The January number of the Farmer's Advocate has come to hand, and a handsome one it is. This long established and ably conducted agricultural paper deserves the hearty support of every Canadian farmer. The copy now to hand is illustrated by a very handsome engraving of a herd of typical Ayrshire cattle, the property of David Morton & Sons, Hamilton, Ont. The contents of the paper are all that a farmer could desire. The editorials in this issue are devoted largely live stock matters. The Provincial Fat Stock Show, recently held at Guelph, is very ably reported by the editors, and should be of great interest to farmers generally. Another article f more than usual interest is entitled The Value of Fancy Points in Breedng Stock." A report of a speech recentdelivered by the Hon. John Dryden ollows.
