Kimberley.

Beautiful weather. The fields have all turned their green coats, and all nature is resplendent in beauty.

Fruit promises to be a good crop through the valley this year.

Mr. Perry of the firm of Carson & Perry, Meaford, has a gang of men peeling timber in the mill-yard here.

Mr. Fanson of the Thorburn Herald, and his father were doing this town yesterday in the interest of that paper and met with good success.

J. W. Whithy our shoemaker went over to Markdale on Wednesday to meet his wife and family, who came down on Thursday morning, and are staying at her mother's for a few days.

Say, Mr. Editor, if you want to see a beautiful country take a drive through this valley.

Berkeley.

The warm weather and occasional showers have a salutary effect on the surrounding country.

There appears to be a difference of opinion existing as to who should build our new sidewalk, also as to whose duty it is to keep obstructions off the sidewalk. We consider the walk should be built by the custodian of the funds, and that every property holder should keep the sidewalk clean opposite his premises.

Those who have a abundance of pasture would do well to use it instead of monopolizing the Queen's high way for grazing purposes.

If the young men who congregate at the hotel corner during church on Sunday would attend services it would be to their credit as well as that of the village.

Mr. Milne, Presbyterian student, is an earnest worker and able preacher. His services are well attended.

Goring.

Gorgeous weather and good prospects for an abundant harvest.

Our worthy storkeeper from Rocklyn J. E. H., passed through here on his way to the Chicago circus. Wonder if his wife he after.

Wm. Wilson lost one of his first prize and diamond cows recently. A heavy loss for a poor man.

Mr. Woods is the happiest man in town. His wife presented him, on Sunday last, with another sweet singer.

Iren. W. W. Spofford of Elora, preached in Ebenezer church last Sunday to a large audience.

Turnip sowing and potato-planting is now about completed in this vicinity.

Mr. and Mrs. McIlroy Sparling and Miss Tart, of Meaford, visited friends in this vicinity last week.

Prof. Billy Baker of Kimberley, paid us a flying visit last Friday.

Joseph McCullough, the pump master, is kept a hustling.

John McNamara has sold his farm for a nice round sum. We understand John is going to retire.

Holland Centre.

Very warm weather is the general cry.

Mr. and Mrs. Workman, of Arthur, who have been the guests of Misses Troughton and Minnie for the last week, returned to their home on Monday.

Miss Hennie Fox, who has been in Toronto for some time, returned home last week.

A number of our villagers took in the picnic above Arnott on Saturday and spent an excellent time. A football match between Williminstord and Arnott was hotly contested.

Mr. and Mrs. Pickell, of Markdale, were the guests of Miss J. Norton this week.

Dr. Curry, of Sherborne St. church Toronto, very ably occupied the pulpit in the Methodist church here on Sunday last. Dr. C. intends remaining in the village for a week and will be pleased to meet with all who desire medical aid.

There has been some persons around here trying to organize a Foreigner's Lodge but so far have not succeeded very well.

Walter's Falls.

The weather is very warm just now and people are complaining of being almost melted.

Nevertheless the warmth together with the refreshing rains we have is causing a rapid growth and crops are looking well.

Mrs. Jones who has been visiting friends in the village returned to her home in Thornbury on Tuesday last.

The ladies of Knox church, Holland, will give a strawberry and ice cream festival on the evening of Thursday June 29th. The admission is twenty cents. So come along and bring your friends and have a good time.

A foot-ball match was played here on Monday evening between the juniors of Bognor and Walter's Falls. The game proved a very interesting one and resulted in a tie, each side scoring a goal.

The juniors go to play Harkaway on Tuesday evening.

Mr. Clarke is confined to the house with erysipelas.

Mr. and Mrs. Bush of Markdale visited friends in our village recently.

Business is improving somewhat in our little burgh. We hope to see a big rush before long.

The crops are looking well in this vicinity. The hay promises to be good.

We are sorry to lose from our midst the Rev. Mr. Husband and family, who will in a few days leave for Holland Centre.

Mr. H. has worked hard during the three years he has been here, and we believe his labours have not been in vain.

We wish him continued success in his new field of labor.

Mr. Willie McDonald, of the Durham Road Artesians, left a few days ago for Montreal, where he intends to remain for some time.

If the young men who congregate at the hotel corner during church on Sunday would attend services it would be to their credit as well as that of the village.
