MARKDALE, JULY 12, 1894

Lily Oak.

Haying has started in their neighborhood and mowers may be heard in all directions.

Mr. W. J. Henderson is home for his school vacation.

Quite a number of our citizens spent the first at Meaford and the block picnic.

Mr. Jas. Henderson visited friends near Chesley one day last week.

Mr. Wm. Bradley has his new barn completed.

Between road jobs and statute labor quite an improvement has been made on the surrounding roads.

Mr. Wm. Robson has recently invested in a new Toronto mower.

Irish Lake.

A number of the I. L. boys are making a small fortune by peeling and hauling out bark for tanning purposes.

Mr. Jno. Quinlin, contractor for the road job on Smith's hill, is making such rapid progress that we expect to soon see it completed. He has adopted the eight hour a day system instead of ten.

Miss M. Lowe is spending her vacation at her parental home, Owen Sound.

Rafting and berry picking are the rage on the line at present and yet rafting is dangerous as one or two have already been dipped.

The line will seem deserted during the harvest months as a number of the boys purpose spending that time in the vicinity of Toronto.

Meaford Road.

Picnic.—The annual picnic in connection with the Sabbath School here was held on the 4th inst; and was in all respects a most decided success. Crowds came from all outlying points until the ground was literally packed with old and young. After partaking of an excellent tea provided for the occassion by the good ladies of the neighborhood a move was made to a field near the picnic grounds to witness a contest between the Kimberley and Vandeleur base ball teams, which resulted in a victory for the Kimberly boys.

About sunset the large crowd began to disperse, all expressing themselves as being well pleased with their days outing.

Several commenced haying here last week.

Mr. Buchanan is busy at work on the new school house and will push it forward as fast as possible.

Walter's Falls.

Scythes are being ground and all preparations made for a brisk campaign at the hay.

The attendance at the picnic on Thursday was not large but a very pleasant time was spent nevertheless.

Mr. Gilchrist, formerly teacher on 10th line, was at the picnic.

A large audience turned out to the Orange sermon on Sunday, but the brethren in regalia were scarcely as numerous as on some former occasions.

Miss Mamie Delvoie and Miss Minnie Perry, of Toronto, are on a visit here at present.

Our teacher, Mr. W. Henderson, is spending the holidays at his home at Lily Oak. It is scarcely to be expected that he will not pay an occasional visit to this neighborhood ere school re-opens.

A meeting for the formation of a P. P. A. was held on Monday evening. We have not learned the result but no doubt there was a full attendance of all the noble and *loyal Protestants* for such a worthy object.

Some of us want to know who the girl was who lost the candies picnic night.

It is said the machine of which mention was made a few weeks ago is a poor affair, for the Mat has become unhooked.

Some of the young people attended the Baptist church, Sydenham, on Sunday evening.

8th Line, Osprey.

The excitement of election time is over. The farmers have the grand old man elected and will now settle down to the general routine of business and await results.

Rev. Mr. Jones preached to the Orangemen on Sunday, at St. Mary's church, Maxwell.

Rev. Mr. Hudson has been granted a vacation and with his wife is visiting relatives in Paris, Hamilton and elsewhere.

Feversham has not got telegraph communication yet.

Mr. R. Meldrum has moved to his new house and stables, and will at least be convenient to the Presbyterian church.

J. Paul has moved into the house vacated by Mr. McInnes.

School holidays now and the dear teachers have left us for a season. Some will be glad and others sad.

The Misses Hale are expected home this week from Owen Sound.

Miss Robertson is home from Collingwood Institute.

Geo. Madden is expecting friends from Chicago.

J. J. Kating assisted by W. G. Moffat are framing J. Burns' barn, tenth line, and expect to raise on Wednesday.

P. K. Burns has gone to Michigan.

S. J. Osborne is gone to Collingwood for a change of air. Sam. thinks it's to hot here among the farmers in July.

Rover.

Lauriston.

Miss M. Large, of Durham, is spending a few days with her many friends in this locality.

Miss Maggie Walker is at present holidaying in Clarksburg. "It's all Wright Maggie, take a good time."

Mr. James Bell is busy fencing and fixing things up nicely on his farm.

We are pleased to learn that Mr. Wesley Foster, who has had a very sore foot, is able to be out again.

Mr. George Walker fell heir to $1000. Congratulations.

Miss Mary Symes is spending her vacation at home.

But the event of the season was our School Dance. In spite of the trustees and caretaker a large crowd assembled. The 10th line beauties were out in full force, charming everybody with their enchanting conversation and coquettish manners.

Berkeley.

COON QUARTERS.

Owing to the fine weather and the refreshing showers of rain we have been having, the crops in this vicinity are growing rapidly and the farmers are already rejoicing in the prospects of a bountiful harvest.

Tan bark in large quantities is at present being shipped from here to Berkeley station.

Most of our farmers are busy weeding turnips and going to barn raisings.

Mr. Wm. Sowerby had his barn raised on the 2nd inst. Large crowds of men both young and old assembled. The captains chosen were Thos. Moran and Robt. Colville. The evening was cool and the men worked with their characteristic energy, the result being a victory for Robt. Colville. The evening was spent in the game of foot-ball and as the shades of night began to lower the boys were seen to gather into the house where they and the damsels spent a few pleasant hours tripping the light fantastic etc.

John McKennits barn raising took place on the 5th inst and was a repetition of the former mentioned, the captains being Mat Aitken and Robt. Colville of which the former mentioned was the victor. The way in which the building went together reflects credit on their framer Mr. Thos. Abbott.

Mr. A. Baines left last Monday for the county capital where he is to act as a presiding examiner at the examinations held there.

Jno. Martin of Toronto is as present in our vicinity renewing his former acquaintances with old friends.

Our teacher R. M. Watt spends the vacation at his home in Dornoch.

Mr. Editor, so as not to intrude upon your precious columns with too many scribes from the one locality, we have decided to resign our duty as scribe to our friend "Puzzler" whom we trust shall ably fulfil the task of cor. of this locality.

Scotty.

Mr. George Stewart has purchased a new engine and boiler and is having it put in at the cheese factory this week.

The Flesherton and Proton Station foot ball teams play a match at Proton on Friday evening last which resulted in a tie, no goal having been secured by either team. The return match was played here on Monday evening, again resulting in a tie.

The grand band tournament of the Markdale, Dundalk and Flesherton brass bands, held here on Monday evening, proved to be the musical event of the season, and was a gratifying success. The evening was delightfully fine. The bands marched to the agricultural grounds where a large gathering had assembled and a game of foot ball was in progress. A varied and very entertaining program lasting over two hours was rendered by the respective bands, which were in turns heartily applauded by the large audience. The three bands then formed one and the grand march down town was brilliant and inspiring, after which all repaired to the town hall and were entertained at luncheon, tastefully prepared by the good ladies of the town. After refreshments the after noon shone brightly, with not a cloud between, and the visiting bands made the welkin ring with melodies until away past the midnight hour. Soon may we hear the sweet strains again.

Will Edwards and Will Banks took a drive up into the gum orchards of Proton, on Saturday. What drew 'em? Don't know; must have been strong magnetism.

A resolution was passed at last meeting of Zion Hill P. of I. thanking the non-patrons of both political parties for their generous and independent support.

Deputy Staples makes a grand road commissioner. His jobs are always so let and inspected as to insure good work every time. Last week he let a contract for hillcutting on Blair's sideroad which was badly needed.

Miss Cesar of Markdale is the guest of Miss Lou Reynolds at the Falls.

Miss Tena McIntosh is spending some merry days with her cousin, Sue Greenwood.

Mr. and Mrs. Wm. Hall are up from Scarboro, visiting their son and calling on their many old friends. They are a jolly couple.

Miss Nelly McQue of Dundalk, and Miss Breen of Lindsay are the expected guest of Mrs. Delaney this week.

Mrs. Peart accompanied her son back to Brantford last week. John only allowed himself two holidays. He is getting to be a clever moulder.

What shall we say about Zion's picnic on Saturday? We only say the truth when we tell 'twas the biggest and merriest crowd that Zion ever had; the girls were prettier and there were more of them; the lads were gayer and said sweeter things than they expected; the programme was short but spicy; the eatables abundant in quantity and *short* in quality; the tea and candies delicious as Supt. T. Edwards had the brewing of the one and the scattering of the other and was in his most joyial mood; the collection amounted to $12, but more would not displease the financial secretary.

After Thirty Years.

ALLAN STEWART, OF SPRINGTON, SUFFERS ALL THIS TIME—AT LAST CONFINED TO BED—STORY OF HIS HAPPY RELEASE FROM PAIN.

CHARLOTTETOWN, P. E. I., July 9—Allan Stewart of Springton, near here, says that Dodd's Kidney Pills saved his life, and he wants the fact to be known. For thirty years he has had kidney disease and gravel. Hundreds of dollars spent on doctors and medicine failed to do any good. On July 14 last, Mr. Stewart had to take to his bed, and everybody considered his case a hopeless one. He heard of Dodd's Kidney Pills and began using them. He says he noticed an improvement from the first, and ten boxes cured him. He is now free from all pain and enjoys excellent health.

Wind and Water.

They say that there's nothing succeeds like success. But in order to be successful in business it is necessary to give satisfaction to your customers. J. Artley, the Markdale pump maker, invariably gives satisfaction. That is the reason he is nearly worked to death trying to keep up with orders. He sold 9 pumps and 4 wind mills in two weeks, from June 25 to July 7, but he has a big field to work in.

The following are the names of the purchasers: Mr. Patrick Lyons, Hurkaway, one galvanized steel wind mill and galvanized steel tower; Mr. W. J. McCormack, Markdale, one galvanized steel wind mill, steel tower and pump; Mr. W. D. Clinton, Maxwell, one galvanized steel wind mill; Mr. Walter Loche, Heath Head, one galvanized steel wind mill and force pump; Mr. Cullis, Vandeleur, one pump, 51 feet; Mr. Frank Burton, Markdale, one pump; Mr. Alex. White, Priceville, one pump, 50 feet; Mr. Mark Murphy, Maxwell, one pump; Mrs. Wm. Bradley, Markdale, one pump 30 feet; Mr. Geo. Radley, Eugenia, one pump, 31 feet; Mr. Robert Cooper, Erskine P.O., one pump, 28 feet.

Not bad for 12 days when you consider that he has 13 pump makers and 7 wind mill agents to compete with.

Western Fair, London.

As usual at this time each year the Western Fair Office staff are busily engaged in mailing Prize Lists and other advertising matter throughout the Province, in connection with their great Live Stock and Agricultural Exhibition which they hold in London, September 13th to 22nd, this year.

The Secretary writes that he will be pleased to mail Prize Lists to any who may have been overlooked, on receiving their address. Thousands have been sent out, but still there are more to follow. On examining them you will find the Directorate have had their eyes open to the continual advancement of this Great Fair, and have made several additions, alterations and amendments to the last year's List, some of them very important to breeders and agriculturalists, and others of a lesser magnitude. All on the Live Stock Departments have received some new sections, and an increase of Prizes, which will no doubt be received kindly by intending exhibitors.

The Poultry Exhibit has been changed from "Pairs" to "Single Birds," which is also keeping up with the times.

The Agricultural, Horticultural and Dairy Departments have been carefully arranged, and several very important changes have been made, which will tend to better the excellent displays of past years.

The Manufacturers and Mercha's Display in the other department have always been abreast with the times in newness of style and latest inventions, and there is every indication of improvement, as they find it a financial benefit to make a good exhibit at the business centre of the West, and particularly at a time when thousands from all parts of the Province and adjoining States are present to inspect their productions.

The people of Ontario have always shown the highest appreciation for the Western Fair, and we feel that in wishing them a prosperous future we but express the sentiments of every one in this section of the Province.
