The nomination of Grover Cleveland by the Democratic party has been by no means a surprise, and yet by all the powers of "machine" politics have been directed against him. It is difficult for outsider to haw a moral from American politics. The chilusianis of the Re-Blaine, yet he was defeated; the belief of the Democrats was with Cleveland and he was nominated. If there be anything in the nature of a moral in the two conventions it is that the hard sense of the Yankees cannot be carried away by shouting but will demonstrate itself on a ballot on the basis of what is wisest for the party, and if successful at the polls, best for the nation. If this be the moral it is an excellent one and those who have named the Presidental candidates have done their duty Grover Cleveland has not been a seeker after temporary popularity. The chairman remarked that there was a vast difference in the way that club swinging was practiced. After tea a game of base ball was played between the Orange Valley and the Vandeleur base ball clubs in which the home team came off victorious. The same teams also played a game of foot ball with the result of a draw after half an hour's vigorous kicking. Both goals taken by the Rangers were disputed by the Leafs, the old saying fits here, "The dog that gets the hardest of the fight is sure to yelp," and to hinder further listurb-ance the Rangers allowed the game to stand 1 to 1. The Dr., who makes an exceptionally good referce, will please accept the thanks of the Rangers. Dran Sms, I think I have been one

Dean Sins.—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing werse, until almost beyond hope of recovery. I tried your Bitters and got relief in a few days. Every organ of my bedy was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my bedy was entirely useless. After using Burdock Blood Bitters for a few days the abscess hurst, discharging fully five quarts of presint we hours. I folt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not, that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable care than what I have myself passed through, and no words can express my thankfulness for such perfect workers. and no words can express my thankfulner for such perfect recovery.
