

**Market Your Grain.**  
(Weekly Times.)

The importance to farmers of marketing their grain in autumn instead of in spring has often been urged in these columns. Lying on our desk is a tabular statement showing the price obtained for grain at an Ontario point in October and March respectively, covering a period of nineteen years. From this statement it will be seen that only on four occasions was the price higher in the spring. In two of these instances the advance was only two or three cents per bushel, certainly not sufficient to admit of any profit to justify hauling. A careful perusal of the figures before us cannot fail to satisfy anyone of the reasonableness of our position on this subject. "On the average it pays better to market in the fall than in the spring. Without counting storage cost, the farmer who sells fifty one cent per bushel in the fall, and sixty cents in the spring, has a profit of nine cents. Unless the wheat is extra good, the shrinkage will exceed the amount allowed. On the above basis fifteen out of nineteen years shows a loss in holding. The average loss for nineteen years would equal one cent per cent. The average gain would be less than one and a half per cent—an annual loss of six and a half per cent for nineteen years."

At the above remarks are not likely to be received, the eye of many farmers, our merchants and bankers, would do well, wherever they have an opportunity to press this argument up to their customers. The advantage to merchant and banker of early cash payments by farmers, is too apparent to need any further word from us.

**Walters Falls Show.**

The Central Agricultural Society's fourth fall exhibition was held on Tuesday and Wednesday of this week and resulted grandly successful. The exhibits were of a high order and the attendance was very large. The show was held in the town of Walters Falls, Ontario. The exhibits were of a high order and the attendance was very large. The show was held in the town of Walters Falls, Ontario. The exhibits were of a high order and the attendance was very large.

**Kimberly.**

The weather was glorious and quite early in the day the fall commenced to flow from the north and south. The weather was glorious and quite early in the day the fall commenced to flow from the north and south. The weather was glorious and quite early in the day the fall commenced to flow from the north and south.

**Empire Premium.**

The Toronto Weekly Empire has produced a premium for its new subscribers that will really call for special comment. The proprietors of that paper have prepared a handsome picture of the Conservative members of Parliament, well arranged, executed in the finest type of photo-lithography.

**Fall Show in Markdale.**

Glencol Agricultural Society's fall exhibition was favored with elegant weather last Thursday and Friday. The show was held in the town of Markdale, Ontario. The exhibits were of a high order and the attendance was very large.

And if undoubted, and convincing evidence of happiness and prosperity, peace and plenty are not seen on every hand.

This we must conclude that it is a disordered liver which distorts the vision. And through a kind of blue-ruin lens on material things. The display of fruit exhibited at Markdale was indeed elaborate and the quality superior.

The ladies department in the hall was scarcely up to that of last year. The poultry show was, as usual, large and fine.

No department shows greater strides in improvement than the horse classes. Keen competition in the various classes enhances the interest and pleasure of spectators and increases the work of the judges.

Owing to the trouble in bringing out cattle the exhibit in this class was not large. A number of really fine sheep and pigs were shown.

The Citizens' Band during the second day contributed materially to the enjoyment of all lovers of music. The prize list is as follows:

- White Oats—Jas Brodie, Jas Stuart.
- Black Oats—Jas Stuart, Jas Brodie.
- Timothy Seed—H Johnston, Jas Brodie.
- Indian Corn—H Johnston, John Hewitt.
- Beans—H Johnston, W Norton.
- Collection Potatoes—H Johnston.
- Early or Late Rose—H Johnston.
- Beats of Hebron—H Johnston.
- Early Puritan—John McKeo, W Norton.
- White Peas—Jas Brodie, W T Ellis.
- White Oats—Jas Brodie, Jas Stuart.
- Black Oats—Jas Stuart, Jas Brodie.
- Timothy Seed—H Johnston, Jas Brodie.
- Indian Corn—H Johnston, John Hewitt.
- Beans—H Johnston, W Norton.
- Collection Potatoes—H Johnston.
- Early or Late Rose—H Johnston.
- Beats of Hebron—H Johnston.
- Early Puritan—John McKeo, W Norton.
- White Peas—Jas Brodie, W T Ellis.
