Trade Situation in United States. On the trade situation in the United States the Daily Review says: The heavy outflow of gold, the fall of the Treasury Reserve, the price of wheat at the lowest point on record, and the increasing uncertainty about the tariff, have seriously overshadowed other influences.

It would certainly appear that when a man may run a business for years and then be obliged to leave it, it is not a very pleasant prospect.

It is a pity that the man who has been successful in business should be obliged to leave it, and that the man who has been unsuccessful should be able to continue.

NEWSPAPERS CANADIAN ITEMS
