MARKDALE, FEBRUARY 14, 1895

Harkaway.

Messrs. Treadgold and Middleton canvassed this lino last week for cheese material.

On Saturday night death entered the house of Mr. W. Wilson and claimed for its victim their infant daughter two months old. The parents have the sympathy of this entire neighborhood.

Mr. Madill is experiencing grass-widower-hood just now.

Nearly everybody got frost-bitten last week.

Eugenia.

FEBRUARY 12, 1895.

We seem to have got into another clime, yesterday and this morning are very pleasant, the thermometer being about 10° —not below either. Last week was "a terror." We do not remember having so severe a storm to continue so long. Jack Frost has entered wherever there was a crevice, and roots in our cellars have suffered in consequence.

This night week we had a visit from Messrs. Abraham and Post in the Temperance Cause. The night being cold and stormy the church was not half full. Both gentlemen left a favorable impression.

On Friday we had the grand Orange Concert. Cold weather kept some away so that the hall was not quite full. Mr. James Brodie was in the chair but did not favor us with a speech. The humorist from Toronto, Mr. Baker, kept the audience in good humor all night. The songs he sang were well selected and I have no doubt pleased all. The Proton Orchestra did well in all their pieces. They play in harmony and seem thoroughly at home in all their selections. The "Darkies" was a failure. Miss Christie accompanied and played several solos in first rate style. Proceeds about $40.

Logs are coming into the Hoop and Veneer Factory very fast and the mill will soon start.

Traverston.

Mr. and Mrs. Jim Nelson lost their baby boy on Sunday. Twas but a week old.

Mr. James McNally had a bee on Thursday last hauling wood to town. The roads were n't lovely, but the Lennox boys thought they'd show the other fellows how to haul so whacked on about four cords each. Result—came in last in the race, left piles along the way, upset four times, cut and fagged their steers and felt mad enought to use strong verbs.

While Mr. Graham Tumbins was felling a tree on the banks of the Rocky Saugeen last week, his thoughts wandered off to his lady love, as these old bachelors' thoughts are prone to do, causing him to forget his uncanny position. The snow broke from under his feet and he took an unprepared dive, stern foremost. Lovely, wasn't it? The mercury away down in the twenties and that ar Saugeen a trifle lower. He isn't likely to think of matrimony in spring.

Young Tom McNally is sick again. The doctor says an operation will have to be performed before perfect recovery is possible.

Councillor Lamb was the happiest man that sat at the council-board on Monday. Just before he left home a baby boy joined the household. 'Tis needless to add that he broke more roads the previous night than is possible to imagine. More success.

The old chaps lying half awake in their beds, can easily tell now when the fellow that's sittin' up with his daughter is a-goin' to kiss her. The skin on the nose of every one of 'em rattles like old bladders. Never saw so many nor so bulbous frozen snouts before.

The township fathers earned their two dollars on Monday. There was business enough for a week's work. Delegations and petitions galore, besides the scores of pathmasters to appoint, the ordinary business and the Auditor's Report to go over. 'Tisn't all fun in being a township official.

HUSTLER.

Coughs, colds, sore throat, asthma, bronchitis and all lung troubles are quickly cured by Ryzard's Pectoral Balsam.

Died of Apoplexy.

Thos. Yates, aged 64 years, died on Tuesday afternoon at 4 o'clock, at the boarding house of Mrs. Morgan, Baker st., death resulting from apoplexy. Deceased appeared in his usual health during the morning, but showed signs of ill ness at 10 o'clock, at which time medical assistance was called. It was then learned that the illness was an apoplectic fit, and to late to render any assistance. Mr. Yates was a native of Lancashire, Eng., and came to Canada in 1852, settling in Toronto, where he remained two years, afterwards purchasing a farm in Holland. For a number of years he was engaged in the foundry of Messrs. Corbet & Sons as a head moulder, remaining there until about a year ago, when he was attacked with an apoplectic fit, and was then advised to abstain from hard labor of any sort. Since then he boarded at Mrs. Morgan's. Four children survive him, two sons and two daughters, all married: Mrs. Saunderson resides in Buffalo, Mrs. Gibbons in Holland, one son in Holland and one in Sydenham. Mrs. Yates, wife of deceased, died twenty-one years ago. It is supposed that a considerable amount of money is left to the heirs, probably $10,000. The remains were taken to Holland Centre per C. P. R. this (Friday, 8th) afternoon, where service were held, after which burial took place in the cemetery at Mount Zion.—O. S. Advertiser.

A New Era.

IN THE HISTORY OF MEDICAL PRACTICE IS AUGURATED BY A RECENT CURE OF BRIGHT'S DISEASE.

MONTREAL, Feb. 11—Although some weeks have elapsed since the first despatch concerning Dr. A. G. McCormack of Richmond, was sent out from this city, the public interest in the man and his recovery from Bright's disease, has not abated. Doctors have investigated the report of this wonderful cure, and have satisfied themselves of its truth. As a prominent physician remarked to correspondent today, "Dr. McCormick's case marks a new era in medical practice and Dodd's Kidney Pills, which cured him cannot fail to secure wide recognition from the medical profession." Local druggists report a heavy sale of those pills throughout the city since this cure was first reported.

A Word For Newspapers.

During the recent snow blockade, when trains were paralyzed and mails didn't arrive for days together the benefits and value of newspapers were felt. There was a hungering and thirsting for the news. Everybody needs to read the newspapers. They may not be perfect—nothing is; but they are powerful agents in the progress of intelligence and education, they contain the best thoughts of the best thinkers, and quite as well gotten up, good friends, as you could get them up, no matter what you may think to the contrary.

They solace our weary hours, they amuse our idle moments, we look for them as we look for our breakfast, and whatever else we dispense with we will not dispense with our newspaper.

The path of the newspaper editor is a hard one to travel. He gives generous notices and says pleasant things about people and societies year after year and no one ever sees them. Then, perchance, he unintentionally treads on some one's toes and how quickly it spreads, and verily he is the meanest man on earth. But the newspaper man minds it not for he is used to such things.

Burdock Pills do not gripe of sicken. They cure constipation or sick headache.

To save life from the ravages of disease, is nobler than to win a kingdom. Burdock Blood Bitters cures all blood diseases, scrofula, blotches, pimples, skin diseases, etc., by its cleansing power over the entire system

Artemesia Council.

Township council met on Monday, all the members present, reeve in the chair. Minutes of last meeting read and confirmed. There was not much business before the council with the exception of appointing pathmasters. A petition was read from John McArthur and others asking that Dr. Hutton be appointed medical health officer, and an account was read from Mrs. Thompson for bread for Mrs. Hanley. This was all the communications before the board. It was moved by

Best—McMillan—That Mrs. Thompson's account of $3.90, bread for Mrs. Hanley, be paid—carried.

Kells—McMillan—That the reeve issue his order for payment of 90 cents to W. H. Thurston, the said sum being a balance due John Rutherford and paid by Mr. Thurston—carried.

Thompson—Best—That three new road divisions be formed to consist of the following lots, viz: No. 34, 38 to 40, inclusive, con. 8 and 9; No. 35, 38 to 40, inclusive, con. 10 and 11; No. 36, 38 to 40, inclusive, cons. 12 and 13—carried.

McMillan—Best—That the petition of J. McArthur and others to appoint medical health officer be entertained and that a bylaw be passed and the same be filled in with the name J. G. Hutton at the next meeting of council—carried.

Bylaw 513, to appoint pathmasters, fenceviewers and poundkeepers received its second reading. This bylaw contained the following appointments:

MARKDALE.

County Council.

(Continued from last week.)

As the clause in question we's only a suggestion to reduce the number of acres required for the keeping of a poor house, so as to make the expense of erection less, Mr. Sing did not see why the Legislature should not be memoralized.

Mr. Gorsline said that the members who opposed the erection of a poor house had their minds made up and would not yield to anything, and he perceived the spirit of the opposition. However, he would like to see Grey county do as other counties had done, and protect the poor.

Committee arose, and on motion, the clause carried in committee of the whole.

The yens and nays were called for by Mr. Davis, and resulted in the clause carrying by a vote of 52 to 15.

On motion the report was adopted.

FRIDAY EVENING.

Jno. Gilray was granted leave to introduce bylaw No 495, authorising county treasurer to pay certain sums of money to the Collegiate Institute of Owen Sound; and the High School of Meaford for maintenance, and on motion the bylaw was read a second time.

On motion by-law No. 493, appointing auditors for 1895, as passed in the committee of the whole, was read a third time, signed by the warden and clerk, sealed and entered in the by-law book.

On motion bylaw No 492, appointing a trustee for the Collegiate Institute of Owen Sound, as passed in committee of the whole, was read a third time, signed by the Warden and Clerk, sealed and entered in the bylaw book.

On motion bylaw No 491, appointing a High School Trustee for the town of Meaford, as passed in committee of the whole, was read a third time, signed by the Warden and Clerk sealed and entered in the by-law book.

On motion bylaw No 494, appointing the Judicial Board of Audit, as passed in committee of the whole was read a third time, signed by the Warden and Clerk, sealed, and entered in the bylaw book.

Council adjourned at 9.30 to meet on Saturday morning at 9 o'clock.

SATURDAY MORNING.

Council was called to order at 9 o'clock. Roll was called by the clerk, members all present.

Minutes of Friday afternoon and evening's session were read and confirmed.

Education Committee presented report No 2, being report of the School Inspectors for East and South Grey. The committee recommended the reports to be printed in the minutes.

Railway Committee reported as follows:—Clause 1, that the Dominion Parliament be memoralized at its next session, to have such legislative enactments passed as will regulate and establish and make uniform, all passenger and freight rates, so that all undue discrimination regarding such, will not be allowed. Clause 2, that a railway commission be appointed to hear and determine all complaints against all railway companies, for the maintenance of proper crossings and cattle guards, and any other questions which may arise between private individuals and railway companies. Clause 3, that a member of such commission be required to hold special sittings at various county towns, to hear all complaints regarding accidents, &c., and take evidence in regard thereto, such commission to finally determine in all cases when the sum does not exceed $800.

Special Committee reported that the report of the treasurer's sureties was satisfactory.

Printing committee reported that the tender of C. J. Pratt, for county printing, had been accepted.

On motion the reports of Education committee and Printing Committee were adopted.

On motion the report of special committee was adopted.

Moved by Mr. Palmer, that the petition from the Children's Aid Society be referred to a committee composed of Messrs. Kerr, Cochrane, Bell and the mover, to report at June session—carried.

Council went into committee of the whole on bylaw No 495, Mr. Murdoch occupying the chair. The bylaw authorized the Co. treasurer to pay certain sums of money for maintenance to the Collegiate Institute of Owen Sound and the High School of Meaford. The sum fixed for the latter was $335. The sum fixed for the Institute for 1895 was $1734, and for 1894 the sum of $660.

On motion the bylaw as filled up in the committee of the whole, was ordered to be signed by the Warden and Clerk, sealed and entered in the by-law book.

The sum of $5 was ordered to be paid the messenger boy of the council, for services during the session.

Mr. Kerr gave notice of a motion he would bring up at the next session asking for a committee of five to amend the municipal law to cause each municipality to close their financial year on Dec. 15th of each year, and that the financial audit take place before the municipal elections, the latter to be held on the 2nd Monday in January instead of the first.

Moved by Mr. Read, seconded by Mr. Clark, that the sum of $25 be placed at the disposal of jailor Miller, to furnish necessary assistance to destitute prisoners when discharged from jail, to enable them to reach their homes, and that the gaoler furnish the council at the end of the year the amount of expenditure—carried.

Moved by Mr. Roland, seconded by Mr. Geo. Thompson, that the council adjourn to meet on Tuesday, June 18, at 7:30 p. m.

There was a short squabble over the date, and some wished to change it to the following week in June, but the motion carried.

All the members then arose and joined heartily in singing "God Save Our Queen."

The session closed at 11.25.—Times.
