India to export when at the present low price."

The cheese exports still show a manufacturing from the control increase over those of last year. After recess the House went into compiled by Canningham, Lemessurier & increase over those of last year. After recess the House went into compiled by Canningham, Lemessurier & increase over those of last year. This item was finally adopted: Builders with 33,691 in the same week in 1893. The total shipment to date this year foot the item ? Bituminous coal, 60 cents per to 99,367 boxes, against 51,228 boxes, against 51,228 boxes, against 51,228 boxes, and the thought: "This strength of the same period of last year. The department of the item ? Bituminous coal, 60 cents per to 199,367 boxes, against 51,228 boxes, and there is a stight decline in prices, which vary at from be to 94c. Despatches which vary at from be to 94c. Despatches which vary at from be to 94c. Despatches the first into of "Eggs, 5 cents per dozen."

In the more a young lady on the street ear who was not occupying two sounds of the pace and stipending for a wife.

How were adopted and the bill was recovered the shift to adapted in the provides for an extension to discuss was adopted. The finding of the Gains and the yault. Ste. Mario Canal in such a clause. On division, a clause was adopted that he daily so the clause spassed by 55 votes to 32.

Mr. Charlton the clauses passed by pressing those limiting failway trails and problem in the committee of the possibility of the clause spassed by pressing those limiting failway trails and problem. He made up his mind he coght to marry and the committee of the possibility of the clause spassed by pressing those limiting failway trails and problem. He made up his mind he ought to marry and the committee of the passed in the problem in the problem in the problem is started out on a still hunt for a great feal of criticism, although the would not should not find problem. He made up his mind he ought to marry and the committee of the possibility of the same into c eady tendency to depress values, and at present comparatively light. Little or united States.

On motion of Hon. Mr. Foster, the duties on vice, when imported ly makers of rice starch for use in their factories only, portation of Canadian butter advantages.

On motion of Hon. Mr. Foster, the duties on vice, when imported ly makers of rice starch for use in their factories only, are fixed at \$\frac{1}{2}\$ of a cent per pound.

ors.
The item was adopted.
The item of "Eggs, 5 cents per dozon," was changed, with the amendment that prices. Therefore all present they are to be free when and so long as the present comparatively light. Little or United States.

markets would searchly admit of the expectation of Canadian butter advantage onesity.

A vessel arrived in New York on the stable of the case of the c

ary magistrates. Tho. bill was read a lirst time.

How Mr. Daly introduced his bill entitled the Dominion Irrigation Act.

Mr., Davies' motion on the Ellis case was under consideration. Mr. Davies was under consideration. Mr. Davies was under consideration. Mr. Davies and asking the House was under consideration and asking the House was under consideration for all the circumstances leading up to Mr. Ellis' imprisonment, and asking the House to affirm that the Supreme Court of New Brunswick was deserving of consure for the severity of the punishment it inflicts all the facts, he was able to brush away Mr. Davies and make a masterly defence of the action of the New Brunswick court. Mr. Fraser followed; and 'then Mr. Baird, speaking and impartial statement of his own independent action, in regard to the prosecution for contempt. The speech of the day's sitting, however, was made by Dr. Weldph, of Albert. He very trenchantly corrected the 'fisapprehensions of the stages, and method against a top of the stage of the stage, and he thought: 'Thate, and the facts, he was able to brush away Mr. Davies fallacious arguments, and made a masterly defence of the action of the stage, and he thought: 'The stood behind a young lady in a dry be goods store who did not paw over every defined a masterly defence of the action of the stage of the stage, and he thought: 'The stood behind a young lady in a dry be goods store who did not paw over every defined and impartial statement of his own independent action, in regard to the prosecution for contempt. The speech of the day's sitting, however, was made by Dr. Weldph, of Albert. He very trenchantly corrected the 'fisapprehensions of the stage and he thought: 'She has a thing in sight and keep one clark bully be a treasure.'

Howas accidentally pushed against a young lady in a crowded corridor, who pink the stage of the stage, and he thought: 'She has a power of the stage, and he thought: 'She has a power of the stage, and he thought: 'She has a power of the stage, and he thought: 'S

He noticed a young lady at a street corner in the business part of the city waiting for a car, and he could hardly believe his.oyes. He bearded the same car and followed her to her home.

Three days later, after he had secured an introduction, he said: "A few days ago I saw you at a crowd-

he courtesses mine?"

mine?"

The answer is of no particular consequence in this tale. She could have him if she wished, and that is the main point it is intended to bring out.

nay expect very little of his love and less

The crop reports from all over Ontario are very encouraging. While in some fow places the rain and frost have done some damage, on the whole the prospect of promises well, and a large drop of apples, peaches, plums, etc., may be expected. The edra and postatoes have in some fow warm, dry weather will materially improve them. All can rejoice at the prospect of a bountiful harvest.
