MARKDALE. JUNE 8, 1898.

GUELPH CONFERENCE.

The tenth annual meeting of the Guelph Conference, Methodist Church, opened in Owen Sound last week.

Our county town has many pleasing features, and is specially attractive at this season of the year. Its shady streets and picturesque scenery are pleasing and inviting to the stranger. The placid waters of the Georgian Bay furnish enjoyment and wholesome recreation to those who are fond of boating, while a ten-minute walk from the market will bring you to a point 150 feet above the town level, from which a beautiful scene presents itself and the naked eye can there scan the town and harbor, generally, and the churches, educational institutions, public buildings and other points of interest in particular.

The members of Conference have but little time, however, to enjoy the pleasures this attends it, as Conference prayer meeting is held every morning from 6 to 6.30, business from 7 to 12 a.m. and 2 to 6 p.m., with public meetings from 7 to 10 at night. These fill up the day fully.

The first business of the conference was the calling of the roll, when 98 laymen and 128 ministers answered to their names. Then came the election of a president. On the first ballot Rev. A. Cunningham received 60 votes, Rev. Jas. McAllister 59 and the balance were scattered. The second stood, Cunningham 110, McAllister 101, resulting of course in the election of Mr. C. Rev. Wm. Stephens was elected secretary on the first ballot.

The sessions have been characterized throughout by a spirit of harmony and brotherly love which is most commendable, while the public meetings were each largely attended and the addresses were eloquent.

The people of Owen Sound of all denominations have practical evidence of their hospitality in receiving the delegates to their homes.

The next Conference will be held at Owen Sound on the first Friday in June 1899.

Presiding Elder Draft for Owen Sound District.

News Notes.

Chas. Stokes of Canada has purchased the property of Archibald.

Robt. Stothers received Methodism on 1st Henry, Mich., on Sunday.

Crop reports in the west are reported to vary encouragingly.

Mr. Ferguson returns to Newcastle to-day. From five to three.

Sir Donald A. Smith, the Canadian Order [illegible] will start for Ottawa on [illegible].

Mr. Wm. Hall, of St. Charles, has been [illegible] for the past 111 years.

Mr. Wm. Cook, of Caledonia, has been [illegible] of the Grand Cross of St. Michael and St. George.

C. B. [illegible] the Rock Island rain [illegible] operations in Kansas on Friday. He says his operations were [illegible] and in 6 hours rain fell [illegible] inches.

Holland Centre.

Mr. Jno. Fairless's barn raising came off on Tuesday. Five captains being Messrs. E. Wright and J. Robson, the former Mr. Jno. Troughton having everything [illegible] it was moved right up through Mr. Robson's men were a little the quicker.

Miss Mary Fleming of Owen Sound spent last week with her sister Mrs. J. Hodgson.

Quite a number of our citizens went to Owen Sound on Sunday to hear the evangelists Douglass and Williams who preached very eloquent sermons among [illegible] Mr. and Mrs. Greenaway, Misses J. Norton and L. Pepper, Messrs. E. and G. Anderson and Jno. Troughton.

Miss Pepper returned home on Friday last.

Mr. Georgeson conducted the service in the Methodist church on Sunday.

Miss E. Norton left last week to visit friends in Detroit, Utica and other American cities.

Mr. Fox is making things hustle at the parsonage.

Mrs. Will Crawther spent Sunday in Owen Sound.

W. J. Shepherdson has succeeded in capturing one of the robbers who passed through here last week.

Mr. and Mrs. [illegible] spent Sunday with Mrs. S.'s parents.

Well bro. chip, you are an enormous imaginer and hope you will soon have your ideas ventilated to your entire satisfaction, but, if your affections are as fickle as your imaginations it will be sad indeed. Why you must have dyspepsia and probably a trip to the World's Fair would do you good and use up some of your charity money but sorry it will not make a gentleman.

Meaford Items.

It is with feelings of regret that we have again to report the demise of another of our loved ones. Some time ago Mr. Adam Holly jr., third son of Mr. John Holly and some others left here to spend the summer in Dakota. Almost itumediately on his arrival there he was stricken with typhoid fever and in a few days illness succumbed to that terribly malady. His bereaved family have the sympathy of the entire neighborhood.

Mr. Charles Gilbert runs the milk wagon on this route to the Flesherton cheese factory this season.

Mrs. Wickham of Markdale spent a short time renewing her acquantance here Mr. T. Gilbert was very busy burning a lime kiln last week.

Kimberley.

News Scarce.

Farmers busy and mechanics not idle.

We had a friendly call from James Cleland M.P.P., on Wednesday May 31 on his way to attend the convention at Flesherton.

Our genial merchant Mr. R. Hammond is a hustler when he wants anything done. He has entirely overhauled the building occupied by our shoemaker and has arranged a comfortable dwelling. He is building an addition to it now by putting up a kitchen under which he is building a stone foundation. He is making a cellar full size of kitchen.

Our shoemaker has leased the building for a term and purposes making his home here.

According to observations taken on Sunday evening in this town this should be a profitable year for the issuer of marriage licences and if he has a good business of course the ministers will reap the benefit also.

Mr. Thurston of the Advance and Mr. Brown of Priceville, came over on their bikes on Wednesday evening and after resting a few minutes they returned to Flesherton.

Vandeleur foot ball club was to have our team of this place on Saturday but they failed to put in an appearance. Come on boys, don't be backward.

Maxwell.

The growth has come at last.

Several changes have taken place lately.

Mr. Wm. Potts has returned from Chicago and Miss Annie Sheniman from Parry Sound.

The Rev. J. W. Jones has moved to town.

There were two holidays at school last week. Our teacher was attending the convention at Durham.

The Presbyterians intend getting their church repaired soon.

Mrs. Tuck of Markdale spent a few days this week with her mother, Mrs. Clark.

On Tuesday morning of last week, Mrs. Kinghorn, who has been a resident of this place for some time, breathed her last. Some of the friends arrived in time to see her before she died, but only her daughter was in time to bid her adieu, before crossing the river of death. The funeral took place to the Presbyterian cemetery on Thursday morning at 10 o'clock.

The Rev. F. Woodger attends conference at Toronto this week.

Mr. Parker has moved away from Mr. Madill's farm.

The boys have got a field to play foot ball in at last but have had no play yet of any account.

Dr. Scot intends going to Chicago in the near future.

A CLOSE RESEMBLANCE.

MANY symptoms of Canadian cholera are similar to those of the real Asiatic cholera, such as vomiting, purging, intense pains, etc. For all these symptoms Dr. Fowler's Extract of Wild Strawberry is a safe and sure specific. Price 35 cents at druggists.

Walter's Falls.

Mr. W. Burchell, of Meaford, gave us a call on Wednesday last.

Mr. Watson's hearse arrived here on Saturday last.

The Rev. Moyer is at present attending the Methodist Conference in Owen Sound. On Sunday evening the Rev. Mr. Waddell of the Kimberley circuit occupied the pulpit in the Methodist church here.

Mr. A. McCauley has secured the contract for the erection of the new bridge. He commences operations in the early part of July.

Miss Carnahan, of Holland Centre, visited friends in this neighborhood recently.

On Thursday evening, June 1, a friendly football match was played here between the Blantyre and Walters Falls teams. The game resulted in a score of 3 goals to 0 in favor of Walkers Falls.

The Royal Templar Concert given on Friday evening last in aid of the Hospital in Owen Sound was one which well sustained the reputation of the Templars for providing good programs at all their gatherings. Prof. Holland's Orchestra was present and gave some excellent musical selections. Mr. McCormack gave several comic songs in good style. Amusing and interesting Scottish readings and recitations were given by Mrs. McLeod, of Owen Sound, in her usual taking manner. Some of our local talent also took part in furnishing music and in presenting a very amusing tableaux. The proceeds amounted to about $30.

Judging from what we noticed on the night of the concert it will not be safe for a certain person who is often seen in the village, to remain away from any such public gathering in future.

N. L. CURRY, Clerk.

Artemesia Roads.

Editor Standard:

The notable Flesherton acrobat has once more evinced his ability at *wobbling*.

Two weeks ago he vigorously libelled the township; this week one of the Ex-Reeves; then he drove at the council; now the ratepayer; then the school Inspector prompted; now, since such evidence was challenged, the Inspector is shunted and an envious position for the township is evoked; then it was odious comparisons but the bottom fell out of it, and a herring is drawn across the track. He undertakes to cover his astounding ignorance by claptrap said Ex-Reeve, one of the biggest jobs he ever undertook. And what for? Because the Ex-Reeve undertook to defend the township from vile aspersions.

His line of pursuit demonstrates more fully that his study of Municipal usages are miserably deficient or other, wise, that he wilfully, with malice aforethought suppresses the truth. As a matter of fact the reeves of Artemesia have nothing to do with spending the appropriation to wards and very seldom act unless as one of a special committee to do specified work, so that whatever his leanings were, he hadn't the opportunity, and for the said Ex-Reeve; his splendid majorities, for his deep interest for the township's interests, were satisfactory compensation, and precluded the necessity for such a low and contemptible course. Now this Editor is challenged for proof or else to remain branded as a public libeller. By what right does he assume such diction? How long has he lived in Artemesia? Does he own a foot of land? Does he pay any taxes at all, except for rent consideration and statute labour? Why no! Is it not ridiculous that a mere cipher, should so presume.

Our farmers for 30 years, in their adversities have made the roads what they are, fairly good roads; are now urged to saddle their farms with a debt of $30,000 for a given number of years, to make them fit for this gentleman, bicycler! Could impertinence be more impertinent?

But this same flippant calumniator draws annually for work, from the treasury, from $100 to $125, without any competition whatever, and with grave doubts as to overcharges. It will be enquired into. It is a poor law that won't apply to both sides.

Now the advice to spend $80,000 to put the roads in a position to be an envy to her neighbors! Let us see, there are approximately 96,000 rods of road besides township lines. That gives 81c. per rod, and of itself, tells a tale. The 80,000 would have to be borrowed for say 20 years at 5% per annum to provide a sinking fund and pay interest, would require $2800 to be raised annually; with an assessment of $1,000,000 would require two mills and six tenth on the dollar, in 20 years would be, for an assessment of $1000, $52. The expenses attending such expenditure would be uncertain, but reducing the sum to be expended very materially. Beside this a continuous grant would be necessary, for township lines, bridges and culverts, with the certainty that within five years the said new roads, would again require to be treated.

No one is against fairly good roads and if there has been such material improvement in the roads within the last 20 years, and none can deny this, would not judicious expenditures, not only keep them as good as they are, but still improve them? The plan recommended by the writer which was enunciated again and again at the hustings and elsewhere is thought, would be an improvement. The councillors seem however to cling year after year to the old method. Perhaps a plan different to those could be worked out.

As to the ward system, the township has tried the system sought to be adopted, and discarded it. Did the Advance know this? Its advantage is, that the township as a whole would elect their deputies, and no doubt if the township were purely rural it would work well enough, but where large populous villages exist, with their influence, the councillors possibly might be elected, most of them from such populous centres, and the local wards would be deprived of a representative, the present system assures a councillor in each ward and a deputy in its turn and without prejudice works exceedingly well.

When those signed the petition referred to in the Advance for a change, had the matter explained to them; many of them abandoned it. Did the Advance know this?

Having a considerable stake in the township, I still feel an interest in her welfare, and to my utmost will resent any attempt to lower her in the estimation of her neighbours. Use our means to their best advantage and our roads will pass muster.

DR. HARTE'S CELERY IRON PILLS.

The active principle of the several *elements* most essential to the healthy maintenance of life, is presented in these pills, in the most highly concentrated form attainable—*elements* which have intimate relations with every fluid and solid of the body, but in far greater measure having to do with that *subtle energy* centered in the nervous system.

The *causes* which undo us are extremely few, but the *symptoms*, called diseases, and which are the results of these causes, are many. The symptoms are as various as the constitution, and the inherited or accidental tendency of the individual affected. But what matters the name of these effects if we are able to reach and control the cause?

Of all CAUSES of disease and suffering, the chief is *faulty nutrition*, and this, not because people do not eat enough, but rather because of the failure of the organs to properly make use of what is eaten. This failure to act, again, is not the fault of weakness in the organs of assimilation or purification, such as the stomach, liver, kidneys, as was long improperly supposed. It is rather the absence of power in the nerve centres which regulate these organs. Thence has arisen an entirely new treatment consisting of restorative foods for nervous system.

The *Motive forces* controlling and moving all the organs of the body into healthy action are stored in the delicate tissues or cells of the ganglia, or nerve centres. These are composed of the finer, the infinitely attenuated matter, akin to the spirit of foods we partake of generally better understood, when We say *nerve food*, such as the extraordinary Nervine qualities contained in *Celery*, the quintessence of which enters into the composition of these Pills.

The discoveries of the chemist as well as the experience of the physician, have established the fact that healthy life is impossible when certain elements are absent from the blood. Certain forms of Iron have specific actions on the red corpuscles, and a continued course of their use increases *richness* and *purity* of the blood. Iron is therefore prescribed in the recovery from acute diseases, fever, malaria, and all forms of debility. Tone, vigor, or elasticity either of mind or body, depends upon the Oxygenization of the blood, and varies with it because Oxygen is essential to every mental or bodily function.

Oxygen is the fuel, and must be ever present in abundance to run the machinery of the body at a uniform speed. When great strain has occured, and the store is drawn up too rapidly, the importance of rebuilding and restoring is evident.

The achievement of absolute harmony of *essential elements* has been reached in DR. HARTE'S CELERY IRON PILLS. We have effected a happy combination of NERVINE NUTRATIVES and TONICS forming a *perfect nerve food* as easily assimilable by the delicate child, the debilitated invalid, as by the athlete in training for a race requiring super-human effort.

To sum up the arguments in favor of the adoption of this simple economic, and common sense treatment for the effects of care, over-work and the mistakes of life, we make the following claims for CELERY IRON PILLS:—

1. They are a nerve restoring, blood enriching, tissue building, vital food, in its simplest and most convenient form.

2. They may justly rank as a new discovery, combining the most essential elements of nervous force.

3. They impart new strength, life, and hope when all else have failed.

4. They make rich healthy and pure blood, and move all the torpid organs to renewed duties.

5. Their effects are so prompt, that a single trial is the most convincing argument in their favor.

6. They are akin to forgiveness to all those who have sinned against the laws of health by over-work or excess.

7. They will not tempt those made weak by alcohol or opium, for they do not contain either in any form.

8. They are the "friend in time of need" when nature is tired, and all the organs are sluggish.

9. They purify the blood, clarify the skin, and smooth away the wrinkles of care and suffering.

10. They combine in a *vest pocket form* all that is valuable in the world-renowned mineral waters of the Spa, Baden-Baden, Vichy, and Carlsbad.

Finally:—They invite the competition of imitations, counterfeits, and preparations claiming to be *"just as good,"*—the surest admission of their claims upon confidence. Our friends will confer a favour by notifying us of any attempt to substitute any other preparation when this is asked for.

CELERY IRON PILLS are designed to meet the *five causes* which result in different persons, under varied circumstances in such symptoms as apathy, despondency, anxiety, loss of will power, loss of memory, dimness of vision, hysteria, and all forms of diminished nerve power as affecting the minds:—Nausea, vomiting, weak stomach, loathing of food, biliousness, headache, neuralgia, constipation, dyspepsia, heart-burn and all forms of torpid action of the organs of nutrition indicating lack of tone or vigor in the system:—Sleeplessness, restlessness, nightmare, starting sleep, enervation, tired feeling, and the whole train of condition varying in different persons. Kidney troubles, heart-failure, and all the minor symptoms presented at different stages of these diseases. Nervous debility, and general debility. The least informed person can see at a glance that all these diseases are symptoms of almost a single cause, *nervous prostration*, to which CELERY IRON PILLS are adapted from their very nature as a nerve food.

DR. HARTE'S CELERY IRON PILLS are put up in a neat metallic case, these perfectly protecting them from dampness or other causes of deterioration. These cases also perfectly adapt them to be carried on the person so that regularity of taking is insured no matter what the occupation.

Directions.—The pills have their best effect if taken immediately after meals, as they are then dissolved, and pass into the intestines, are absorbed and carried into circulation promptly. For children retiring soon after the evening meal, a single pill every night will soon correct all causes of anxiety in the cases of emaciation and malnutrition. We advise the persistent, steady use of these pills in doses of *one pill after each meal* for adults in preference to large doses irregularly, which is an irrational use of such a medicine. It requires only time and gentle aid to rebuild the nervous system.

Especially to any subject of a truly remarkable cure, we desire to say that, we shall be obliged if the same is promptly reported to us with the permission to publish for the sake of other sufferers.

BLACKSMITHING AT GORING.

Having been in the blacksmithing business here for over ten years, I wish to return thanks for patronage received during that time. I still continue to do repairing, horse-shoeing and all kinds of jobbing at moderate rates. Farmers' plows and harrows which are comparatively worthless, can be put in first-class order and so sharpened as to be much better than new. Axles, cranks and other parts of waggons can be repaired and ironed, and the work done in a manner that is guaranteed to give satisfaction. What is required, I can have done, and prompt attention given to this class of work. Satisfaction guaranteed.

P. SPARLING.

HARRIET E. HALL of [illegible] says: I owe my life to Dr. Greene's Nervura Blood and Nerve. I was for many months from the effects of a severe attack of Stomach, Indigestion, Dyspepsia and a general shattered condition of the whole system. Had been under the doctor's care for a long time, getting well. Had tried many remedies, but got no relief. The first bottle of Nervura Blood and Nerve Tonic improved me so much that I was able to walk about, and in a few weeks entirely. I believe it the best medicine in the world. I cannot recommend it too highly." Sold by W. Turner & Co., Markdale.

Clipped from Advocate, Feb. 2, 1893:

For 27 years the Advocate has published advertisements of various patent medicines, many of which were exceptionally good remedies for the diseases and ills for which they were recommended.

But we have never yet heard of any as we have of the Great South American Nervine Tonic, a huge testimonial which we publish on our second page.

A lady subscriber in Lonsdale some time ago asking to have the druggist here, to send it to her husband. In a short time again, ordering two more bottles, as it was doing her husband good. Since, meeting one of our printers who had been in bad health for years, we asked him how he was getting along, and he said he was getting better every day, as he had found a patent medicine making a new man of him. He had taken several bottles of it and was much pleased with it, for he says he would not take a hundred dollars for the good it has done him.

Inquiring what kind of medicine it was, he told me that it was the South American Nervine tonic.

Hearing so much about the great merits of this medicine, we interviewed Mr. Stewart, and found that he can scarcely keep a supply on hand, as it sells as fast as he can get it. Those who use it speak in the highest terms of it. He says he has sent it to Adventist believers in Florada, Kentucky, North Dakota and other places.

This is no paid notice, we publish it simply as a tribute to a deserving remedy, and if it is doing good we are glad it is in reach of the sick and suffering people. Sold by W. Turner & Co., Markdale.

HAVE YOU BACKACHE

WORK?

"Backache means the kidneys are in trouble. Doan's Kidney Pills promptly relieve 75 per cent. of disease in fact cause 75 per cent. of disorders are kidneys. Might as well try to have a healthy city without drains, as good health when the kidneys are clogged, they are. Sold by all druggists. Dr. D. A. Sawyer, Oakville, back-ache kidney pills.

TIMELY WISDOM.

Great and timely wisdom in keeping Dr. Fowler's Extract of Wild Strawberry on hand. It is a sure cure for cholera morbus, cholera infantum, colic, cramps and all summer complaints of looseness of the bowels.
