hair cut. There are some people, who regard these prices as exortitant. A case in point happened in a barber shop the cher afternoon. A man with the top of his head entirely bald, but with a fringe of long hair beginning at a point where the hat rests upon the heal, jumped in a chair and wanted a hair cut. The obliging barber faithfully did this, carfully trimming off the looks on the side, and the control of the control o

"Isn't that a rather high price for a man to pay with as few hairs as I have?" different the customer exposulatingly.

"No, sir," quickly replied the witty barber. "it's worth double the price for the time spent in hunting for the stray in the time spent in hunting for the stray in the time spent in hunting for the stray in the time spent in hunting for the stray in the stray is the stray without saying a word, while the barber chuckled to himself.

On steamboat wharf and at rail-car twindow we may smile when we say farowell; but these good-byes at the deathbed, they just take hold of the heart with bod, they just take hold of the heart with iron pincers, and tear it out by the roots until all the fibres quiver and ourl in the toriure and drop thick blood. These separations are wine-presses into which our hearts, like red clusters, are thrown, and then trouble turns the windlass round and round until we are uttorly trushed, and have no more capacity to suffer, and we stop crying because we have wept all our tears.

On every street at every decrease. OII., when the discoloration and swelling was removed, and in nine days he could use his foot. We always keep abottlein the house ready for any emergency."
