—the Ball corset. That's because it has coils of fine wire springs in the sides. They clasp the figure closely, but yield to every motion.

They "give", but they come back. So does your money—if you've worn a Ball corset two or three weeks, and find that you don't like it.

Local and Other Items

SEEDING has commenced.

HOUSE cleaning is now the order.

MAPLE syrup is scarce this season.

WEDDING cards get out in unique style at the STANDARD office.

IN another column we give a synopsis of "The New Fishery Act."

FARMERS say the fall wheat hasn't wintered better in 30 years.

THE STANDARD office has just been replenished with a lot of handsome designs of new type.

CONSIDERABLE building is going on through the country and Hill's sash and door factory is doing a thriving business.

THE lost watch which was advertised in the STANDARD two weeks ago has been found and returned to the owner through the advertisement.

ONE glance at the corner window of W. J. McFarland's establishment will convince you that he takes the lead this season in hats and gents' ware.

THE Weekly Empire will be sent to new subscribers for the balance of this year for 75 cents and the handsome Memorial Album sent to each subscriber. Send in your name to this office.

MR. JAS. BRADY will sell by auction on his premises about a mile and a half from Markdale, 11th line Euphrasia, on Monday next, April 11, all his farm stock, implements, &c. Sale at 1 o'clock. Usual terms. Geo. Noble, auctioneer.

THE success of the seed grain experiment has exceeded even the anticipations of the proprietor, R. B. Currie. Last Saturday his entire supply was exhausted save one bag of peas. The stock has since been promptly replenished.

At the last meeting of the Canadian Press Association held in Ottawa it was resolved to enforce strictly the pay in advance system for subscriptions. The newspapers of the Province are now arranging to bring the resolution into effect at an early day.

HOSPITALITY.—The citizens of Markdale are noted for hospitality and courtesy especially to strangers coming into their midst and those from the surrounding country, and for the benefit of the latest arrival we would say, they may find the post office opposite R. B. Currie's flour, feed and seed grain store.

OWEN SOUND, April 3.—W. J. Graham, collector of inland revenue, this afternoon seized two illicit stills in James Bryan's boarding house, better known as the Clifton House, on Bay street. There was a considerable quantity of spirits and plant on the premises at the time of the seizure. Bryan was fined $200 and two months imprisonment.

PAY OR SHOOT.—The village council has passed a By-law which was shown by their minutes published in the last issue of the Echo, compelling every person having a dog to buy a tag for him to insure the brute's life. This will knock the fellow out who has been accustomed to hide his dog in the collar when the assessor came around.—Wiarton Echo.

NOW FOR SUGGESTIONS.—The directors of the Glenelg Agricultural Society will soon hold a meeting for the purpose of revising the prize list for 1892, and all members or other persons interested are hereby invited to send in to the Secretary, Wm. N. Haskett, any suggestions they may deem proper. Now is the proper time to make improvements. Write down your suggestions so that they may not be overlooked.

THORNBURY, Ont., April 1.—A sad drowning accident occurred in the mill pond at noon to-day. Walter Lyle and Fred Thorne, employes of Andrews & Co.'s woollen mills, were playing away the noon hour throwing rocks into the dam to break the ice. Walter threw a rock which struck the ice, but did not break it, and rebounded. He got down on the block to pick up the rock, and when stooping over the block broke away, he going under. The current was so strong it was impossible to help him. The body has not yet been found, and fears are held that it is gone down into the lake with the blocks of ice. His parents reside in town. He was about 16 years old, and gave promise of being a successful workman.

FARM FOR SALE.—The west ½ of lot No. 16, in the tenth con. of Euphrasia. Must be sold at once for less than half value. Contains 150 acres, having about 30 acres clear and a public school on the premises. Price $1100—cash down $500—balance on time. Call or write to A. G. Hunter, Dundalk P. O.

R. B. CURRIE left this Thursday morning for Toronto to procure a fresh supply of new seed grains, potatoes, onions, corn, turnip seeds, in fact everything the farmer wants for the coming season. You can rely on everything being fresh, so come in early and see what I have.

THE egg social to be given on the evening of Good Friday, under the auspices of the Christian Endeavor, in the basement of the Methodist Church promises to be very popular and largely attended. A cordial invitation is extended to all. Admission only 10 cents.

DURING the wind storm on Saturday last a limb was blown from one of W. J. McFarland's dead willow trees and shot across the street crushing through R. B. Currie's shop window and stuck fast in a bag of flour. Bill Currie, who was sitting in front of the shop at the time, narrowly escaped being pierced, as was the sack of flour, and was not a little surprised at the sudden arrival of the eclipse.

AT Priceville Thursday night a concert given in aid of the R. C. church passed off most successfully. The hall was filled with an appreciative audience. Rev. Father Maloney, and Rev. Fathers Haley and Cassin of this town were present. The most enjoyable feature of the programme were the artistic numbers rendered by Miss K. C. Strong, of Mount Forest, and the comic selections by Mr. Bonson, of Markdale.—Confederate.

WIARTON, April 2.—John Linton of the firm of Linton Bros. had both arms severed by a circular saw last night at their saw mill, two miles from here. He was clearing the sawdust away from the saw with a stick, when the carriage returned, shoving him against it. One arm was cut off at the wrist, the other near the elbow, besides he is badly cut on the breast. There is very little hope of his recovery. He is a married man with a family.

THE Epworth League of Christian Endeavor in connection with the Methodist Church is increasing in both interest and numbers. The meetings are well attended, and judging from the active part taken by members in the discussion of various topics from week to week and the intellectual ability displayed, it is evident that there is much latent talent in the young people of Markdale which only requires just such practice as the League affords in order to its proper development.

PORT ARTHUR, Ont., April 4.—An Ontario farmer going to Manitoba with his family of nine children missed his 9-year-old son when the train was between Chapleau and White River. It was in the night time and the father immediately entered on a search for him, which revealed the fact that the boy was out on the train. A hand car was sent back to bring in the mangled remains. The men had to go back five miles before coming on any trace of the boy, and when the latter was discovered he was not awake. He had stepped from the train when in full motion and had not even fallen!

WILLIAM'S OPINION.—Bill Nye hits the nail a hard welt when he says: "A man may use a wart on the back of his neck for a collar button; ride on the back coach of a railway train to save interest on his money till the conductor gets round; stop his watch at night to save wear and tare; leave his 'i's' or 't's' without a dot or cross to save ink; pasture his mother's grave to save corn; but a man of that sort is a gentleman and scholar compared to the fellow that will take a newspaper two or three years, but when asked to pay for it puts it into the office and has it marked "refused."

THE COMMERCIAL MAN'S GRIP.—I have long looked for a preparation that would keep my head clear of Dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the Dandruff with three applications, but stopped the annoying itching of the scalp and rendered the hair soft, and pliable without leaving an appearance of a dressing being used. It now occupies a permanent position in my trip. It is pleasant to use, and with pleasure I recommended it. D. O. Robin, Representing H. Corby, wholesale liquors, Belleville, Ont.

Try it.
R. L. Stephen.

P. of I. and others, this is for you. Every intelligent farmer tries to get his seed in in the shortest possible time and in the best possible condition. To this end he requires the right kind of a machine to do the work. J. Artley, the pump maker, has it; it is called Drader's Spade Harrow. The makers claim that it is the best machine ever made to put on fall plowing for pulverizing and inverting the soil and therefore making a perfect seed bed. It knocks the spring tooth cultivator out every time. Just the thing for running over a summer follow after first plowing. Have also a pair of iron harrows for sale; as good as new; no holes through bulls; no bolts to break or nuts to work loose; 45 steel teeth; will sell cheap. J. Artley, Markdale.

PROFITABLE reading—if taken advantage of—W. A. Brown's April adv.

Purely Personal.

Mrs. Dr. Sproule is visiting in Owen Sound.

Mr. R. J. Myers and wife are up from Toronto on a visit.

Dr. Sproule, M. P., was home for a couple of days, returning to Ottawa on Monday of last week.

Mr. Robt. McBride's family left for Neepawa, Man., on Tuesday where they will reside. The old gentleman is to go later.

W. R. Ellis, of Euphrasia, left for Ladners Landing, B. C., and James S. McCutcheon, for Glenboro, Assiniboia, this week.

Mr. B. Galbraith, of East Tawas, Mich., arrived last Saturday and renewed acquaintances among his old neighbors and friends. He returns this week.

Mr. W. J. McFarland, of Markdale, was in town yesterday on his way home from Ottawa, where he had formed one of the deputation to the Minister of Railways in the interest of the Mount Forest, Markdale and Meaford railway. Mr. McFarland was highly pleased with the reception given the deputation by the Minister.—Empire.

Rakings.

There are incidents and happenings transpiring in our midst which, for various reasons do not find their way into public print. They may appear too insignificant to note, or perhaps the editor is, in some cases, too modest to publish them, and then it may be in a majority of instances they don't come under his notice at all, as I believe he spends his evenings, as a rule, in his own domestic circle, and thus fails to "take in" the generality of village gossip which the "loafer" enjoys. I will therefore endeavor to "rake in" a sheaf occasionally which may gratify or displease STANDARD readers.

It is reported that the petition in favor of building a town hall has been lost, and it is also said that the reason for its sudden disappearance is because the idea of having the post office located in the new town hall was very popular.

Two Markdale ladies attended an entertainment at Berkeley not very long since and they are said to have walked all the way. This exhibits either a lack of gallantry on the part of some one, or extraordinary pluck in the feminine pair. They didn't have to walk home.

Anglers have been numerous since the 1st of April and we may expect the town treasury to be handsomely replenished when the law is meted out to transgressors and the fines paid.

It is rumored that Herb Hall, the blooming youth who runs the cooper shop, is off getting married this week. May success attend him.

What about a Queen's Birthday celebration for our ambitions village? The spring is opening early and everybody will be ripe for a holiday by the 24th of May. Let there be a move. All that is wanted is for two or three to go forward and superintend, and I know our citizens will do their share.—Scavenger.
