A lady living at Moosejaw wrote the following to her sister-in-law at Violet Hill: "Our house is banked 18 feet thick with snow and ice. We have 16 stoves going and 120 tons of hard coal in the shed. There is water enough in the cellar to do us till spring. We have overcoats on all the cattle and I am busy knitting socks and mits for the geese and ducks. It is only 69 degrees below zero now but when the cold sets in we anticipate a need of more clothing."—Shelburne Free Press.

Mr. Thos. Jackson, of the 2nd con. of Holland, near Dornoch, met with a severe painful accident last Saturday. Mr. Jackson was at work in his bush sawing down a large hemlock tree in the usual way and in the operation he used an iron wedge to relieve the saw and assist in throwing the tree. He had sawed nearly through the tree, which was standing very straight and still, and in order to complete the cut and give it a start he severed the remaining fibres, when the tree slipped like a flash from the stump and came down standing with the butt on his foot which it would assuredly have taken off had not the ground been soft. As it is the doctors in attendance fear that amputation is necessary, which fears we sincerely hope will not be realized, but that Mr. Jackson, who is an industrious, honest man, will be spared his foot and will speedily recover.—Chatsworth News

The issue of The Delineator for March is the great Spring Announcement Number, and in its artistic display of New Styles and general attractiveness it is superior to any former number of this popular magazine. In addition to the usual entertainment reading there are several new features noticed this month, one being an original and decidedly fascinating Scarf Drill that will be immensely popular. Another is the resumption of the article on the Uses of Crêpe and Tissue Papers, with illustrations; and a third is the first of the promised series of papers on Hygienic Living. The Housekeeper is specially considerate in Some Dainty Cookery, Hints to Housewives, and the article on Household Renovation which treats of the Repairing and Polishing of the Woodwork of Furniture; while the mother of marriageable daughters will find food for serious thought in the concluding chapter of Child Life. The second instalment of Gesture in Elocution continues the subject in a masterly way. Novel and interesting forms for entertainments that are agreeable and inexpensive are discussed in A Sociable Club. Around the Tea-Table is as bright and chatty as usual, and Things That Ought Not to be Said is practically and suggestively valuable. There is also Flower Culture for the month, and new and interesting designs in Knitting, Tatting, Netting, Crocheting, etc., etc. The March number is one of the best of the year with which to begin a subscription which costs One Dollar; Single Copies, 15 cents. Address orders to The Delineator Publishing Co., of Toronto (Ltd.), 33 Richmond Street West, Toronto, Ont.

## Resolution of Condolence.

Whereas it has pleased Almighty God in his infinite wisdom to call from our midst our late brother, Wm. Brady, and whereas by his death our association has lost a member whose devotion to its interests were unsurpassed, and whose sterling qualities commended at all times the esteem of everyone connected with our institution and whose memory we will always hold in the most profound regard.

Resolved that this L. O. L., No. 1045 extends to the widow and family of our late brother its heart felt condolence and sympathy with them in the loss they have sustained by the death of an affectionate husband and father.

Signed in behalf of the Lodge,
Jos. Richardson, W. M.
F. Sandiant, Recorder.

## Sudden Death.

On Monday night last, while walking up the 11th of Euphrasia, John S. Blakely, son of Mr. W. J. Blakely, Sr., aged 20 years, slipped and fell on the ice on what is known as "sand hill" near Mr. Joseph Hawken's. He immediately arose and went on, and in answer to an inquiry from his comrad, Neil McDonald, said he was not much hurt. After proceeding some 30 rods he complained of a weakness, and sat down for a minute or two to rest and again travelled on for 15 or 20 rods when he again sat down and immediately died. John was a quiet inoffensive young man, and his sudden demise is a severe blow to his aged parents, he being the only child at home. The funeral took place on Wednesday to "Lyons" church where the services were held and the remains interred. It is indeed a sore affliction to the parents, who have the deep sympathy of their neighbors generally.

## Osprey Agricultural Society.

In answer to the call of the Secretary Mr. David Grant, a goodly number of the best yeomanry of Osprey braved the inclemency of the weather to attend a meeting of the Osprey Township Agricultural Society at Singhampton on Friday last.

Several of the old officers were re-elected for the ensuing year and several new men.

The following officers and directors were elected for 1894: Dr. Ottewell, pres.; J. Hicklin, vice-pres.; Josiah Gamey, treas.; David Grant, sec.; Messrs. Robt. Fenwick, Jas. Buckingham, Jno. Taylor, Geo. Miller, R. Y. Burk, Jno. Douglass and R. T. McGirr, directors; and Messrs. John Kernahan and R. T. McGirr, auditors.

Neat little speeches were made by several of the old veterans, the meeting passed off quietly, and should Providence bless the Township with a plentiful harvest, we confidently expect to hear of an exceptionally good fair this fall.—Reflector.

Of Interest to Women.

A LADY CURED AFTER SEVENTEEN YEARS' AFFLICTION WITH DISORDERS PECULIAR TO HER SEX BY DODD'S KIDNEY PILLS. OTHER UNFORTUNATES CAN BE CURED AS WELL AS SHE.

Toronto, Jan. 22—The publication of the letter of Mrs. Beany, of Ashland, Wis., concerning her cure by Dodd's kidney pills after 17 years of sickness, has created wide-spread interest among the women of Canada. It is truly marvellous that a women afflicted as long as she was, who had tried all the remedies within her reach and all that doctors could do for her, should be cured by so easy and accessible a remedy as these pills. What they did for her they will do for all other women suffering from diseases peculiar to their sex. Dodd's kidney pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price; fifty cents a box, or six boxes for $2.50.

An Unprecedented Achievement.

Messrs. R. Hoe & Co. the great printing press builders are very proud of the magnificent press which they have built for the Witness, whose capacities are, putting all things together, the greatest that have ever been combined in one machine. We have most recently received from them the following note of triumph, which on consideration we think our readers should be allowed to see:

New York, Jan. 13, 1894.

Gentlemen:—We received the other day, through one of our foremen, a copy of the 32-page paper printed on your press, and certainly congratulate you upon this achievement—something that has never before been done on a regular issue on any of our presses, we believe, in the country, and of course on no other machine ever made.

We have also seen your issue of December 28 and note the kind words spoken of our machinery. In fact, we keep posted on your paper as it appears from time to time, and certainly think your achievements in stereotyping, publishing cuts, and in every way, something to be proud of.

With best regards, we remain,
Yours very truly,
R. HOE & CO.

Messrs. John Dougall & Sons, the "Witness" Montreal, Que.

## Markdale D. C. Report.

Jan. 19th was the heaviest day's law Markdale has yet had. The cases were numerous and some of them were hard to level. There were two jury cases which gave no better satisfaction than those decided by the judge although no doubt many are dissatisfied with his decisions especially the losing ones. Spite is not to spare to take each case particularly.

In one case where a lien note was given in lieu of old notes that were to be given up but were not, but one of them sued for, it was held they were void.

To determine the ownership of a red heifer cost the court a great effort. Several persons on one side swore most emphatically that it was theirs and described it minutely by sundry marks and tokens sufficient to convince the most incredulous that she was theirs but the other fellows knew her by her resemblance to her maternal ancestor in the way she held her head and carried her tail while prancing round the barn-yard and argued she belonged to them. It is to be hoped the poor beast has found her proper home.

The recent rain storms found their way through the windows of a new house of an independent yeoman who wished the court to say whether the damages were to be charged to the contractor or the elements, and it looked that these with the bad timber provided by the owner for the building were all somewhat to blame there was a splitting of differences giving each the privilege of putting up his own costs, as in any case the poor clerk and bailiff must be paid.

Another said he never bought a certain plow at an auction sale but las. the auctioneer was sure he either by wink nod or word of mouth bid eleven dollars he will have a plough to lend this spring and also contributed something to the income of the court.

One man sued for the price of some logs which were said by defendant not to be gobd ones but plaintiff contended they were as good as some sent to another mill which he thought was proof enough that they were first class, but it did not satisfy the court and judgement was given against plaintiff.

One or two judgement summons were adjusted but as the docket was lot yet finished at eight p. m. the court adjourned to meet again on Friday evening next at six o'clock.
