MARKDALE, MAY 12, 1892.

Berkeley.

Farmers in this vicinity are about through seeding and the earth is again clad in green.

The material for the improvement of Mr. Lundy's store has arrived and Mr. Abbott has the contract.

Mr. and Mrs. Doney are absent on a visit prior to their departure from the village.

There was a confirmation service in St. Matthias Church of this place on Wednesday last when several new members were added to the church roll.

Harkaway.

Mr. Donovan McCann, John Burnside and Delbert Smith have each lost a horse.

Mr. R. Varey had one of his oxen badly used up by its mate, so much so that if some of those so-called humane societies had witnessed this case they would have become true converts to de-horning, otherwise we would pronounce them a set of very limited feelings.

We can tell Ont. P. of I. have challenged Harkaway Patrons for a friendly debate on Dog and Money, to take place in the oak this Thursday evening. The Harkaway bachelor's will entertain the ladies of the evening.

Walter's Falls.

Mr. Hannah Bennell and family were visiting friends here on Sunday.

Mr. Wm. Bateman has been very unfortunate this winter. Most of his family are down with sickness again.

It is reported that one young lady has not ventured miles from here is busily engaged in making carpet. Although this doesn't concern us, perhaps some young fellow has something to do with it.

The inspector visited the school here last Thursday and granted a half holiday.

Last Thursday was arbor day and was employed by the pupils in cleaning up the school and grounds and carrying the wood into the shed. The ground is in need of levelling.

Last Friday two of the young men of the village wended their way to the Sauble to fish for some of "fabled" trout for which the place is noted. It is a long way to go for a fish but when a fellow catches a lot of "speckled beauties" he is amply repaid for his labor.

Revival services were started here in the Methodist Church on Monday.

Mr. Fred Kirkham, who has been laid up for some time with rheumatism, is improving.

County Poor House.

Editor Standard.

SIR,—I see by the published reports of the January session of the County Council of Grey, that the subject of the establishment of an Industrial Home in this County (where the poor could be properly cared for) was again discussed but "alas for the rarity of Christian Charity," again suffered defeat. As you are doubtless aware, in 1890 a committee of which I was a member was appointed by the County Council to report upon the advisability of establishing an Industrial Home in this County. In carrying out the wishes of the council, the committee visited the Home of Industry established some years ago by the County of York, near the town of Newmarket, where after carefully and critically examining into all the costs, workings, details, interviewing the members of the York County Council, then in session, the overseer, matron and many of the inmates, as also inspecting the buildings, farm, stock, &c., &c., and from other information as to the working of similar institutions, the committee were so strongly and favorably impressed with the great and lasting benefits to be derived from the establishment of such an institution in Grey County that they unanimously reported favorably. In connection with that report I might just say that from an avowed opponent to such institution after having fully investigated the working then and there, I came away fully satisfied that on the grounds of economy as well as the still higher principles of christian benevolence every County in Ontario should aid in their establishment, and I am thoroughly convinced that if the members of the County Council and others who are now opposing them were to visit them and study the working of the system, I feel a convert to their establishment.

There are now established in Ontario some 13 Homes and from the published reports are in every instance giving satisfaction. Indeed many of the county officials to whom I have written for information said that upon the ground of economy alone a considerable saving to the ratepayers of each municipality, that they know of no dissatisfaction and would not revert back to the old system of indiscriminate charity and local incarceration which worked evil and only evil continually.

Are the ratepayers of this county aware that they pay our annually direct through their municipal council and indirectly through the County rate *over three thousand dollars*, for the support and maintenance of their fellow men in the County Jail? Is this a creditable showing for a county that claims to be in the front rank of the civilized counties of Ontario? Is it not a burning shame upon our check when we compare their solicitude and brotherly care for their kindred who may have fallen behind in the race for life's existence. The Divine teacher of nearly nineteen hundred years ago inculcated this principle both by teaching and example as a corner stone in His temple of righteousness "the poor ye have always with you." Thousands and hundreds of thousands of dollars are annually contributed by well intentioned christian people and others for the support of foreign missions which, in my humble opinion if devoted towards the amelioration of the condition of the homeless poor of our own country would receive the Divine approval quite as much as if spent in the conversion of a Fiji islander or an African Cannibal. Don't contribute to the support of foreign missionaries on Sunday and starve your poor neighbors on week days.

In conclusion I appeal to you Mr. Editor to use your powerful influence through the press and to all your people who are blessed with loving friends and comfortable homes on behalf of the *poor*, the *aged*, the *homeless*, the *destitute*, the *friendless*, those whose only life is a perpetual struggle for exist, who have *no capital, no income*, save to whom the prayer of our Heavenly Father gives us this day our daily bread is unfulfilled.

We boast of our beautiful Canada, of its fair and fertile fields, its boundless resources, its rapid progress, its great possibilities, its wealth, its prosperity, its future as well as present, and above all, its freedom. Whenever, however we survey this fair Dominion, we can say in the language of the sacred writer, "The lines have fallen unto us in pleasant places, yea we have a goodly heritage."

Yours etc.,
W. J. McFARLAND.

Consumption and Lung Difficulties

Always arise from particles of foreign matter deposited in the blood. By proper treatment the stream of life and health will carry off and destroy the poisonous matter, and like a crystal river flowing through a desert, will bring with it and leave throughout the body the elements of health and strength. As a last resort, having the elements of fertility in it to use, causes the driest barren waste to bloom with flowers and fruit, so pure blood carries the frame to perfect strength and health, and bloom will appear on beauty. WONDER IN WELLAND!

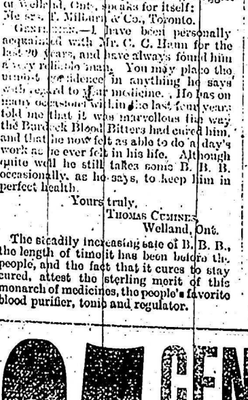
A Representative Farmer Speaks.



MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As well he might be, news from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters. The recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of the best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery. I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, bowels out of order, the heart and digestive organs affected, dizziness, a heavy sleepiness in my head, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for five days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, having lasted for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and therefore can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself:

MESSRS. F. MILLBURN & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to Dr. medicine. He has on many occasions within the last few years told me that B. B. B. was marvellous in its way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.
