. Deceased, with her husband, James Lackey, moved to this district over 30 years ago and shortly afterwards Mr. Lackey was killed by a falling tree while chopping. The remains of the old lady were buried in the English Church cemetery on Tuesday last.

On Monday last W. J. McFarland received a telegram that his sister, Mrs. (Rev.) J. W. Savage, of Bondhead was seriously ill and later in the day another telegram announced the sad intelligence of her death. Her remains were brought to Flesherton on Wednesday and interred in the family plot in Flesherton cemetery. Deceased was well known in Markdale as a lady of undoubted christian character and of zeal in the Master's cause, and highly respected by all who had the pleasure of her acquaintance.

DONALD McDUFFIE, one of the pioneers of this place, died on Monday last, after a short illness, aged 77 years. Deceased settled in this part about 40 years ago and has since been a continuous resident on his farm adjourning this village. The yeomen of the present day know but little of the hardships and privations borne by the early settlers, yet many of them, like Mr. McDuffie, have reached a good old age. He leaves a wife and large family to mourn his demise.

FAILING FAST.
DEAR SIRS.—My mother was failing very fast after three months' suffering from dropsy, being swollen from head to foot, but after she had used one bottle of your Burdock Blood Bitters it was removed, and she is quite well. We think there is no better medicine, and are true friends to B. B. B. Miss Lavinia Taylor, 177 Jamieson Avenue, Parkdale, Toronto, Ont.

BILIOUSNESS—FEVER AND AGUE.
So pleasant and effectual are Dr. Morse's Indian Root Pills that no one need suffer from biliousness, fever and ague, and all other bilious diseases that are caused by a torpid liver, if persons living in a country where fever and ague, and all other bilious diseases are prevalent, will find they should never be without them. From two to four pills each night, for a short time, on going to bed, will, in a short time, drive away the sickly yellow look of biliousness, purify the blood, and bring to their cheeks a beautiful glow of perfect health. Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

Friendship stops where borrowing begins.

FAMILY AND FRIENDS.
The family medicine should contain a certain cure for Coughs, Colds, Hoarseness, Hemorrhages, Sore Throat, Bronchitis, Asthma, Whooping Cough, Influenza, Hoarseness, Pains in the Chest, Sore Lungs, Weak Lungs, and Consumption (in its early stages). We have used Dr. Wistar's Balsam of Wild Cherry in our family for over fifty years, and we can truthfully say that it has never failed to cure. Sold by druggists everywhere. Price, $1.00 per bottle.

Why do so many people work on Sunday? Some are too lazy.

A REMARKABLE STATEMENT.
SIR,—Having used your Burdock Blood Bitters successfully for some time past, I may state that for my complaint of biliousness and stomach I have never found anything to equal it, and I continue to use it and recommend it to my friends and neighbors.
Yours truly,
J. Sutton, St. Thomas, Ont.

CONSUMPTION CURED.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervousness, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing, with stamp, naming this paper, W. A. NOYES, 820 *Power's Block, Rochester, N. Y.*

We must recognize the politician to the other is the best policy," was the rejoinder, "when how that's honest."

TURF SPORTS.
A season exposes many to coughs, hoarseness, tightness, asthma, bronchitis, etc., for which a reliable remedy like Hagyard's Pectoral Balsam for their relief and speedy cure for over thirty years has been unequalled.

Two little boys, Earnest, four, and Percy, five, were talking about their respective fathers. Phil: "Pa can't do sums." Phil: "Oh, mine can do sums, 'cause he can't touch it." Mamma overheard the conversation and told the little boys that the latter knowledge that Phil's father lacked was "conceit" and what Phil's father needed was a little more conceit.

To the Ladies.
The Holiday season of the past and every succeeding year will be a time of congratulations as to the economies in the domestic circle for the year upon which we have entered.
The grocery department is very important and to every one and demands careful attention and care in order not to cost more than is necessary.
It is not always the low priced article which is the cheapest in the end, therefore it is not always wise to purchase a grade of goods because the price is low.
To all who shall favor me with your custom I shall do my utmost in helping you in your endeavors to keep down the cost of maintaining your grocery department.
Call and give us a fair trial and I have no doubt but that the results will be mutually profitable and satisfactory.
E. RUTLEDGE,
the grocer, Markdale.
