or 130: manner of all heat her manner of all heat her heat usure statement of all heat her heat usure statement in the first and of the statement in the first and parting gold of day the statement in the statement in

A from the window of thy study where I am writing these lines I can see the advancing this streaking the yellow saids with bars of silver. I see it thus day by day, and I window sharp change at me as heap this streaking the yellow saids with bars of silver. I see it thus day by day, and I wow the sharp change at me as heap this streaking the yellow saids with bars of silver. I see it thus day by day, and I wow the sharp change at me as heap the yellow saids with bars of silver. I see it thus day by day, and I wow the sharp change at me as heap the yellow saids with bars of silver. I see it thus day by day, and I wow the sharp change at me as heap the yellow saids with bars of silver. I see it thus day by day, and I wow the year in the distant hills and the grided hunself in the distant hills and studed-on legs of vapour over the estuary; the stands of the sharp and yet, if I am asked a few hours afterwards what time the tide wil begin to roll; in I am obliged to make the humiliating confession that I do not know.

Yethert laid his hand impressively upon any shoulder as he made answer: Mestar, I know every inch a land in the river and I can get ye to the Cop afore the tide comes in as easy as winklin. When dud Yether wanted to slip his wind? Nay, nay; but he does a job," he added fervently, he does a job, "he added fervently, he does a job," he added fervently, he does a job," he added fervently, he does a job," he added fervently, he does a job, "he added fervently, he does a job," he added fervently, he does a job," he added fervently, he does a job, "he added fervently, he does a job," he added fervently, he does a job," he added fervently, he does a job," he added fervently, he does a job,"

obtained possession of a small travelling bag, and returning to the shore; we waded cau-tiously over the Deep, and stopped on to the tirm sandbank beyond. tionsly over the Deep, and stopped on to the bound it necessary very resemble inquiry as to his beaution once, and he replied as his cowniah was queer ould was as bonest as they make the with a bone, and he's a bone with a twith a hough, "and he's a returned! He sauntered along in the Sid house, sometimes washing a little basis and bettermilk rattle basis and bettermilk rattle in advance, and more often lagging in the rearries of booking the river and the word from him, I strode steadily of in the somi darkness, my eyes ever fixed on a tiny light for ahead, and my mind busy among the somi darkness, my eyes ever fixed on a tiny light for ahead, and my mind busy among the somi darkness, my eyes ever fixed on a tiny light for ahead, and my mind busy among other matters, with the mysterious young other matters, with the mysterious young follow? whom I was to see on the morrow, and of whose personality or relationship to the Richie family I was as yet quite ignorant.

We readled the sauntered along in the Sid heaving dauring that I was soon the surface in advance. It is a surface in the surface in the surface in the surface in the Richie family I was as yet quite ignorant.

We readled the marsh and I was soon the morrow, and of whose personality or relationship to the Richie family I was as yet quite ignorant.

Fourth—Never to scond.

Fourth—Never to kook cross at her.

Fifth—Never to worky her with commands.

Sixth—To promote her picty.

Seventh—To bear her burdens. Eighth-To overlook her foibles. Nineth-To save, cherish and forever d Touch To comember her always in prityers. This, God wiling, we shall clessed. Plow Deep.

Flow Deep.

Flow deep!

Sow hot thy precious seeds
Anion; the scarce uprooted weeds,
Or thou shalt weep
And find thy crops all choked and dead,
and nought but thorns and targes instead.

Then plow down deep,
The promise ringing in thy, bars,
That those who sow their seeds in tear
In joy shall reap. What Streets are Paved For

HUNTING THE MOOSE. successive charge would retire ten or fifteen feet, pause for a second or to, and then with a bellow that made the branches quiver, bear down upon his foe. Twenty minutes of this perilous degling began to tell upon the Viscount. He felt himself growing exhausof Mobie Viscount and
